The 6th April 1915.

No. 4—Notification.—In supersession of those portions of Bengal Government notification No. 98, dated the 4th April 1893, and notification No. 10, dated the 22nd December 1906, which relate to the Hijili Tidal Canal and the portion of the Orissa Coast Canal lying in this Presidency, the following draft of (1) revised rules and (2) revised schedules of rates of tolls, which in exercise of the powers conferred by sections 6 and 11 of the Canals Act, 1864 (Bengal Act V of 1864), the Governor in Council intends to make and fix for the Hijili Tidal Canal and the portion of the Orissa Coast Canal lying in this Presidency, is published, as required by section 12 of that Act, for the information of persons likely to be affected thereby.

II. The draft will be taken into consideration on or after the 20th May 1915 and any objection or suggestion which may be received by the undersigned before that date will be duly considered.

F. A. A. COWLEY,

Offg. Secy. to the Govt. of Bengal.

Draft Rules.

1. Every vessel, entering or passing along any of the above lines of navigation, shall be liable to measurement for the purpose of ascertaining the amount of toll the vessel should pay according to the schedule of rates authorised by Government to be charged on the line of navigation.

2. The tonnage of every vessel, except loose timber and rafts, whether laden or empty, shall, for the purposes of the "Canals Act, 1864," and of these rules, be determined by the following measurements:—

- (a) The product of half the length of the vessel, measured along the water-line and round the contour of the vessel from centre of stem to centre of stern-post, multiplied by the interior greatest breadth of the vessel or by the greatest breadth of the cargo, should this overhang, or, as in the case of logs, be lashed alongside, multiplied by the greatest interior depth from the water-line to the bottom of the vessel, is to be taken as equal to the number of maunds upon which toll shall be levied.
- (b) The measurement of the length is to be made in feet, rejecting fractions of a foot, and the measurement of the breadth and depth in feet and quarters of feet, rejecting portions of less than a quarter of a foot.
- (c) In calculating the amount of toll to be levied, any portion of 100 maunds less than 10 maunds is to be omitted.
- (d) In calculating the amount of toll to be levied on steamers, an allowance of one-third the total maundage, as found under clauses (a), (b) and (c) is to be made for engine space.

3. Every vessel entering or passing along any of the above lines of navigation shall be furnished with a ticket on paying the prescribed toll. The ticket shall specify the station at which it has been issued, the name of the person in charge of the vessel, the date on which the voyage commenced, the point to which the vessel may proceed on the line of navigation, the maundage of the vessel, the amount of toll charged, the number of days allowed for the voyage, and the date of such last day. The number of days so allowed without additional payment shall be calculated at the rate of one day for every eight miles, or portion of eight miles, to be traversed, together with one day for every 200 maunds of measurement. In the case of rafts, one day for every five miles shall be allowed.

4. Toll may be paid at the first station, either for the entire number of toll-stations on the line of navigation or for any less number of stations.

5. The tickets thus given may be demanded for inspection by any duly authorised navigation officer, and must be kept on board and at hand for that purpose. They must be shown at each toll-station the vessel has to pass as a passport that no further payment of toll is to be demanded. The tickets shall be delivered up at the last toll-station.

Navigation officers shall have authority to check-measure vessels whenever they consider it necessary, and if the toll due according to the check-measurement exceeds that originally paid, the difference shall be payable at the toll-station of check-measurement, or at the next toll-station at which the vessel may arrive if the check-measurement was made at some point other than a toll-station. The officer collecting the difference shall endorse the ticket showing the measurements, and note the amount recovered in excess of the toll originally paid.

6. Owners or hirers of vessels may compound, by the payment of a fixed sum, for the use of the whole or any portion of the canals or any period that may be agreed upon, not exceeding one year. In such case the vessel shall be furnished with a ticket showing the amount of toll paid, the period for which the toll has been compounded, and the limits of the line of navigation within which the vessel may pass. Such ticket shall be kept on board the vessel, and shall be produced when required under rule 5, but shall be given up only on the date of the expiry of the period for which granted, and at the station from whence issued.

7. Duplicates of lost tickets of which the numbers and dates of entry can be satisfactorily established, will be granted by the officers in charge of toll-stations on payment of a fee of one rupee.

8. Every vessel, which does not complete its voyage within the number of days allowed by rule 3, shall, for each day or part of a day in excess, be liable to an extra charge equal to 8 annas per 100 maunds, calculated on the maundage of the vessel, as determined by rule 2. The charge for demurrage on timbers and rafts shall be as follows:—

Timber in rafts or loose	... One anna per timber per day.
Bamboos in floats	... Two annas per 100 per day.
Bullahs in rafts	... Eight annas per 100 per day.

Provided as follows:—

- (1) Exemption from payment of demurrage may be granted to vessels detained in canal by stress of weather or heavy traffic, steamers broken down and boats damaged, if immediate notice of the cause of detention be given at the nearest toll-station for the information of the Executive Engineer.
- (2) Missionary boats are exempted from payment of demurrage for lying in the canals.
- (3) Partial exemption from payment of demurrage is to be granted to boats thus:—
 - (a) by increasing the allowance of time for the voyage (see rule 3) which shall be calculated at the rate of one day for every 8 miles or portion of 8 miles to be traversed, together with one day for every 200 maunds of measurement or any portion of 200 maunds which is not less than 60 maunds (*N.B.*—from 60 to 190 maunds one day shall be allowed);

(b) by granting the following extra times for the purpose of *bona-fide* loading and unloading in the canals to—

	Days.
Cargo boats from 10 to 100 maunds of measurement ...	5
" " from 110 to 200 maunds 	8
" " from 210 to 300 maunds 	10
" " from 310 to 400 maunds 	12
" " of 410 maunds and upwards 	14
Passenger boats of 10 maunds and upwards 	3

The extra times will be granted to boats which either load or unload or both in the canals, but will not apply to boats which both enter and leave the canal empty, the time allowed being as laid down in rule 3 only.

(c) Boats plying in the Balighye main and branch drains will be allowed extra times as noted above for both journeys—entering and leaving—separately, even if plying empty.

9. Boats are allowed to be moored while waiting for cargo or otherwise, or may be loaded and unloaded, anywhere in the canals, except within 500 feet of any lock *and within 150 feet on either side of any sluice* and except where specially prohibited by the canal staff. *In any case they must complete the voyage within the time allowable to them* under these orders, otherwise demurrage will be charged.

10. No boat is permitted to moor in the outer channels of any lock. The channels to which this prohibition extends are as follows:—

Gewankhali.—Between the Gewankhali lock and the Gewankhali khal.

Etamagra.—Between the Etamagra lock and the Haldi river.

Ter pakia.—Between the Terapakia lock and the Haldi river.

Kalinagar.—Between the Kalinagar lock and the Sadar khal.

Bhaitgar.—Between the Bhaitgar lock and the Rasulpur river.

No boats will be allowed, under any circumstances, to drop an anchor or to moor to both banks in any lock, entrance or in the canals, except in the case of severe stress of weather.

11. Except with the written permission of a navigation officer, no goods or cargo may be deposited on any bank, berm or land appertaining to the canal at places other than those notified by the Superintending Engineer of the circle as available for such a purpose. Any person depositing goods in contravention of this rule shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 50.

12. Navigation officers may order consignors or consignees or owners to remove their goods from the places notified as available for depositing cargo under rule 11. Goods not finally removed within a period of six days from the receipt of such order shall be liable to a charge of four annas per 100 maunds for each day or part of a day after the expiry of six days until finally removed.

13. Any vessel whose extreme dimensions exceed 130 feet in length and 19 feet in *breadth including goods overhanging* is prohibited from entering or passing along the canals or a line of navigation without the special permission in writing of the Executive Engineer; also no vessel exceeding 40 feet in length and 8 feet in *breadth including goods overhanging* will be allowed to enter or pass along the Balighye drain from Chowmook to Tikrapara and the branch drain from Chowmook to the Balighye Road bridge.

14. It will not be compulsory for the locks to be opened to single vessels of less than 500 maunds burden, except in the case of mail or despatch boats or passenger or cargo-boats in tow of steam-vessels; but the locks shall be opened for the passage of boats at least twice a day.

15. *Mooring*.—All vessels stopping at night must be moored head and stern to the bank of the channel or wherever specially ordered.

Only one line of vessels shall be allowed to pass along a canal or to make fast along and in a line with the canal banks or along and in a line with the banks of the river entrance to the locks, and no vessel shall be made fast, or be placed outside of vessels so secured, without the permission of a navigation officer. No vessel shall, however, be placed in such a position as to endanger the safety of other vessels, to obstruct their passage, or to impede the navigation.

16. *Rule of the Road.*—When under sail, vessels are to keep in the centre of the channel. When being tracked, vessels are, wherever practicable, to keep to starboard or right side of the channel. Vessels meeting in a canal, except when being tracked, must keep to their right when passing, and when one vessel overtakes another, the former must pass on the left. When vessels, one of which is sailing and the other steaming, meet in a canal, the sailing vessel must keep to the leeward. A steamer passing any vessel is bound to go at a speed not greater than half speed.

17. *Lights and signals.*—All vessels, whether travelling or moored in a line of navigation, must, between sunset and sunrise, carry a white light, in a lantern on the forepart of the vessel where it can be distinctly seen from *all sides*. All steam-vessels in motion shall carry the lights prescribed by the Board of Trade Regulations. Barges or boats attached to a steam-vessel, whether in motion or moored, shall carry the white light prescribed above.

Where signals are used, no vessel shall enter or attempt to enter the entrance channel of a lock when a red flag or red light is displayed at the end of the lock next her, "*but shall wait until the signal intimating 'all clear' is displayed.*" Steam-vessels approaching a lock shall whistle when a mile distant, and shall continue to whistle at intervals, until the signal intimating that the lock is open or closed is displayed, or, if no signals are used, until arrival.

18. *Crews and Attendants.*—Every vessel when stationary shall be securely fastened, and shall at all times have some person in attendance on board. Every vessel in motion shall have a sufficient crew.

19. *Fittings.*—Vessels must have their masts, high awnings, and funnels fitted so that they can be let down with ease and speed, and no bamboos or poles shall be erected on or by vessels when at anchor.

20. *Conduct of navigation.*—Vessels are prohibited from making fast to any portion of the lock-gates or gearing, and steamers are prohibited from making fast the tow-lines of their boats until the latter are clear of the locks. Steamers are prohibited from lashing boats or barges alongside while proceeding within locks. Towing ropes of a greater length than 50 feet are not to be used in a canal. The throwing of cinders into any canal is prohibited; they are to be deposited on the banks.

21. In every case of wreck or obstruction of the channel by sunken vessels, the Supervisor of the line of navigation or of a part of it may call upon the person in charge of the vessel to remove the same without delay, and shall give every reasonable assistance towards so doing. But should the owner of the vessel or raft be not forthcoming, or should he not use reasonable expedition in removing the obstruction, or should he decline or fail to use proper assistance which may be offered to him by the Supervisor, this officer may, under the provisions of section 14 of the Act, undertake the removal of the obstruction himself at the cost of the owner of the boat, recovering the expense in the manner laid down in section 9 of the "Canals Act, 1864".

In the case of emergency and in the temporary absence of the Supervisor from the place where the obstruction occurred any navigation officer present must at once report the matter to the Supervisor.

22. If the Supervisor be unable to ascertain the name and place of business or of abode of the owner of the cargo of any vessel or boats seized under the "Canals Act", he shall notify the seizure in the most public manner available.

23. In the event of any damage or injury being occasioned to the canal works by wilfulness or negligence on the part of any person in charge of a vessel, the navigation officers may detain the vessel at any point within the canal for a period not exceeding 48 hours; provided that, within that period, the navigation officers shall lodge a complaint against such person in charge of the vessel before a Magistrate under section 16 of the "Canals Act".

24. For any contravention of rules 15, 16, 17, 18, 19 and 20, the person in charge of the vessel shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 50.

25. The term "navigation officers" as used in the foregoing rules shall include all persons appointed under section 8 of the "Canals Act, 1864", and all Public Works Officers or subordinates in charge of the canal not below the grade of Sub-Overseer.

26. The canals may be closed once a year for effecting the necessary repairs to them on one month's notice of the intention so to close them being given; but in the event of any sudden emergency, the canals may be closed at any time without prior notice, and no claim in such case by owners of vessels or others for compensation on account of detention shall be entertained.

of the Canals Act, 1864 (Bengal Act V of 1864), the Governor in Council intends to make and fix for the Calcutta Canals (including the Kristopur Canal) and Tolly's Nala, as defined below, in supersession of the Notifications noted in the margin, is hereby

published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on or after the 6th May 1915, and any objection or suggestion received by the undersigned before that date will be duly considered.

THE CALCUTTA CANALS.

(1) The Circular Canal, comprising the whole of the still-water canal between the Dhappa and Chitpur Locks, together with its junction with the river Hooghly and the Orange Soorah at Dhappa.

(2) The Central Lake Channel from its junction with the Calcutta Canals at the Dhappa Lock to its junction with the Bidyadhari River at Bamanghata.

(3) The Nowbhangha Khal extending northwards for a mile from its junction with the Central Lake Channel below the Dhappa Lock.

(4) The Soorah from its junction with the Central Lake Channel below the Dhappa Lock and extending to the fish market situated adjacent to, and to the west of, the Dhappa Inspector's residence.

(5) The Kristopur Canal extending from a point in the New Cut Canal 1 mile 4,700 feet from Chitpur Lock to a point on the Bhangore Khal at Kantatala, together with the outfall channel, 4,180 feet in length.

TOLLY'S NALA.

Tolly's Nala extending from a line drawn across the Nala 25 feet west of the Hastings Bridge at Kidderpore to the Bidyadhari River at Samukpota.

F. A. A. COWLEY,

Offg. Secy. to the Govt. of Bengal.

Draft Schedules of Tolls.

8	Minimum toll on all boats, floats or rafts	4 0	0 4	0 4	0 4

9. (1) Monthly tickets are, at the option of the payers, issued to boats carrying passengers, grass or perishable articles going to the Orphangunge Bazar or to Dhappa. The cost of these tickets is at six times the ordinary toll as calculated by the above rates, if the tickets are issued at the Supervisor's office, and at ten times the ordinary toll as calculated by the above rates, if the tickets are issued at the toll-station at Dhappa or at Kidderpore.

(2) Monthly tickets at ten times the ordinary toll as calculated under item 1 of the Schedule for entering the canals from the eastward will be issued to boats carrying passengers, vegetables and perishable goods for plying within the Circular, New Cut and Kristapur Canals. These tickets will not entitle the boats to pass through the Dhappa or Chitpur Lock, but they will be allowed to pass the Kristapur Toll-station.

10. *Excess tolls.*—Vessels which are passing through the canals, and which enter either empty or partially loaded, are liable to pay excess tolls at the above rates, if their tonnage by canal measurement is greater when they are leaving the canals than it was when they entered them. Vessels entering at Chitpur, Kidderpore, and Chetla for the purpose of loading in the canals pay at the time of entry with reference to their line of usual immersion according to Canal Rules.

11. *Demurrage*.—Every vessel, raft or float, which has paid toll, shall be allowed three days for passing through the Circular Canals and two days for Tolly's Nala between Gurraah and Kidderpore, and three days for Soorah outside Dhappa Lock, the days of entering and leaving being both included. In addition to these periods, they may, without further payment, remain in the canals for the further undermentioned periods, that is to say—

Boats.—Two days for the first hundred maunds and one day for every hundred maunds above the first hundred maunds.

Boats.—Two days for any number of timbers not exceeding fifty, and one day for every additional fifty.

Rafts.—Two days for any number of bamboos not exceeding five hundred, and one day for every additional five hundred.

Every vessel, raft or float remaining in any part of the aforesaid canals longer than the period allowed under the foregoing rules shall, for each day in excess of such period, be charged demurrage equal to one-half of the toll payable under the schedules above, provided that the demurrage charged shall in no case exceed Rs. 5 per diem.

[*Note*.—Open dinghees accompanying large boats are entitled to the same demurrage allowance of time as the parent boats.]

12. Steamers or flats passing through the Lower Sunderbans Channels must pay tolls at the rate of Rs. 5 each before leaving and on return to Calcutta.

13. (1) During neap-tides, when there is not sufficient water in the Tolly's Nala near Russa for the navigation of boats laden with firewood, they will be allowed to proceed to or from the river Bidyadhari through the Circular Canal on payment of a rate of eight annas per 100 maunds of measured maundage for passage through that canal, in addition to the rate ordinarily payable for entering or plying in Tolly's Nala.

(2) For the purposes of reckoning demurrage charges, in the case of such boats, under item 11 of the Schedule, two extra days will be allowed over and above those provided for vessels plying in the Tolly's Nala.

(3) Boats plying under this concession will not be allowed either to load or to unload along the Circular Canal or river Hooghly. Infringement of this rule will render the boats liable to the ordinary tolls in force for the Circular Canal.

14. *Additional toll*.—All boats, steamers and flats, after passing out of the Dhappa Lock, must proceed outside the toll limit at Bamanghata within 48 hours; otherwise a fresh toll will be levied in accordance with the rules in force.

15. (1) During the period from the 1st December to the 15th June, boats laden with rice or paddy will be allowed to proceed to or from the river Bidyadhari through the Circular Canal and the Tolly's Nala *via* Kidderpore on payment of a rate of Re. 1-12 per hundred maunds of measured maundage for passage through these canals.

(2) Boats plying under this concession will be charged the ordinary concession rate of Re. 1-12 per hundred maunds, and on leaving Tolly's Nala a further charge of 12 annas per hundred maunds only will be made if loaded with cargo other than paddy or rice, the maundage charged for and the amount charged being endorsed on the back of the concession ticket by the Toll Collector, Kidderpore.

(3) If any boat picks up more cargo, either in the Hooghly or in the Circular Canal, the Toll Collectors at Chitpur and Dhappa, respectively, will assess and collect the extra toll due on the cargo at 12 annas per hundred maunds, provided that the maundage of the boat does not exceed that when it originally entered at Dhappa.

(4) If there is an excess on leaving Tolly's Nala, a rate of Rs. 2-8 per hundred maunds will be charged on the extra cargo at Kidderpore. This will entitle the boat to pass through to Dhappa Lock and out without any further payment.

(5) If the cargo is picked up either in the Hooghly or in the Circular Canal, the extra toll on the extra amount will be charged at the rate of Re. 1-12 per hundred maunds.

(6) For the purposes of reckoning demurrage charges under item 11 of this Schedule in the case of boats laden with rice or paddy during the period from the 1st December to the 15th June, two extra days will be allowed over and above those provided for vessels plying in the Tolly's Nala.

COMMR.'S OFFICE, DACCA DIVN., DACCA, the 29th March 1915.

NOTIFICATION.

The 1st April 1915.—In exercise of the power conferred by clause (2) of section 139 of the Bengal Local Self-Government Act, 1885 (Bengal Act III of 1885), read with section 3 of the Bengal Laws Act, 1914 (Bengal Act I of 1914), I confirm the following by-laws which have been framed by the District Board of Mymensingh under clause (1) of the said section 139 :—

BY-LAWS OF THE DISTRICT BOARD OF MYMENSINGH.

Definitions.

1. In these by-laws, unless there is anything repugnant in the subject or context,---

1 of 1871.

(1) the word "cattle" has the same meaning as in the Cattle-trespass Act, 1871 ;

- (2) "reserved tank or well" means a tank or well which the District Board has set apart under section 90 of the Bengal Local Self-Government

Bengal Act III of 1885.

Act of 1885, by public notice, for the supply of water for drinking and for culinary purposes, and includes any reservoir, or part of any river, khal or other channel, so set apart, and any tank or well on which District Fund money has been spent under section 79 of the Local Self-Government Act ; and a notice-board on the edge of a reserved tank or well, containing the words "reserved tank" or "reserved well" or words to that effect, shall be deemed to be sufficient notice for the purpose of this definition ; and

- (3) the "slopes" of a reserved tank or well include all places from which water can flow directly into such tank or well ; and
 (4) "road" means a road vested in, or under the control and administration of, the District Board or Local Board ; and includes—
 (a) a village road ;
 (b) the slope, berm, borrow-pits and side-drains of a road and
 (c) all land vested in, or under the control and administration of, the District Board or a Local Board, and attached to a road.

Roads, Drains, Bridges, Canals and Embankments.

Encroachment or obstruction on a road.

2. (1) No person shall encroach on any part of a road by cultivating crops thereon.

- (2) No person shall, on any road,—

by means of any building, fence, pit, embankment or ditch, or any other obstruction, or by means of any cut, drain or water-course intended for the purpose of drainage or irrigation, or by exposing thereon any goods for sale, or by placing thereon any substance or material,—

- (a) without the permission of the Chairman or Vice-Chairman of the District Board or a Local Board, or the District Engineer, make or cause any encroachment, or
 (b) obstruct traffic,
 (c) cause any inconvenience to passengers, or
 (d) hinder or impede the flow of water.

3. No person shall expose or place any article for sale in any bazar or market in the vicinity of any road, or collect or gather any articles in the vicinity of a road, so as to interfere with the traffic of the road.

Sale, collecting or gathering of articles in vicinity of road.

4. Any person in possession of, or having control over, any plants, trees or hedges which obstruct, overhang or over-shadow any road, or any public drain or sluice, or any drain which is connected with a public drain, shall, if so required by notice in writing, signed by the Chairman or Vice-Chairman of the District Board or a Local Board or by the District Engineer, cut down, prune or trim such plants, trees or hedges, within the period, and in the manner prescribed in such notice.

5. (1) No person shall destroy or damage, or cause to be destroyed or damaged, any bridge, culvert or causeway built on or across any road.

(2) No person shall erect any fence or other object on, or before or close to the opening of, any such bridge, culvert or causeway, for the purpose of fishing or for any other purpose, so as to impede the free flow of water thereunder, or so as to cause damage thereto.

(3) No person shall cast nets for fishing purposes from any parapet of any such bridge or culvert.

6. No person shall—

(a) destroy or damage, or cause to be destroyed or damaged, any fence or post erected on any road ;

Damage to fences, posts, soil, turf or grass on road. or

(b) dig, scrape, uproot or remove any soil, turf or grass from any part of a road.

7. (1) No person shall cut a channel, or convey water by a channel, across a road, except with the permission of the Chairman, or Vice-Chairman of the District Board or a Local Board, or the District Engineer, and in such a manner as he may prescribe.

Channel across road.

(2) Any person who has been permitted by the Chairman or Vice-Chairman of the District Board or a Local Board, or by the District Engineer, to cut a channel across a road, shall, at the time prescribed by him, cover or refill the channel so as to restore the road to its former condition.

(3) Any person who has a prescriptive right to keep a channel open for carrying water across a road shall keep the channel in proper order, so as to prevent danger or inconvenience to the public.

8. No person shall obstruct any waterway adjoining a road, so as to injure or tend to injure the road or otherwise to render the road impassable.

Obstruction of waterway adjoining road.

9. (1) No person shall make any excavation on any road, or any hole, pit, tank or well within fifteen feet of any road, without the permission of the Chairman or Vice-Chairman of the District Board or a Local Board or the District Engineer.

Excavation on or near road.

(2) Every person by whom, or by whose direction, any hole, pit, tank or well has been excavated within fifteen feet of a road shall be bound to take such order therewith as will prevent damage to, or erosion of, the road.

10. The owner or occupier of any tank, well, or other excavation on or near the side of any road shall be bound to fence in or duly protect such excavation in such manner as may be directed by notice signed by the Chairman or Vice-Chairman of the District Board or a Local Board.

Protection of excavations on or near road.

11. No person shall pass over, or drive any animal or vehicle over, any road, bridge, culvert or canal, so as to injure the same, while it is under construction or repair or is affected by flood or is otherwise rendered unfit for traffic and is closed to traffic under the orders of the Chairman of the District Board or a Local Board or (in emergent cases, pending application to such Chairman) of the District Engineer.

Use of roads, bridges, culverts or canals while closed to traffic.

12. No person shall, without the permission of the Chairman or Vice-Chairman of the District Board or a Local Board, or the District Engineer, allow the rainfall from the roof of any building owned or occupied by him to be discharged upon any road by means of a spout or other thing intended for the conveyance of water.

Discharge of rainfall from roof to road.

13. No person shall allow the water of any privy, or any matter offensive or deleterious to health, to flow on any road.

Flow of filth on to road.

14. Any person owning or possessing a tree or a house, wall or other erection which has fallen, or part of which has fallen, on to a road, shall, if so required by notice in writing signed by the Chairman or Vice-Chairman of the District Board or a Local Board, or by the District Engineer, remove such tree, house, wall, erection or part, within the period prescribed in such notice.

Removal of trees or erections falling on to road.

Curing hides on or near road.

Slaughter of animals, cleaning of carcasses, etc., on or near road.

Placing or burning of bodies on road.

18. No person shall steep any jute, hemp, bamboos, hides or other offensive matter in any drain, borrow-pit or excavation at the side of any road.

Steeping offensive matter in road-side drain, pit or excavation.

Flying kite on road.

20. (1) Any person driving a vehicle along a road, and meeting another vehicle, shall keep on the left or near side of the road, so as to allow sufficient room for the other vehicle to pass.

Rule of the road.

(2) No person driving a vehicle along a road and overtaking another vehicle shall attempt to pass the latter vehicle otherwise than on the right or off-side of the road.

21. No person shall prevent any other person from passing along a road, or shall otherwise interrupt the free use of a road.

Freedom of roads.

22. (1) No person in charge of, or having control over, any animal used for riding or draught shall allow such animal to stand or wander on any road without a rider or driver.

Care of animals on road.

(2) No person in charge of, or having control over, any cattle shall allow such cattle to stray or lie on any road so as to cause inconvenience or danger to any person travelling on the road.

(3) No person shall tether any cattle on, or within reach of, a road, or stall cattle or allow cattle to graze on a road.

23. Every person owning, riding, driving or in charge of any elephant or camel proceeding on a road, must see that such elephant or camel is provided with a bell, and with a light also if such animal is proceeding on a road after nightfall.

Elephants and camels on road to have bell.

Taking elephant over road, embankment, bridge or culvert.

24. No person driving or in charge of an elephant shall—

(a) cause material injury to a road, or to an embankment vested in the District Board or a Local Board, by taking the elephant over the same; or

(b) take the elephant over a bridge or culvert vested in the District Board or Local Board, unless the same is constructed of arched masonry.

25. Every driver of an elephant or camel shall, on being so required by the rider or driver of a horse, remove such elephant or camel with reasonable promptitude to a sufficient distance from the road, to allow such horse to pass safely along the road.

Removal of elephants or camels from road to admit passage of horses.

Care of vehicles on road.

26. (1) No person shall drive or have in his charge on any road more than one vehicle at a time.

(2) No person in charge of, or having control over, any vehicle shall allow it to stand unattended on any road.

No. 4095P.—The 1st April 1915.—In exercise of the powers conferred by section 11 of the Indian Motor-vehicles Act, 1914 (VIII of 1914), the Governor in Council is pleased to make the following rules regulating the use of motor-vehicles in Calcutta (including suburbs) and the Municipality of Howrah :—

RULES REGARDING MOTOR-VEHICLES IN CALCUTTA (INCLUDING SUBURBS) AND HOWRAH.

PART I.—Preliminary.

1. In these rules—

Definitions.

- (1) "motor-car" includes all motor-vehicles other than motor-cycles, road-rollers and vehicles which run on rails;
- (2) "heavy motor-car" means a motor-car exceeding two tons in weight when unladen;
- (3) "light motor-car" means a motor-car not exceeding two tons in weight when unladen;
- (4) "motor-cab" or "taxi-cab" means a light motor-car which stands or plies for hire in any public place;
- (5) "motor-omnibus" or "motor stage-carriage" means a motor-vehicle (not being a motor-cab) which plies for hire and has seating accommodation for eight or more passengers;
- (6) "motor-lorry" means a motor-vehicle which is ordinarily used for the carriage of goods;
- (7) "motor-cycle" means a motor-vehicle running on not more than three wheels, and weighing not more than three hundred-weights;
- (8) "trailer" means a vehicle drawn by a heavy motor-car;
- (9) "axle-weight" means the aggregate weight transmitted to the surface of the road or other base whereon a heavy motor-car or trailer moves or rests by the several wheels attached to that axle when the car or trailer is laden;
- (10) "registered axle-weight" means the axle-weight of the axle of a heavy motor-car as registered by the Commissioner in pursuance of the rules contained in Part III of these rules;
- (11) the expression "weight," when used in relation to a heavy motor-car or a trailer, means—
 - (a) when the car or trailer is unladen; the weight of the vehicle, including all parts, equipments, stores, fuel, water and accumulators which are necessary for, or are ordinarily used with, the car or trailer when working: provided that, where alternative parts or bodies are used, the heaviest shall be taken for the purpose of calculating the weight; and

(b) when the car or trailer is laden, its weight when unladen, plus its full lawful load, including the weight of the driver;

(12) the expression "width," when used in relation to the tyre of a wheel of a heavy motor-car, means the distance measured horizontally and in a straight line across the rim of the wheel and between the two points in the outer surface of tyre which are farthest apart;

(13) the expression "diameter," when used in relation to a wheel of a heavy motor-car, means the diameter measured between the two opposite points in the outer surface of the tyre which are farthest apart; and

(14) "Commissioner" means the Commissioner of Police for Calcutta.

PART II.—All motor-vehicles.

1. (1) No motor-vehicle shall be used, unless it is registered by the Commissioner under these rules in a register kept in a form prescribed by him:

Registration.

Provided that every motor-vehicle which is in use on the 1st April 1915 and was registered under rules formerly in force under the Bengal Motor-car and Cycle Act, 1903, or in any other province under the local Act of that Province; and every motor-vehicle registered elsewhere in British India under rules framed under the Indian Motor-vehicles Act, 1914, shall be deemed to have been registered under these rules.

(2) Every application for such registration under sub-rule (1) of this rule shall be in such form and shall contain such particulars as the Commissioner may from time to time prescribe.

(3) The fee for registration shall be Rs. 32 for a heavy motor-car, Rs. 16 for a light motor-car and Rs. 4 for a motor-cycle.

2. The Commissioner shall not register any motor-vehicle unless he is satisfied that the requirements of these rules in respect thereof have been duly met.

Compliance with rules a condition precedent to registration.

3. No person shall drive or have charge of, or cause or permit to be used, any motor-vehicle or trailer which does not in all respects conform to these rules, or which is so driven or used as to contravene any of these rules:

Continuous compliance with rules.

Provided that, during a period of one month from the 1st April 1915 any failure to comply with these rules, so far as they relate to the construction or use of heavy motor-cars or trailers, shall not be deemed to be a breach or contravention of the rules, if the failure occurs solely in relation to a car registered before, or to a trailer which is in use on the 1st April 1915.

4. If the Commissioner, at any time after a motor-vehicle has been registered, has reason to believe that it has ceased in any respect to conform to these rules, or that it is not maintained in such a condition as to prevent danger to the public, he may, after notice to the owner, direct that the registration be cancelled until the defects are remedied to his satisfaction.

Temporary cancellation of registration.

5. Whenever the registered owner of a motor-vehicle changes his address, he must report the new address to the Commissioner.

Report of change of address by registered owner.

6. Every transfer of ownership and every transfer of possession, whether temporary or otherwise, of a motor-vehicle registered under these rules must forthwith be reported to the Commissioner by the registered owner and by the transferee.

7. (1) The Commissioner shall assign a distinguishing number to every motor vehicle registered under these rules, and shall record the name and address of the owner:

Marking and lettering.

Provided that a general number may, on payment of an annual fee not exceeding Rs. 32, be assigned to all or any motor-vehicles for the time being in the possession of any manufacturer thereof or dealer therein, to be used on any such vehicle when on trial after completion, or when on trial by an intending purchaser, or when being used, by a person licensed under rule 15, for the purpose of instructing any other person in the use of the vehicle or when on hire.

(2) When a general number has been assigned under the proviso to sub-rule (1) of this rule, the manufacturer or dealer aforesaid shall also distinctively mark every vehicle covered by the general number by an additional letter or letters.

(3) Every such manufacturer or dealer shall maintain a register containing the following particulars with respect to every motor-vehicle so numbered and marked which leaves his premises, namely—

- (a) the date and time when the vehicle goes out;
- (b) the name of the person in charge thereof;
- (c) the purpose for which the vehicle is sent out;
- (d) the date and time of the return of the vehicle to the premises; and
- (e) the distinguishing number and letter or letters affixed to the vehicle.

(4) The said register shall be open at all reasonable times to the inspection of the Commissioner or any person duly authorized by him in writing in this behalf.

8. (1) No motor-vehicle shall be used, unless the number assigned to it under sub-rule (1) of rule 7, and the letter or letters (if any) required by sub-rule (2) of that rule be attached in a conspicuous place to the satisfaction of the Commissioner in large white figures on a black ground legible at a reasonable distance on the front and back of the car or cycle and on the back of any vehicle drawn by the car or cycle.

Numbers and letters how to be attached, illuminated and maintained.

(2) The said numbers and letters must be in the case of a motor-car at least $3\frac{1}{2}$ inches high and in the case of a motor-cycle at least $1\frac{1}{2}$ inches high, and must be at least $\frac{3}{8}$ ths of an inch broad in every part.

(3) The space taken up by each figure contained in such number (except the figure 1) and by each such letter must be at least $2\frac{1}{4}$ inches, and the space between adjoining figures must be at least half an inch.

(4) The said numbers and letters must have a margin of half an inch both above and below them, and a margin of one inch on either side.

(5) On a motor-cycle the front number and letter or letters may be shown on each side of a plate projecting forward.

(6) During the time when lamps are required by rule 13 to be kept lit, the number and letter or letters at the back of a motor-car, or of a vehicle drawn behind a motor-car or motor-cycle, and the number in front of a motor-cycle, shall be illuminated in a manner to be approved by the Commissioner so as to be legible at a reasonable distance.

(7) The number-plates for day use and those for night use need not be the same.

(8) The numbers and letters referred to in this rule shall not be in any way obscured or rendered or allowed to become not easily distinguishable.

9. No motor-vehicle shall be used, unless it is—

(a) so constructed as to admit of its being at all times under full control so as to prevent undue interference with passenger or other traffic, and

Construction and maintenance.

(b) maintained in such a condition as to prevent danger to the public or to any person riding on the vehicle.

10. The width of a motor-vehicle or trailer as measured between its extreme projecting points, shall not exceed seven feet six inches.

Width of a motor-vehicle or trailer.

11. Every motor-vehicle and trailer must be constructed with suitable and sufficient springs between each axle and the frame.

Springs of a motor-vehicle or trailer.

12. No motor-vehicle shall be used, unless it is provided with two independent brakes or other means of stoppage, approved by the Commissioner, in good working order, and of such efficiency that the application of either will be capable of forthwith stopping the vehicle:

Brakes.

Provided that one brake shall suffice for a heavy motor-car propelled by steam.

13. (1) To every motor-car when in use at night shall be affixed—

two lamps, one on either side, each exhibiting a white light visible to a reasonable distance forward and a red light visible to a reasonable distance in the reverse direction. If the two lamps do not exhibit a red light as above, there shall be attached to the back of the car one lamp showing a red light visible to a reasonable distance behind.

Lights.

(2) To every motor-cycle when in use at night shall be attached a lamp throwing a white light to a reasonable distance forward.

(3) To every vehicle attached to a motor-cycle when in use at night, shall be affixed—

(a) if the vehicle is drawn behind a motor-cycle, the lamps specified for motor-cars;

(b) if the vehicle is attached in front of a motor-cycle, two lamps, one on either side, each exhibiting a white light visible to a reasonable distance forward and a red light visible to a reasonable distance in the reverse direction;

(c) if the vehicle is attached to the side of a motor-cycle, one lamp on the side of the vehicle furthest from the motor-cycle, exhibiting a white light visible to a reasonable distance forward and a red light visible to a reasonable distance in the reverse direction.

(4) No head-lights, other than head-lights lit by oil or candle, shall be attached to, or carried on, any motor-car, unless such head-lights are hooded or screened to the satisfaction of the Commissioner.

(5) So long as a motor-car or motor-cycle is in use during the period between half an hour after sunset and half an hour before sunrise, all lamps shall be kept lit and free from obstructions.

14. Every motor-vehicle shall carry a bell or other instrument capable of giving audible and sufficient warning of the approach or position of the car or cycle, and the driver shall sound such instrument whenever it may be necessary to do so:

Bell or horn.

Provided that the Commissioner of Police and the District Magistrate of Howrah, respectively, may interdict, after such examination and inquiry as is found necessary, the use in Calcutta and its suburbs and in the Municipality of Howrah of such types of horns, sirens, whistles or similar appliances on motor-vehicles as are likely to constitute a public nuisance.

15. (1) No person shall drive a motor-vehicle unless he holds a subsisting license, granted by the Commissioner of Police or other competent authority authorizing him to drive a motor-vehicle; and no person shall employ anyone to drive a motor-vehicle who does not hold such a license.

Driver's license.

(2) The Commissioner may, if he considers it necessary, grant a provisional license and direct that a second examination shall be held after a period of time to be stated in the license.

(3) Every such license, not being a provisional license described in sub-rule (2), shall remain in force for such period, not being less than twelve months from the date of issue thereof, as the Commissioner may direct.

(4) In any case, if a licensed driver does not renew his license within one month of the expiration of its term, he may be called upon to pass a second test for driving and a fee of Rs. 2 shall be charged for such re-examination.

(5) There shall be payable for every license a fee of Rs. 10 in respect of a motor-car and Rs. 2 in respect of a motor-cycle. A fee of Rs. 2 shall be paid for each renewal of license, and the duplicates of licenses shall be charged for at the rate of annas eight per copy.

(6) Any such license may be cancelled by the Local Government, or suspended for such period as the Local Government may deem necessary, if the holder is convicted of—

(i) any offence punishable under the Indian Motor-vehicles Act, 1914, or any other Act relating to the use of a motor-vehicle; or

(ii) any offence punishable under any other Act, involving—

(a) danger to human life, or

(b) hurt or injury to any person or animal, or

(c) damage to any goods carried in any vehicle or by any person, or

(d) obstruction to traffic in any street or public place:

Provided that such offence is committed whilst the offender is driving a motor-car or riding a motor-cycle, or is in charge thereof.

(7) There shall be separate licenses for professional drivers bearing the photographs of those drivers, and details other than those required for private drivers.

(8) No unlicensed person shall drive a motor-vehicle in order to receive instructions and no person shall instruct an unlicensed person to drive a motor-vehicle in any public place within a five-mile radius of Government House, Calcutta, unless such motor-vehicle is fitted with a duplicate clutch and brake.

16. (1) No motor-cycle or light motor-car shall be driven at a greater speed than 15 miles an hour.

Speed.

(2) No heavy motor-car having non-resilient tyres shall be driven at a greater speed than 5 miles an hour.

(3) No heavy motor-car having all its wheels fitted with pneumatic tyres, or with tyres made of a soft or elastic material, shall be driven at a greater speed than—

(a) six miles an hour—if the registered axle-weight of any axle exceeds six tons;

(b) twelve miles an hour—in other cases:

Provided that in the case of motor-omnibuses or other heavy motor-vehicles with resilient tyres carrying passengers the maximum speed-limit shall be 12 miles an hour.

(4) Every light or heavy motor-car, which is the property of the Calcutta Fire Brigade, or of any other Fire Brigade especially exempted by the Local Government in this behalf, shall be exempted from the speed-limits imposed under this rule in respect of such vehicles, when employed for the ordinary purposes of the Fire Brigade.

17. No person shall cause or permit the emission of smoke or visible vapour from a motor-vehicle in such quantity as to cause annoyance or danger to the public.

Emission of smoke or vapour from motor-vehicle.

18. The driver of a motor-vehicle shall keep on the left side of the road: Provided as follows:—

Rule of the road.

(a) he shall keep to the right of any vehicle or horse proceeding in the same direction which he desires to pass; and

(b) he may pass any tram-car or other vehicle running on fixed rails on whichever side thereof he may consider necessary or expedient, having due regard to the circumstances of the case and to the safety and convenience of other users of the road.

19. No motor-vehicle shall be driven recklessly or negligently, or at any speed or in any manner which is likely to endanger human life or to cause hurt or injury to any person or animal or damage to any goods carried in any vehicle or by any person, or which would be otherwise than reasonable and proper with due regard to all the circumstances of the case, including the nature, condition and use of the street or public place and the amount of traffic which is actually on it at the time or which may reasonably be expected to be on it.

Prohibition of reckless, negligent or improper driving.

20. No motor-vehicle shall be driven on any foot-way or in any street or other public place where the use of motor-vehicles is prohibited by the Commissioner or (in Howrah) by the District Magistrate.

Prohibition of driving on foot-ways or in prohibited places.

21. The driver of a motor-car shall not cause the car to travel backwards for a greater distance or time than is consistent with the public safety.

Motor-car travelling back wards.

22. (1) The person in charge of a motor-vehicle shall cause the vehicle to stop and to remain stationary so long as may reasonably be necessary—

Stopping upon request or when accident occurs.

(a) when requested to do so by any Police-officer in uniform, for the purpose of regulating traffic or of ascertaining the name and address of such person, or for any other reasonable purpose, or

(b) when requested to do so by any person having charge of a restive horse, or

(c) when the presence of the vehicle has caused an accident to any person or to any animal or vehicle in charge of any person.

(2) The request referred to in clauses (a) and (b) of sub-rule (1) may be made by such Police-officer or person putting up his hand as a signal to stop, or at night in such manner as the Commissioner may direct.

(3) The person in charge of a motor-vehicle, on the request of any Police-officer in uniform, or, on the occurrence of an accident such as is referred to in clause (c) of sub-rule (1), on the reasonable request of any other person, shall—

(a) truly state his name and address, and the name, place of abode, and business of the owner of the vehicle, and

(b) give all possible immediate assistance to any person injured by any such accident and, if necessary, help in conveying him to a hospital.

23. The person in charge of a motor-vehicle shall not allow it to stand in any street or other public place so as to cause undue obstruction.

Standing in street or other public place.

24. No motor-vehicle shall be allowed to stand in any street or other public place unless it is attended by a person holding a subsisting license granted under rule 15, except when the mechanism of such vehicle has been stopped.

Leaving motor-vehicle unattended in street or other public place.

25. The person in charge of a motor-vehicle shall obey all directions of Police-officers in uniform posted or stationed at crossings or other places for the regulation of traffic.

Obedience to directions of Police.

26. The driver of every motor-vehicle shall drive from the right-hand side of the vehicle.

27. In the case of professional drivers of motor-vehicles, every change of address shall be notified to the office of the Commissioner.

PART III.—Heavy motor-cars.

1. (1) For the purpose of the registration of heavy motor-cars—

Additional rules as to registration of heavy motor-cars.

(a) the register of motor-vehicles prescribed by rule 1, sub-rule (1), in Part II shall contain a separate part, which shall be in such form as may be prescribed by the Commissioner of Police; and

(b) the application referred to in rule 1, sub-rule (2), in Part II, must contain a declaration by the applicant of—

(i) the weight of the car when unladen,

(ii) the axle weight of each axle,

(iii) the diameter of each wheel, and

(iv) the width and material of the tyre of each wheel.

(2) The declaration referred to in clause (b) of sub-rule (1) of this rule must be made in the form prescribed by the Commissioner of Police.

(3) Before a heavy motor-car is registered, the weight of the car when unladen, and if the Commissioner of Police so directs, the axle-weight of each axle of the car, shall be ascertained by or in the presence of an officer appointed in this behalf by the Commissioner.

(4) The said officer shall certify the weights or weight so ascertained, and shall make any necessary correction in the statement of weights declared by the owner; and shall also satisfy himself that the tyres of wheels of the car, if the tyres are not pneumatic nor made of a soft or elastic material, are of the dimensions required by rule 5 in this Part.

(5) The owner of the car shall, for the purposes of sub-rules (3) and (4) of this rule, cause the car to be driven or brought to any such place as the Commissioner may appoint.

(6) Upon the registration of a heavy motor-car—

- (a) the weight of the car when unladen, as certified under sub-rule (3) of this rule,
- (b) the axle-weight of each axle, as so certified, or (if not so certified) as declared by the owner of the car,
- (c) the diameter of each wheel,
- (d) the width and material of the tyre of each wheel, and
- (e) the highest rate of speed at which, in conformity with rule 16, in Part II, the car may be driven,

shall be entered in the register of motor-vehicles.

(7) The registration of a heavy motor-car shall continue in force for a period of not more than twelve months from the date thereof; and on the expiration of that period the car must be re-registered before it is again used on the street, half the initial registration fee being payable on such re-registration. Such re-registration shall continue in force for a period of not more than twelve months from the date thereof; but further re-registration may be effected annually on payment of the said half-fee.

2. (1) Upon receiving from the Commissioner a copy of the entries made in the register relating to a heavy motor-car, the owner of the car shall cause to be painted or otherwise plainly marked in a conspicuous place—

Marking of heavy motor-cars.

(a) on the right or off-side of the car—

- (i) the registered weight of the car when unladen, and
- (ii) the registered axle-weight of each axle, and

(b) on the left or near side of the car—

- (i) the highest rate of speed at which, in conformity with rule 16, in Part II, the car may be driven, and
- (ii) the owner's name and address.

(2) The said marking shall be made in letters and figures not less than one inch in height, and of such shape and colour as to be clearly legible and clearly distinguishable from the colour of the ground whereon the said marking is made.

(3) The owner of the car shall cause the said marking to be from time to time repaired or renewed as often as may be necessary to keep the letters and figures clearly legible and clearly distinguishable.

3. (1) Notwithstanding anything contained in the proviso to sub-rule (1) of rule 1, in Part II, the owner of every heavy motor-car which is in use on the 1st April 1915 and was registered under rules formerly in force under the Bengal Motor-car and Cycle Act, 1903, must within one month from the 1st April 1915 either—

Fresh registration of, or grant of, certificate for heavy motor-cars which were registered under former rules.

(a) apply to the Commissioner for the registration of the car under these rules, or

(b) cause the car to be taken to the Commissioner, or to an officer appointed by him in this behalf, for the purpose of obtaining a certificate showing that the provisions of rules 1 and 2 in this Part have been sufficiently complied with in respect of the car.

(2) Also, notwithstanding anything contained in the proviso to sub-rule (1) of rule 1 in Part II, if the owner of every heavy motor-car registered in any Province other than Bengal, under the Motor-vehicles Act of that Province or under rules framed in that Province under the Indian

Motor-vehicles Act, 1914, and brought into Calcutta or Howrah after the 1st April 1915 must, before the vehicle is brought into use in Calcutta or Howrah, either—

(a) apply to the Commissioner for the registration of the car under these rules, or

(b) cause the car to be taken to the Commissioner, or to an Officer appointed by him in this behalf, for the purpose of obtaining a certificate showing that the provisions of rules 1 and 2 in this Part have been sufficiently complied with in respect of the car.

(3) If the Commissioner or the said officer is satisfied that the provisions of rules 1 and 2 in this Part have been sufficiently complied with in respect of a car brought to him under either of the two foregoing sub-rules, he may grant a certificate to that effect and thereupon the car shall be deemed to have been registered under these rules and the Commissioner shall cause to be made in the register of motor-cars such entries in respect of the car as are required by sub-rule (b) of rule 1 in this Part.

(4) Until it has been registered under these rules or the certificate referred to in sub-rule (3) has been obtained, no heavy motor-car shall be used except for the purpose of being taken to be registered or examined for the purposes of sub-rule 1 or 2 of this rule.

(5) The previous registration of all heavy motor-cars in use on the 1st April 1915 shall, one month thereafter, be deemed to have been cancelled.

4. (1) The axle-weight of a heavy motor-car shall not exceed the registered axle-weight.

(2) The registered axle-weight of an axle of a heavy motor-car shall not exceed eight tons, and the sum of the registered axle-weights of all the axles of a heavy motor-car shall not exceed twelve tons.

5. (1) (a) In all cases the driving wheels of heavy motor-vehicles shall be fitted with twin resilient tyres.

(b) The non-driving wheels, if fitted with resilient tyres, shall, if the axle-load is or exceeds four tons, be fitted with twin tyres.

(c) The non-driving wheels, if fitted with non-resilient tyres, must be smooth and without any projection, and shall not be constructed of separate plates separated by any spaces whatsoever.

(2) The width of the non-resilient tyre of each wheel of a heavy motor-car shall be not less than six inches and the tyres of the wheels on the same axle shall be of equal width.

(3) The permissible axle-load shall not exceed five hundredweights for each inch in width of the combined width of the two tyres of the axle in question.

6. The diameter of the wheels of a heavy motor-car, if they are fitted with a tyre which is not pneumatic nor made of a soft or elastic material, must be not less than two feet six inches.

7. (1) When any authority who is liable for the repair of a bridge affixes or sets up in suitable and conspicuous positions on the bridge and on each approach to the bridge, notices stating that the bridge is insufficient to carry a heavy motor-car the registered axle-weight of any axle of which exceeds such weight as may be specified in such notices, the owner of any such car shall not cause or suffer the car to be driven, and the person driving or in charge of any such car shall not drive the car upon the bridge, except with the written consent of the said authority.

(2) No owner of a heavy motor-car, the axle-weight of any axle of which exceeds six tons, shall cause or suffer the car to be driven, and no person driving or in charge of any such car shall drive the car upon any bridge at any time when another heavy motor-car is on the bridge.

8. No heavy motor-car, except conservancy motor-cars belonging to the Corporation of Calcutta, shall be allowed to use any of the streets and public places mentioned in the first column of the following table between the hours specified in the second column:—

9. (1) No heavy motor-car which is used either as a stage carriage or otherwise for the conveyance of passengers for gain or hire shall draw a trailer.

Restriction on use of trailers.

(2) Not more than one trailer shall be drawn by any motor-car:

Provided that the Commissioner may, by order, for special reasons to be recorded by him, permit more than one trailer to be drawn by any such car upon such conditions (if any) as may be specified in such order.

10. The owner of every trailer shall cause to be printed or otherwise plainly marked on a conspicuous part of the right or off side of the trailer, in letters and figures not less than one inch in height, and of such shape and colour as to be clearly legible and clearly distinguishable from the colour of the ground whereon the said marking is made,—

- (a) the weight of the trailer when unladen, and
- (b) the axle-weight of each axle of the trailer, if the weight of the trailer when unladen exceeds one ton;

and shall cause the said marking to be from time to time repaired or renewed, as often as may be necessary to keep the said letters and figures clearly legible and clearly distinguishable.

Axle-weight of trailers.

11. The axle-weight of an axle of a trailer shall not exceed four tons.

12. (1) Whenever the Commissioner, or any officer duly authorized by him in this behalf, has reasonable ground for suspecting that the axle-weight for the time being of any axle of any heavy motor-car or trailer drawn thereby exceeds the registered or marked axle-weight of that axle, he may—

- (a) require the person driving or in charge of the car to drive the car, or cause it to be driven, with or without the trailer, to a weighing machine, and
- (b) cause the axle-weight for the time being of any such axle to be ascertained.

(2) The person driving or in charge of such car shall comply with any such requirement, and shall to the best of his ability afford all such facilities as may reasonably be necessary for the purpose of ascertaining the axle-weight as aforesaid.

13. To every trailer exceeding one ton in weight, when unladen, the wheels of which are fitted with tyres which are not pneumatic nor made of soft or elastic material, clause (c) of sub-rule (1) and sub-rules (2) and (3) of rule 5 in this Part shall apply, with the substitution—

- (a) of three inches for six inches as the minimum width of the tyres, and
- (b) of references to the axle-weights marked upon the trailer in pursuance of rule 10 for the references to registered axle-weights.

14. Rule 6 shall apply to every trailer exceeding one ton in weight when unladen, the wheels of which are fitted with tyres which are not pneumatic nor made of a soft or elastic material.

PART IV.—Motor-cabs ("Taxis").

1. For the purpose of these rules a "motor-cab" or "taxi-cab" means a light motor-car, as defined in Part I, which stands or plies for hire in any public place.

2. No light motor-car shall stand or ply for hire unless it is registered as a motor-cab. The registration of every motor-cab shall be renewed once every twelve months and no motor-cab may be used unless it holds a subsisting certificate.

3. On the registration of a motor-car as a motor-cab, a certificate of registration shall be granted by the Commissioner of Police.

4. Notwithstanding anything to the contrary in sub-rule (3) of rule 1 in Part II of these rules the fee payable for the first registration of a motor-car which is intended for use as a motor-cab shall be Rs. 16 and the fee payable for every re-registration of such a car shall be Rs. 8.

5. (1) A license to drive a motor-cab shall be in a form prescribed by the Commissioner of Police.

(2) The driver named in the license shall at all times when on duty with a motor-cab wear in a conspicuous position a metal badge to be supplied by the Commissioner of Police bearing the number of the license, such badge to remain the property of the Commissioner, and to be surrendered if the license is suspended or cancelled for any reason or on the expiry of the same.

(3) All changes in the licensee's address shall be at once notified to the Commissioner of Police by a written notice signed by the holder of the license, and quoting the number and date of the license.

(4) Neither the license nor the badge above referred to shall be transferred or lent to any other person under any circumstances whatever.

(5) A fee of Rs. 10 shall be paid to the Commissioner of Police on the issue of the license. No extra charge shall be made for the badge. If the license be suspended or cancelled for any breach of the rules or the conditions herein contained, a fee of Rs. 10 shall be payable when the license is re-issued or a new one granted.

(6) The license shall be in force for one year from the date of issue, and be subject thereafter to renewal annually on payment of Rs. 2.

(7) The holder of a license to drive a taxi-cab is entitled on application to receive also a license to drive a light motor-car without further examination or payment of fees.

6. An applicant for a motor-cab driver's license under these rules shall, before receiving such license, satisfy the Commissioner of Police that he is acquainted with the principal places and streets in and around Calcutta and Howrah, that he has a thorough knowledge of the prescribed rates for hire and that he is in all respects a fit person to be the driver of a motor-cab.

7. For any breach of these rules any motor-cab driver's license may be cancelled or suspended or otherwise dealt with by the Local Government.

8. (1) No motor-car shall be used as a motor-cab, unless it is fitted with a taxi-meter or other approved mechanical device for automatically and visibly registering on each occasion the fare to be charged according to the rates for distance or time or a combination of distance and time. The taxi-meter must be fixed to and operated from a "non-driving wheel." Every taxi-meter when in use shall be locked and sealed, so that it may not be tampered with.

(2) Every taxi-meter shall be fitted with an indicator or handle in the form of a flag on which shall be printed the words "for hire." The taxi-meter shall be so constructed that when the indicator is vertical the taxi-meter shall be out of action. Such indicator shall be so placed as to be clearly visible to any person outside of and in front of the vehicle, and to the hirer when inside.

(3) The vertical position shall indicate that the vehicle is available for hire, and no driver shall without reasonable excuse refuse to accept a fare when the indicator is in the vertical position.

(4) Any owner, driver, attendant or other person who shall break or tamper in any way with the seal placed on the taxi-meter, or who shall, with intent to deceive, tamper with the taxi-meter or the driving mechanism thereof, shall be deemed to have committed a breach of this rule.

9. Every taxi-meter referred to in rule 8 shall, after it is affixed to a motor-cab, whether for the first time or after repair or other readjustment, be submitted to the Commissioner of Police, or to such officer as he may empower in this behalf, for the purpose of examination as to correctness of fittings, and of subjection to a practical road-test over a measured distance of one mile and a time-test of not less than half an hour. If found to be correct, the taxi-meter and its fittings shall then be sealed to the motor-cab in such a manner that it cannot be removed or tampered with without the seals being broken or removed.

10. Every taxi-meter shall, at the end of each period of six months (the first of such periods commencing from the date of the test referred to in rule 9), be submitted to a test similar to that prescribed by rule 9:

Provided that every taxi-meter shall, at any time, if so required by the Commissioner of Police, be submitted to him or to such officer as he may empower in this behalf, for the purpose of undergoing such test or any portion thereof.

11. The owner of every motor-cab shall cause to be kept in the cab, for the inspection of the public, a register in which the testing officer referred to in rule 9 shall, after each of the tests prescribed in rules 9 and 10, enter the date and result of such test.

12. Every motor-cab shall be provided with a light so placed as to illuminate the taxi-meter at night.

13. In every motor-cab there shall be available for the inspection of customers a list of rates, and the fare charged for the hire of the motor shall not exceed the maximum fare calculated according to the scale of such of the said rates as may be applicable.

14. The driver of every motor-cab shall, as soon as he is hired and no sooner, set the taxi-meter in motion, and upon the termination of the hiring shall immediately stop the same. If he neglects or fails to do so, he shall be deemed to have committed a breach of this rule. But if a motor-cab is called from a garage or a stand to take up a passenger at any place less than 500 yards from the garage or stand, the taxi-meter shall not be set in motion until the motor-cab shall arrive at such place and be ready to take up the passenger:

Provided that in the event of a motor-cab whilst hired being unable to proceed from any mechanical derangement or tyre failure, either temporarily or otherwise, the driver shall at once stop the mechanism of the taxi-meter as against the hirer, and shall not re-start the same until such time as the defect is remedied.

15. A driver of a motor-cab shall, in the absence of reasonable cause to the contrary, proceed to the destination named by the hirer and by the shortest and quickest route.

16. The brakes of a motor-cab shall be so affixed as to be capable of easy application. At least one brake shall be so made as to be applied by the foot of the driver, and at least one shall act directly upon the road wheels.

17. All brake and steering connections secured with bolts shall have such bolts secured with nuts, the same to be locked or pinned.

18. Every motor-cab shall be capable of being readily steered, and able to turn on each lock and to proceed in a contrary direction within a roadway not more than 30 feet wide from kerb to kerb:

Provided that the Commissioner of Police may, in his discretion, grant a certificate of registration as a motor-cab to a motor-car intended for use as a motor-cab, if such car is capable of turning within a reasonable space over and above the said space of 30 feet.

19. The wheel-tracks of the front and the rear wheels must, so far as is possible, coincide (*i.e.*, the wheel-track of the rear wheels must be the same as the wheel-track of the front wheels); and in no case shall the width of the front wheel-track be less than that of the rear wheel-track or the wheel-tracks vary by more than $2\frac{1}{2}$ per cent. of the width.

20. All the underparts of a motor-cab inside the pivots of the front axle and steering arms (which must be placed as near as possible to the road wheels), as far back at least as the rear axle, must clear the ground at least 10 inches, sufficient allowance in addition being made to provide for the wear of the tyres, set of springs and other causes of lessened height, so that the minimum clearance of 10 inches is at all times maintained.

21. It shall be the duty of the owner to see that all parts of the mechanism of the car are periodically inspected and kept in proper working order, and a register shall be kept of such inspections in a convenient form giving such particulars as the Commissioner of Police may prescribe. This register shall be open at any reasonable time to the inspection of the Commissioner of Police or any person duly authorized by him in that behalf. Any failure to maintain this register or to produce it when called for by lawful authority shall be deemed to be a breach of this rule.

22. In every motor-cab the machinery shall be so constructed that no undue noise or vibration is caused, and shall be maintained in such condition at all times.

23. Carburetters must not, in any motor-cab, be placed in close proximity to magnetos or to connection of wires carrying an electric current, unless such magnetos and wire-connections are respectively screened off or encased in a suitable manner.

24. A second tap shall be provided between the tank and the carburetter, and shall be so constructed that it can be shut off or turned from the exterior of the car. Every motor-cab shall also carry some particular form of efficient fire-extinguisher.

25. No oil shall be allowed to drop upon the roadway, and where a tray or undershield is fixed below the mechanism of the car for the purpose of preventing this or for any other purpose, such tray or undershield shall be so placed or constructed that no petrol from the tank, supply pipe or carburetter can collect therein.

26. Tanks for petrol must be so placed that any overflow shall not fall on or soak into cushions, upholstery or floor mats in or about the body and the filling nozzle shall be brought to and permanently fixed to some point outside the body. No petrol shall be poured into the tank whilst the engine is running or whilst any lamp other than an electric lamp is burning in or on any portion of the car.

27. Effective means shall be provided in every motor-cab for preventing the heat of the motor or of the exhaust pipe connections from injuriously affecting other parts of the cab or interfering with the comfort of passengers. All wires carrying electric current must be properly insulated and protected from injury, and so placed that they cannot be a source of danger.

28. The outlet from the silencer shall not, in any motor-cab, be so placed as to project the exhaust directly on to the road, or be so placed or directed as to alarm horses that may be immediately behind the cab.

29. Every motor-cab shall have at least one driving wheel fitted with an approved means of preventing or limiting side slip, and shall carry at least one spare inflated tyre and rim or other approved device which can, if necessary, be quickly fitted to any wheel.

30. Every motor-cab shall be provided with a means of communication between passenger and driver.

31. Every motor-cab shall be provided with adequate means for the conveyance of a reasonable quantity of luggage, and with a sufficient number of chains, straps or other means of securing such luggage. No luggage shall be carried on the roof of the cab, unless there has been affixed thereto a guard rail of a type approved by the Commissioner of Police or by such officer as he may empower in this behalf.

32. Where acetylene or other gas is used to light the carriage, the cylinders or vessels which contain the gas or in which it is generated must be fixed outside in such a position as to minimize the danger of accidental ignition.

33. No celluloid or xylonite fittings shall be placed inside or outside any motor-cab:

Provided that this rule shall not apply to the inside of the accumulators contained in such cab.

34. No printed or written matter other than the sanctioned rates for hire or these rules shall appear on the outside of a motor-cab or be carried by way of advertisement. Small advertisements of a pattern to be approved by the Commissioner of Police may, however, be exhibited within the cab.

35. The cushions of the seats in every motor-cab shall be covered and stuffed with suitable material to be approved by the Commissioner of Police or by such officer as he may empower in this behalf.

36. The doors, windows, seats, roof, springs, wheels, cushions, linings, panels, etc., and all furniture and appointment of a motor-cab, shall be in proper order and repair, the paint and varnish in good condition and the inside perfectly clean. The floor shall be covered with a mat of rubber, coir or other suitable material.

37. The Commissioner of Police may prohibit the use of a motor-cab which is in his opinion unfit to ply for hire until such time as the defects are remedied to his satisfaction.

38. The carrying capacities of all motor-cabs shall be fixed by the licensing officer.

39. The driver of a motor-cab immediately after any hiring shall carefully search for any property accidentally left in it, and shall take the same within 24 hours, if not sooner claimed by the owner, to the nearest police-station.

40. The drivers at motor-cab stands shall observe the following rules, namely :—

- (1) The drivers of the first two motor-cabs on the stand must stay beside their cabs and must be ready to be hired at once by any person :

Provided that a hirer wishing to hire any particular car on the stand may do so.

- (2) All motor-cabs on the stand must move up as vacancies occur.
- (3) No motor-cab engaged for some future time shall remain on the stand unless the driver is willing to accept any intermediate hiring that may be offered.
- (4) No disabled motor-cab shall remain on the stand unless such disablement is strictly temporary, and can be and is remedied at once. If the disablement is not of such a nature, a notice (in a form to be approved by the Commissioner) shall be at once placed on the cab, to the effect that it cannot be used, and will be removed for repair :

Provided that no hired cab shall be suffered to stand across any street or thoroughfare or opposite the entrance of any street or carriage way.

41. No driver of a motor-cab shall—

- (a) be drunk during his employment,
- (b) make use of insulting or abusive language or gesture,
- (c) stand (elsewhere than at some stand or other place appointed for the purpose) or loiter for the purpose of being hired, in or upon any public street or road or place,
- (d) refuse to give way (when he reasonably and conveniently may do so) to any other vehicle,
- (e) wilfully obstruct or hinder the driver of any other motor-cab in taking up or setting down any person into or from such other motor-cab,
- (f) wrongfully prevent, or intend to prevent, the driver of any other motor-cab from being hired,
- (g) demand more than the proper fare to which he is legally entitled,

- (h) before he has been discharged by the hirer, desert from the hiring,
- (i) ply for hire with any motor-cab which is at the time unfit for public use, or
- (j) shout in order to attract the attention of the public or of a possible hirer, or, for any other reason, act in such a way as to cause inconvenience or annoyance to the public.

42. Every driver of a motor-cab shall wear a prescribed uniform which shall at all times be kept in good and serviceable condition.

43. No person shall wilfully deface or injure any motor-cab.

44. (1) A single tariff, as follows, shall be charged throughout the day and night within a five-mile radius from Government House, Calcutta, namely:—eight annas a mile for the first mile and two annas for every subsequent quarter of a mile.

(2) For journeys outside the five-mile radius, the said tariff shall be charged while the motor-cab is occupied, and if the return journey is made by the motor-cab unoccupied, an additional charge shall be made for the return journey to the nearest point on the five-mile circle. Such additional charge shall be at the rate of four annas a mile.

(3) If the motor-cab is licensed for more than two persons, and at any time during the hiring more than two persons are carried together, the driver shall be entitled to an extra payment of six annas for every person above two so carried, provided that if more than one of the persons are children under the age of 10 years the extra payment for each child shall be three annas only.

(4) The driver shall be entitled to a waiting charge at the rate of Re. 1-14 per hour or two annas for each four minutes, at all times during the day or night.

45. No hirer shall refuse or omit to pay the legal fare for the hire of a motor-cab; nor shall he refuse to supply his correct name and address to the driver in case of dispute in connection with the fare.

46. Notwithstanding anything contained in these rules, if there is anything in the construction, working or general appearance of a motor-cab which, in the opinion of the Commissioner of Police, renders the vehicle unfit for public use, it shall not be licensed.

PART V.—Motor-omnibuses.

1. For the purpose of these rules a "motor-omnibus" or "motor stage-carriage" means a motor-vehicle (not being a motor-cab) which plies for hire and has seating accommodation for eight or more passengers.

2. Every motor-omnibus plying for hire in a public place shall be registered annually and shall hold a subsisting certificate.

3. Notwithstanding anything to the contrary in sub-rule (3) of rule 1 in Part II of these rules, the fee payable for the first registration of a motor-car intended for use as a motor-omnibus shall be Rs. 16 and the fee payable for every re-registration of such a car shall be Rs. 8.

4. The conductor of a motor-omnibus or stage carriage shall, immediately after the completion of a journey, carefully search for any property accidentally left in it, and shall take the same within 24 hours, if not sooner claimed by the owner, to the nearest police-station.

5. (1) No person shall act as a conductor of a motor-omnibus unless he holds a subsisting license granted by the Commissioner of Police or some other competent authority authorising him to conduct a motor-omnibus, and no person shall employ any one to conduct a motor-omnibus who does not hold such a license, for which a fee of Rs. 10 is payable with an annual renewal fee of Rs. 2.

(2) No person shall act as a driver of a motor-omnibus unless he holds a subsisting license granted by the Commissioner of Police or some

other competent authority authorising him to drive a motor-omnibus, and no person shall employ any one to drive a motor-omnibus who does not hold such a license, for which a fee of Rs. 10 is payable with an annual renewal fee of Rs. 2.

(3) Every conductor and every driver of a motor-omnibus or stage carriage shall wear a prescribed uniform and badge.

6. No passenger shall refuse or omit to pay the legal fare for the journey in a motor-omnibus.

7. (1) Every motor-omnibus must be presented for inspection in thoroughly good condition, and no vehicle will be certified fit for public use unless it is properly painted and varnished. A proprietor may, if he so desires, apply for a preliminary inspection of the chassis.

(2) The following conditions must also be strictly complied with, namely:—

- (a) each new type of motor-vehicle intended for registration as a motor-omnibus must be presented at such place as the Commissioner of Police may appoint for inspection; and
- (b) the proprietor must at the time of inspection produce a certificate from the maker or importer stating that the materials, of which all the parts of the vehicle are constructed are good, that the machinery is safe, and that the vehicle is in every way fit for use as a public carriage.

8. (1) If, after inspection, the vehicle is approved, such approval may extend to all vehicles of that description, and others of the same type need not be again presented except as hereinafter provided, but may be taken to such place as the Commissioner may appoint to be registered and passed, provided a certificate from the maker or importer is submitted with each vehicle presented for registration, stating that it is in every respect similar to that already approved and respecting which a certificate has been furnished.

(2) Notwithstanding anything contained in sub-rule (1), if after the type has been passed, defects develop, which in the opinion of the Commissioner render it unsuitable as a type for public service, the Commissioner may withdraw such approval entirely or until the defects have been remedied to his satisfaction.

9. A certificate from the proprietor of the vehicle, stating that there has been no alteration in the design of the machinery since the previous inspection and date covered by the maker's or importer's certificate, must be presented with each omnibus submitted for renewal of registration. Should any alteration be made, full particulars of such must be stated and the same course of action may be required as for a first inspection.

10. Should it be deemed necessary, an expert, accepted by both parties, shall be employed to advise. The fee for the expert examination must be deposited by the proprietor with the Commissioner, which fee will be returned if the vehicle be passed without any alteration being required.

11. (1) When making application for the vehicle to be inspected the proprietor must specify the route or routes upon which and the hours between which he intends the vehicle to ply, and these routes may not be departed from except after due notice has been given to the Commissioner, and his permission obtained in writing.

(2) Nothing in sub-rule (1) shall be taken to prohibit a proprietor changing the route as often as he chooses, provided such route has been previously certified to be suitable for such vehicles.

12. Every motor-omnibus must be so constructed that the following maxima of weight are in no case exceeded:—

Weight.

Unloaded ... 3 tons.

Or, if the manufacturers prefer—

Back axle-weight laden ... 4 tons.
Front axle weight laden ... 2 „

The total weight shall not exceed six tons when the vehicle is in every respect ready for service and has its full lawful load; one hundred and forty lbs. each shall be allowed for the passengers, the driver and the conductor.

13. The length of the chassis of a motor-omnibus must not exceed 20 feet; but if the platform is to be constructed upon the frame the total length may be 21 feet, provided that the total length of the complete vehicle shall in no case exceed 21 feet.

Chassis-length.

14. All the underparts of the vehicle inside the pivots of the front axle and steering arms (which must be placed as near as possible to the road wheels) as far back at least as the rear axle must clear the ground at least 10 inches when the vehicle is fully loaded, sufficient allowance in addition being made to provide for the wear of the tyres, set of the springs, or other causes of lessened height, so that the minimum clearance of 10 inches is at all times maintained.

15. (1) The springs of the chassis must be properly hung, and must be of sufficient strength and flexibility to meet all likely contingencies.

Chassis-springs.

(2) The rear springs must be attached to, or bear upon the back axle or axle-casing as near to the road wheels as possible and the distance between the outer edges of such springs must not be less than 5 inches. Where a cross spring is used, it must be so applied that it shall not cause or increase side sway. The front springs must be as wide apart as possible, and be not less than 38 inches from outer edge to outer edge.

16. (1) The wheel-base must not exceed 14 feet 6 inches and it must in all cases be so proportioned to the load that the risk of skidding is reduced to a minimum.

Wheel-base.

(2) If it is found that a vehicle skids badly or cannot be held under proper control, the Commissioner may serve a notice on the proprietor "not to use the vehicle," and may refuse to license the vehicle again until the defects have been remedied.

17. The wheel-tracks of both front and rear wheels shall coincide, and the measurement from centre to centre taken in line with the axles must not be less than 5 feet 6 inches.

Wheel-track.

18. The road-wheels must be of sufficient and suitable diameter, but must not be made so heavy as to throw an undue strain upon the steering gear or other parts.

Road-wheels.

19. The materials of which the tyres are made must be soft and elastic, so as to reduce vibration. Sectional tyres must not be fitted to a vehicle submitted for inspection and license.

Chassis-tyre.

Chassis-breadth.

20. The breadth of the chassis must not be greater than 7 feet 6 inches at any part.

21. Every motor-omnibus must be fitted with at least two independent brakes, each capable of stopping and holding the vehicle under all conditions. They must also, where necessary, be fitted with an approved form of compensating device.

NOTE.—The maintenance of the brakes in perfect order is of the utmost importance, and this will be at all times insisted upon. They will at any time be subject to inspection by the Police.

22. The brakes shall be so fixed as to be capable of easy application, and at least one must be applied by a pedal. Brakes will not be deemed independent which are operated by pedals or levers acting through the same connections, upon the same brake blocks, or upon the same brake drums, and at least one must act directly upon the road-wheel without any connection with the propelling gear.

23. The operation of either brake must in no case declutch.

24. Motor-omnibuses, which are intended to ply upon routes which have bridges, will be subject to a special test, and additional brakes or further fittings may be required.

25. Each vehicle must be capable of being readily steered and of turning corners without unduly interfering with other traffic.

26. The steering arms and other connections of the vehicle must be of ample strength, and as far as possible protected from damage by collision.

27. The ball and socket joints of steering connections, when such are used, should not be pendant, but the longitudinal or transverse rods must be carried upon the ball.

28. All brake and steering connections secured with bolts or pins must have such bolts threaded and fitted with nuts, which latter must be locked or pinned. The whole of the brake and steering parts must be maintained in perfect order, and will be subject to inspection by the Police at any time.

29. All parts connected by bolts, or studs and nuts, subject to severe vibration, must be fastened by lock nuts, or by nuts and approved spring or lock nut washers, to prevent their working loose and causing noise, and any vehicle with lamp brackets or other fittings loose, and likely to cause unnecessary noise, will be regarded as unfit for public service.

30. The machinery must be so constructed that no undue noise or vibration arises from its use.

NOTE.—The maintenance of the vehicle in a satisfactory condition in this respect will be strictly enforced.

31. Every vehicle must be submitted at a time and place appointed, to be specially tested in respect of noise and vibration.

32. Every omnibus must be so geared that its highest speed shall not be in excess of the maximum laid down, *viz.*, 12 miles an hour.

33. When a vehicle is submitted for inspection, the gear ratio must be supplied and this ratio must not be altered without the authority of the Commissioner. The revolution of the engine when running at the speed which will give 12 miles an hour with the stated highest speed gear must also be supplied.

34. (1) The lubrication of the engine and the carburation of the working mixture must be so controlled that smoke shall not be emitted with the exhaust, or from any other part.

(2) The proprietor of a vehicle which is not properly maintained in accordance with the foregoing sub-rule may be served with a notice "not to use the vehicle" until the defect has been remedied.

35. Carburettors or other petrol receptacles, unless they are suitably encased or screened, must not be placed in close proximity to magnetos, or to connections of wires carrying electric current.

36. When a guard-tray, or undershield, is fixed beneath the engine and adjacent machinery, it must be so constructed that no overflow of petrol shall be retained in the tray.

37. Suitable and approved appliances for extinguishing fire must be carried in such a position as to be readily available for use.

38. Tanks for petrol or other liquid fuel must be made of suitable material, properly constructed, and of sufficient strength. They must be so placed that any overflow shall not fall upon woodwork, or accumulate where it can be readily ignited. The filling nozzle or inlet for the petrol or other liquid fuel should, where possible, be brought to the outside of the body.

39. All wires carrying electric current must be properly insulated and protected from injury, and so placed that they cannot be a cause of danger.

40. Effective means must be adopted for preventing the heat of the motor, generator or exhaust pipe connections from injuriously affecting any parts of the vehicle or the comfort of the passengers.

41. The exhaust pipe must not be led inside the tray or undershield or be fixed in such a position that oil, or any vaporizable or inflammable material is likely to be dropped upon it.

42. The outlet from the silencer must not be so placed as to project the exhaust directly to the rear or on to the roadway, or be so placed, or so directed as to alarm horses immediately behind the vehicle.

43. The machinery must be so constructed or placed that oil or grease from the bearings cannot drop on to the roadway. The proper maintenance of the vehicle in this respect will be strictly enforced.

44. When trays are fixed beneath the parts, they must have suitable webs for retaining the oil when ascending or descending inclines, or be otherwise suitably constructed with that object. Oil or other material collecting in the trays must be cleaned out frequently and not allowed to accumulate.

45. If requisite, a bar or bars, having an eye or bridle to surround the propeller shaft, must be so fixed, that in the event of either the shaft or gear-box breaking, other damage or danger therefrom is minimised.

46. Driving chains and sprockets must be protected by a suitable guard.

47. The camber shall not ordinarily be more than 3 inches, but may if the proprietor so desires, be made up to but not exceeding 5 inches, provided the outside of the roof is so constructed as to give an equivalent in all respects to a 3-inch camber and the maximum height from the ground is not in any way increased.

48. The height inside measured in the centre line of the omnibus from the top of the floor battens to the lower edge of the hoop stick or other projections must not be less than 5 feet 10 inches nor more than 6 feet to the centre line of the roof-boards. From the ground to the spring of the roof outside, or the edge of the drip-boards, the height must not be greater than 9 feet, nor must the height to the outside centre of the roof be more than 9 feet 3 inches.

49. The width between seat backs must not be less than 56 inches where the seats are placed lengthwise.

50. At least 16 inches measured in a straight line must be allowed for each passenger on every seat, which seat must be fit and proper and convenient for sitting on. When cross or "garden" seats are fitted inside these must be at least 26 inches clear from the inside back of the seat in front of it so that there shall be room for the knees of passengers.

51. Corner pillars for bodies must be of sufficient strength, and the body must be properly ironed and stayed to give the necessary strength for the weight to be carried and to resist the effects of the vibration to which it is liable.

52. No seat will be permitted which, when occupied, is likely to cause obstruction to persons using the landing-board or gangways.

53. The backs of all seats must be closed to avoid unnecessary risk of the pockets of passengers being picked.

54. When cushions are provided for seats, they must be covered with leather, cloth of good quality, rattan or other suitable material.

55. The steps for entrance to the inside must be placed on the near side and at the rear of the vehicle. They must be safe and convenient; suitable and efficient means being provided by rails or bands to assist passengers entering and leaving. The lowest step shall not be more than 15 inches nor less than 10 inches above the ground.

56. The risers of all steps must be closed and the treads of each fitted with an approved form of tread-plate.

57. There must be proper ventilation, without the necessity for opening windows, except where small separate ventilating windows are provided, in which case suitable provision must be made for the opening to be adjustable.

58. When the side-lights are made to be lowered, such provision must be made (by means of guard rails or otherwise) that the arm of a passenger cannot be thrust through so as to be endangered by passing vehicles.

59. Effective means must be provided to prevent the rattling of window frames and glasses.

60. The vehicle must be suitably lighted inside and outside. Where acetylene or other gas is used, the cylinders or vessels which contain the gas or in which it is generated must be fixed outside in such a position as to be removed as far as possible from danger of accidental ignition. The pipes must be led along the outside of the vehicle, but not along the outside of the roof.

61. A hand-bulb horn, for giving due warning of the approach of the vehicle, must be provided.

62. Celluloid or xylonite fittings will not be permitted inside or outside the vehicle, but this does not apply to accumulator cells.

63. A box or other approved means must be fitted to the front and to the rear of the vehicle to show destination to which the vehicle is proceeding. The letters and background must be black and white, respectively, and the letters at least $4\frac{1}{2}$ inches high and proportionally thick.

64. The principal points of the route shall be subject to the approval of the Commissioner and must be painted in black or white letters not less than 4 inches high and of proportionate thickness, and be exhibited on boards to the front and rear of the vehicle. These boards shall be so made that the points of route are shown in geographical sequence according to the direction the vehicle is travelling. Route-boards may also be affixed to the sides of the vehicle.

65. The destination boards shall be illuminated by night in an approved manner for the guidance of intending passengers.

66. The following particulars must also be suitably painted on the omnibus:—

- (a) the weight and speed limit;
- (b) the full name and surname of proprietor, to be painted on each side clear of the wheels;
- (c) the words "Calcutta and Howrah Stage Carriages" and the number on the number plate, to be painted inside the omnibus and also outside at the back on the near side;
- (d) the fares, to be legibly painted inside the omnibus; and
- (e) the number of passengers which the vehicle is licensed to carry, to be legibly painted inside and outside the vehicle.

67. No advertisement in black and white will be allowed on the front of the vehicle nor will any writing or lettering be permitted when its form or position is such as to hide, or, in the opinion of the Commissioner, to interfere with the easy legibility of the destination indicators or route-boards.

68. (1) No printed, written or other matter shall appear on the outside or inside of the vehicle, or be carried by way of advertisement, except such, if any, as may be approved by the Commissioner.

(2) Advertisements approved by the Commissioner may be placed on the vehicle in the following positions:—

Front.—From the roof to top of guard-rail on either side, leaving space of 3 feet in the centre for the routes, etc.

Rear.— $\left\{ \begin{array}{l} \text{From the canopy to top of guard-rail upon that part not} \\ \text{required for the destinations and routes.} \\ \text{Step treads in corrugated plates, etc.} \end{array} \right.$

Sides.—From the roof to the top of guard-rails, the whole length.

Inside.— $\left\{ \begin{array}{l} \text{Roof boards.} \\ \text{Above ventilating windows.} \\ \text{Ventilating windows.} \end{array} \right.$

Outside.—Seat-backs.

NOTE.—The colour of these advertisements must be entirely distinct from that of the route-boards, and they must be so placed or shown that no confusion in reading the routes, etc., is, in the opinion of the Commissioner, likely to arise.

69. No person, except a learner, fitter, or other official when specially authorised by the proprietor (such person to carry a special pass or badge), or a person authorised by the Commissioner, shall be allowed to ride beside the driver at any time.

70. No cans or other receptacle for oil, water, etc., are to be carried on the driver's footboard, nor may anything be placed in such a manner or position as will be likely to hamper the driver or otherwise give cause for complaint.

71. Each carriage must be fitted with an approved means for enabling passengers both inside and outside to signal to the driver or conductor when required.

72. Notwithstanding anything contained in these rules, if there is anything in the construction, working or general appearance of a motor-omnibus which, in the opinion of the Commissioner, renders the vehicle unfit for public use, it shall not be licensed.

PART VI.—Motor-lorries.

1. For the purpose of these rules "motor-lorry" means a motor-vehicle which is ordinarily used for the carriage of goods.

2. (1) Notwithstanding anything to the contrary in sub-rule (3) of rule 1, Part II of these rules, the fee payable for the first registration of the motor-lorry shall be Rs. 32 and fee payable for annual re-registration shall be Rs. 16.

(2) Every motor-lorry must be presented for inspection in thoroughly good condition, and no lorry will be certified fit for use unless it is properly painted. A proprietor may, if he so desires, apply for a preliminary inspection of the chassis.

(3) The following conditions must also be strictly complied with, namely:—

(a) Each new type of motor-vehicle intended for registration as a motor-lorry must be presented at such place as the Commissioner may appoint for inspection; and

(b) the proprietor must, at the time of inspection, produce a certificate from the maker or importer stating that the materials of which all the parts of the vehicle are constructed are good, that the machinery is safe, and that the vehicle is in every way fit for use as a motor-lorry.

(4) When making application for the motor-lorry to be inspected, the proprietor must specify the route or routes upon which and the hours between which, he intends the vehicle to ply and these routes and hours shall not be departed from except after due notice has been given to the Commissioner and his permission obtained in writing. The proprietor may, however, change the route as often as he chooses, provided such route has been previously certified to be suitable for heavy motor traction.

3. (1) If, after inspection, the vehicle is approved, such approval may extend to all vehicles of that description; and others of the same type need not be again presented, except as hereinafter provided, but may be taken to such place as the Commissioner may appoint, provided a certificate from the maker or importer is submitted with each vehicle presented for registration, stating that it is in every respect similar to that already approved.

(2) Notwithstanding anything contained in sub-rule (1), if, after the type has been passed, defects develop, which, in the opinion of the Commissioner, render it unsuitable as a type for private or public service, the Commissioner may withdraw such approval entirely, or until the defects have been remedied to his satisfaction.

4. A certificate from the proprietor, stating that there has been no alteration in the design of the machinery since the previous inspection and date covered by the maker's or importer's certificate, must be presented with each lorry submitted for renewal of registration.

Should any alteration be made, full particulars of such must be stated, and the same course of action may be required as for a first inspection.

5. Should it be deemed necessary, an expert accepted by both parties shall be employed to advise. The fee for the expert examination must be deposited by the proprietor with the Commissioner. This fee will be returned if the vehicle be passed without any alteration being required.

6. The length of the chassis of a motor-lorry must not exceed 25 feet but if the platform is to be constructed upon the frame, the total length may be 26 feet; provided that the total length of the complete vehicle shall in no case exceed 26 feet.

7. All the underparts of the vehicle inside the pivots of the front axle and steering arms (which must be placed as near as possible to the road wheels) as far back at least as the rear axle must clear the ground at least 10 inches when the vehicle is fully loaded; sufficient allowance in addition being made to provide for the wear of the tyres, set of the springs or other causes of lessened height so that the minimum clearance of 10 inches is at all times maintained.

8. (1) All chassis springs must be properly hung, and must be of sufficient strength and flexibility to meet all likely contingencies.

(2) The rear springs must be attached to or bear upon the back axle or the axle casing as near to the road-wheels as possible, and the distance between the outer edges of such springs must not be less than 45 inches.

Where a cross spring is used, it must be so applied that it shall not cause or increase side sway. The front springs must be as wide apart as possible, and not less than 38 inches from outer edge to outer edge.

9. (1) The wheel-base of the chassis must not exceed 16 feet 6 inches, and must in all cases be so proportioned to the load that the risk of skidding is reduced to a minimum.

(2) If it is found that a vehicle skids badly or cannot be held under proper control, the Commissioner may serve a notice on the proprietor "not to use the vehicle" and may refuse to license the vehicle again until the defects have been remedied.

10. The wheel-tracks of front and rear wheels shall coincide, and the measurement from centre to centre, taken in line with the axles, must not be less than 5 feet 6 inches.

11. The chassis road-wheels must be of sufficient and suitable diameter, but must not be made so heavy as to throw an undue strain upon the steering gear or other parts.

12. The breadth of the chassis must not be greater than 7 feet 6 inches at any part.

13. The chassis load shall not exceed 10 feet from the roadway in height or overlap the width of the lorry:

Provided that for special reasons to be recorded in writing the Commissioner of Police may permit the height of a load to exceed 10 feet.

14. Each vehicle must be fitted with at least two independent brakes, each capable of stopping and holding the lorry under all conditions. It must also, where necessary, be fitted with an approved form of compensating device.

NOTE.—The maintenance of the brakes in perfect order is of the utmost importance, and this will at all times be subject to inspection by the Police.

15. The brakes shall be so affixed as to be capable of easy adjustment, and at least one must be applied by a pedal. Brakes will not be deemed independent which are operated by pedals, or levers acting through the same connections, upon the same brake blocks, or upon the same brake drums, and at least one must act directly upon the road-wheels without any connection with the propelling gear.

16. The operation of either brake must in no case declutch.

17. Each vehicle must be capable of being readily steered and of turning corners without unduly interfering with other traffic.

18. The steering arms, and other connections of the vehicle, must be of ample strength, and so far as possible protected from damage by collision.

19. The ball and socket joints of steering connections, when such are used, should not be pendant, but the longitudinal or transverse rods must be carried upon the ball.

20. All brake and steering connections secured with bolts or pins must have such bolts threaded and fitted with nuts, which latter must be locked or pinned. The whole of the brake and steering parts must be maintained in perfect order and will be subject to inspection by the Police at any time.

21. All parts connected by bolts, or studs or nuts, subject to severe vibration, must be fastened by lock nuts, or by nuts and approved spring or lock nut washers, to prevent their working loose and causing noise, and any lorry with lamp brackets or other fittings loose, and likely to cause unnecessary noise, will be regarded as unfit for service.

22. The machinery must be so constructed that no undue noise or vibration arises from its use.

NOTE.—The maintenance of the carriage in a satisfactory condition in this respect will be strictly enforced.

23. Every new vehicle must be submitted at a time and place appointed, to be specially tested in respect of noise and vibration.

24. (1) The lubrication of the engine and the carburation of the working mixture must be so controlled that smoke shall not be emitted with the exhaust, or from any other part.

(2) The proprietor of a vehicle which is not properly maintained in accordance with the foregoing sub-rule will be served with a notice "not to use the vehicle" until the defect has been remedied.

25. Carburettors or other petrol receptacles, unless they are suitably encased or screened, must not be placed in close proximity to magnetos, or to connections of wires carrying electric current.

26. The guard-tray, or undershield, fixed beneath the engine and adjacent machinery, must be so constructed that no overflow of petrol shall be retained in the tray.

27. Suitable and approved means for extinguishing fire must be carried in such a position as to be readily available for use.

28. Tanks for petrol or other liquid fuel must be made of suitable material properly constructed, and of sufficient strength. They must be so placed that any overflow shall not fall upon woodwork, or accumulate where it can readily ignite. The filling nozzle or inlet for the petrol or other liquid fuel should, where possible, be brought to the outside of the body.

29. All wires carrying electric current must be properly insulated and protected from injury, and so placed that they cannot be a cause of danger.

30. Effective means must be adopted for preventing the heat of the motor, generator or exhaust pipe connections from injuriously affecting any parts of the vehicle.

31. The exhaust pipe must not be led inside the tray or undershield or be fixed in such a position that oil, or any vaporizable or inflammable material is likely to be dropped upon it.

32. The outlet from the silencer must not be so placed as to project the exhaust directly to the rear or on to the roadway, or be so placed, or so directed as to alarm horses immediately behind the vehicle.

33. The machinery must be so constructed or placed that oil or grease from the bearings cannot drop on to the roadway. The proper maintenance of the vehicle in this respect will be strictly enforced.

34. When trays are fixed beneath the parts, they must have suitable webs for retaining the oil when ascending or descending hills, or be otherwise suitably constructed with that object. Oil or other materials collecting in the trays must be cleaned out frequently and not allowed to accumulate.

35. If requisite, a bar or bars, having an eye or bridle to surround the propeller shaft, must be so fixed that in the event of either the shaft or gear-box breaking other damage or danger therefrom is minimised.

36. Driving chains and sprockets must be protected by a suitable guard.

37. Corner pillars for bodies must be of sufficient strength, and the body must be properly ironed and stayed to give the necessary strength for the weight to be carried and to resist the effects of the vibration to which it is liable.

38. Head-lights will not be permitted unless they are properly hooded or screened.

39. A hand bulb horn, for giving due warning of the approach of the vehicle, must be provided.

40. Notwithstanding anything contained in these rules, if there is anything in the construction, working or general appearance of a motor-lorry which, in the opinion of the Commissioner of Police, renders the carriage unfit for public use, it shall not be licensed.

Offg. Chief Secy. to the Govt. of Bengal.

[Second publication.]

IRRIGATION DEPARTMENT.

The 6th April 1915.

No. 4—*Notification.*—In supersession of those portions of Bengal Government notification No. 98, dated the 4th April 1893, and notification No. 10, dated the 22nd December 1906, which relate to the Hijili Tidal Canal and the portion of the Orissa Coast Canal lying in this Presidency, the following draft of (1) revised rules and (2) revised schedules of rates of tolls, which in exercise of the powers conferred by sections 6 and 11 of the Canals Act, 1864 (Bengal Act V of 1864), the Governor in Council intends to make and fix for the Hijili Tidal Canal and the portion of the Orissa Coast Canal lying in this Presidency, is published, as required by section 12 of that Act, for the information of persons likely to be affected thereby.

II. The draft will be taken into consideration on or after the 20th May 1915 and any objection or suggestion which may be received by the undersigned before that date will be duly considered.

F. A. A. COWLEY,

*Offg. Secy. to the Govt. of Bengal.**Draft Rules.*

1. Every vessel, entering or passing along any of the above lines of navigation, shall be liable to measurement for the purpose of ascertaining the amount of toll the vessel should pay according to the schedule of rates authorised by Government to be charged on the line of navigation.

2. The tonnage of every vessel, except loose timber and rafts, whether laden or empty, shall, for the purposes of the "Canals Act, 1864," and of these rules, be determined by the following measurements:—

- (a) The product of half the length of the vessel, measured along the water-line and round the contour of the vessel from centre of stem to centre of stern-post, multiplied by the interior greatest breadth of the vessel or by the greatest breadth of the cargo, should this overhang, or, as in the case of logs, be lashed alongside, multiplied by the greatest interior depth from the water-line to the bottom of the vessel, is to be taken as equal to the number of maunds upon which toll shall be levied.
- (b) The measurement of the length is to be made in feet, rejecting fractions of a foot, and the measurement of the breadth and depth in feet and quarters of feet, rejecting portions of less than a quarter of a foot.
- (c) In calculating the amount of toll to be levied, any portion of 100 maunds less than 10 maunds is to be omitted.
- (d) In calculating the amount of toll to be levied on steamers, an allowance of one-third the total maundage, as found under clauses (a), (b) and (c) is to be made for engine space.

3. Every vessel entering or passing along any of the above lines of navigation shall be furnished with a ticket on paying the prescribed toll. The ticket shall specify the station at which it has been issued, the name of the person in charge of the vessel, the date on which the voyage commenced, the point to which the vessel may proceed on the line of navigation, the maundage of the vessel, the amount of toll charged, the number of days allowed for the voyage, and the date of such last day. The

number of days so allowed, without additional payment shall be calculated at the rate of one day for every eight miles, or portion of eight miles, to be traversed, together with one day for every 200 maunds of measurement. In the case of rafts, one day for every five miles shall be allowed.

4. Toll may be paid at the first station, either for the entire number of toll-stations on the line of navigation or for any less number of stations.

5. The tickets thus given may be demanded for inspection by any duly authorised navigation officer, and must be kept on board and at hand for that purpose. They must be shown at each toll-station the vessel has to pass as a passport that no further payment of toll is to be demanded. The tickets shall be delivered up at the last toll-station.

Navigation officers shall have authority to check-measure vessels whenever they consider it necessary, and if the toll due according to the check-measurement exceeds that originally paid, the difference shall be payable at the toll-station of check-measurement, or at the next toll-station at which the vessel may arrive if the check-measurement was made at some point other than a toll-station. The officer collecting the difference shall endorse the ticket showing the measurements, and note the amount recovered in excess of the toll originally paid.

6. Owners or hirers of vessels may compound, by the payment of a fixed sum, for the use of the whole or any portion of the canals or any period that may be agreed upon, not exceeding one year. In such case the vessel shall be furnished with a ticket showing the amount of toll paid, the period for which the toll has been compounded, and the limits of the line of navigation within which the vessel may pass. Such ticket shall be kept on board the vessel, and shall be produced when required under rule 5, but shall be given up only on the date of the expiry of the period for which granted, and at the station from whence issued.

7. Duplicates of lost tickets of which the numbers and dates of entry can be satisfactorily established, will be granted by the officers in charge of toll-stations on payment of a fee of one rupee.

8. Every vessel, which does not complete its voyage within the number of days allowed by rule 3, shall, for each day or part of a day in excess, be liable to an extra charge equal to 8 annas per 100 maunds, calculated on the maundage of the vessel, as determined by rule 2. The charge for demurrage on timbers and rafts shall be as follows :—

Timber in rafts or loose	... One anna per timber per day.
Bamboos in floats	... Two annas per 100 per day.
Bullahs in rafts	... Eight annas per 100 per day.

Provided as follows :—

- (1) Exemption from payment of demurrage may be granted to vessels detained in canal by stress of weather or heavy traffic, steamers broken down and boats damaged, if immediate notice of the cause of detention be given at the nearest toll-station for the information of the Executive Engineer.
- (2) Missionary boats are exempted from payment of demurrage for lying in the canals.
- (3) Partial exemption from payment of demurrage is to be granted to boats thus :—
 - (a) by increasing the allowance of time for the voyage (see rule 3) which shall be calculated at the rate of one day for every 8 miles or portion of 8 miles to be traversed, together with one day for every 200 maunds of measurement or any portion of 200 maunds which is not less than 60 maunds (*N.B.*—from 60 to 190 maunds one day shall be allowed) ;

- (b) by granting the following extra times for the purpose of *bona fide* loading and unloading in the canals to—

	Days.
Cargo boats from 10 to 100 maunds of measurement...	5
" " from 110 to 200 maunds ...	8
" " from 210 to 300 maunds ...	10
" " from 310 to 400 maunds ...	12
" " of 410 maunds and upwards ...	14
Passenger boats of 10 maunds and upwards ...	3

The extra times will be granted to boats which either load or unload or both in the canals, but will not apply to boats which both enter and leave the canal empty, the time allowed being as laid down in rule 3 only.

- (c) Boats plying in the Balighye main and branch drains will be allowed extra times as noted above for both journeys—entering and leaving—separately, even if plying empty.

9. Boats are allowed to be moored while waiting for cargo or otherwise, or may be loaded and unloaded, anywhere in the canals, except within 500 feet of any lock *and within 150 feet on either side of any sluice* and except where specially prohibited by the canal staff. *In any case they must complete the voyage within the time allowable to them* under these orders, otherwise demurrage will be charged.

10. No boat is permitted to moor in the outer channels of any lock. The channels to which this prohibition extends are as follows:—

Gewankhali.—Between the Gewankhali lock and the Gewankhali khal.

Etamagra.—Between the Etamagra lock and the Haldi river.

Terpakia.—Between the Terapakia lock and the Haldi river.

Kalinagar.—Between the Kalinagar lock and the Sadar khal.

Bhaitgar.—Between the Bhaitgar lock and the Rasulpur river.

No boats will be allowed, under any circumstances, to drop an anchor or to moor to both banks in any lock, entrance or in the canals, except in the case of severe stress of weather.

11. Except with the written permission of a navigation officer, no goods or cargo may be deposited on any bank, berm or land appertaining to the canal at places other than those notified by the Superintending Engineer of the circle as available for such a purpose. Any person depositing goods in contravention of this rule shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 50.

12. Navigation officers may order consignors or consignees or owners to remove their goods from the places notified as available for depositing cargo under rule 11. Goods not finally removed within a period of six days from the receipt of such order shall be liable to a charge of four annas per 100 maunds for each day or part of a day after the expiry of six days until finally removed.

13. Any vessel whose extreme dimensions exceed 130 feet in length and 19 feet in *breadth including goods overhanging* is prohibited from entering or passing along the canals or a line of navigation without the special permission in writing of the Executive Engineer; also no vessel exceeding 40 feet in length and 8 feet in *breadth including goods overhanging* will be allowed to enter or pass along the Balighye drain from Chowmook to Tikrapara and the branch drain from Chowmook to the Balighye Road bridge.

14. It will not be compulsory for the locks to be opened to single vessels of less than 500 maunds burden, except in the case of mail or despatch boats or passenger or cargo-boats in tow of steam-vessels; but the locks shall be opened for the passage of boats at least twice a day.

15. *Mooring*.—All vessels stopping at night must be moored head and stern to the bank of the channel or wherever specially ordered.

Only one line of vessels shall be allowed to pass along a canal or to make fast along and in a line with the canal banks or along and in a line with the banks of the river entrance to the locks, and no vessel shall be made fast, or be placed outside of vessels so secured, without the permission of a navigation officer. No vessel shall, however, be placed in such a position as to endanger the safety of other vessels, to obstruct their passage, or to impede the navigation.

16. *Rule of the Road.*—When under sail, vessels are to keep in the centre of the channel. When being tracked, vessels are, wherever practicable, to keep to starboard or right side of the channel. Vessels meeting in a canal, except when being tracked, must keep to their right when passing, and when one vessel overtakes another, the former must pass on the left. When vessels, one of which is sailing and the other steaming, meet in a canal, the sailing vessel must keep to the leeward. A steamer passing any vessel is bound to go at a speed not greater than half speed.

17. *Lights and signals.*—All vessels, whether travelling or moored in a line of navigation, must, between sunset and sunrise, carry a white light, in a lantern on the forepart of the vessel where it can be distinctly seen from *all sides*. All steam-vessels in motion shall carry the lights prescribed by the Board of Trade Regulations. Barges or boats attached to a steam-vessel, whether in motion or moored, shall carry the white light prescribed above.

Where signals are used, no vessel shall enter or attempt to enter the entrance channel of a lock when a red flag or red light is displayed at the end of the lock next her, "*but shall wait until the signal intimating 'all clear' is displayed.*" Steam-vessels approaching a lock shall whistle when a mile distant, and shall continue to whistle at intervals, until the signal intimating that the lock is open or closed is displayed, or, if no signals are used, until arrival.

18. *Crews and Attendants.*—Every vessel when stationary shall be securely fastened, and shall at all times have some person in attendance on board. Every vessel in motion shall have a sufficient crew.

19. *Fittings.*—Vessels must have their masts, high awnings, and funnels fitted so that they can be let down with ease and speed, and no bamboos or poles shall be erected on or by vessels when at anchor.

20. *Conduct of navigation.*—Vessels are prohibited from making fast to any portion of the lock-gates or gearing, and steamers are prohibited from making fast the tow-lines of their boats until the latter are clear of the locks. Steamers are prohibited from lashing boats or barges alongside while proceeding within locks. Towing ropes of a greater length than 50 feet are not to be used in a canal. The throwing of cinders into any canal is prohibited; they are to be deposited on the banks.

21. In every case of wreck or obstruction of the channel by sunken vessels, the Supervisor of the line of navigation or of a part of it may call upon the person in charge of the vessel to remove the same without delay, and shall give every reasonable assistance towards so doing. But should the owner of the vessel or raft be not forthcoming, or should he not use reasonable expedition in removing the obstruction, or should he decline or fail to use proper assistance which may be offered to him by the Supervisor, this officer may, under the provisions of section 14 of the Act, undertake the removal of the obstruction himself at the cost of the owner of the boat, recovering the expense in the manner laid down in section 9 of the "Canals Act, 1864".

In the case of emergency and in the temporary absence of the Supervisor from the place where the obstruction occurred any navigation officer present must at once report the matter to the Supervisor.

22. If the Supervisor be unable to ascertain the name and place of business or of abode of the owner of the cargo of any vessel or boats seized under the "Canals Act", he shall notify the seizure in the most public manner available.

23. In the event of any damage or injury being occasioned to the canal works by wilfulness or negligence on the part of any person in charge of a vessel, the navigation officers may detain the vessel at any point within the canal for a period not exceeding 48 hours; provided that, within that period, the navigation officers shall lodge a complaint against such person in charge of the vessel before a Magistrate under section 16 of the "Canals Act".

24. For any contravention of rules 15, 16, 17, 18, 19 and 20, the person in charge of the vessel shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 50.

25. The term "navigation officers" as used in the foregoing rules shall include all persons appointed under section 8 of the "Canals Act, 1864", and all Public Works Officers or subordinates in charge of the canal not below the grade of Sub-Overseer.

26. The canals may be closed once a year for effecting the necessary repairs to them on one month's notice of the intention so to close them being given; but in the event of any sudden emergency, the canals may be closed at any time without prior notice, and no claim in such case by owners of vessels or others for compensation on account of detention shall be entertained.

F. A. A. COWLEY,

Offg. Secy. to the Govt. of Bengal.

RULES.

1. Wherever mooring posts have been put up by the Supervisor, vessels must be made fast by the bow and stern along the banks to such posts, or in such other manner as the Supervisor may direct.

2. As the water falls, the bow and stern ropes must be slackened, and boats gradually pushed towards the centre of the canal; when the flood comes in these two ropes must be gradually hauled in, and the boat kept as close to the bank as possible.

3. In portions of the canals where only one towing-path exists, vessels must be moored on the off-side, and the towing-path side must always be kept clear.

4. Only one boat is allowed to make fast along and in line with the canal banks, and no boat is to be made fast or be placed outside of boats so secured without the special permission of the Supervisor. No boat or raft is to be placed in such a position as to endanger the safety of other boats, or obstruct the passage of other boats; but all boats are to be placed in such places and in such a manner as the Supervisor or Inspector may at any time direct.

5. The Supervisor may, by notification, prohibit the dropping of anchors or the putting up of bamboos or *luggees* in any part of the canals or banks, and in such part no anchors must be dropped or bamboos or *luggees* put up.

6. Boats whilst loading or unloading in the canals are allowed to use ladders, but the ladders must be gradually taken in as the water rises.

7. In order to avoid collision and confusion, boats waiting for a favourable tide at the junction of two or more rivers must be moored at a distance of not less than 1,000 feet from the point of junction.

8. No person is allowed to place any obstruction on the canal banks, roads, drains or bridges (when such are on canal land) so as to impede a free passage along them, or cause injury to them, or to commit a nuisance, or deposit filth of any sort on the banks, bridges or roads or in the canals.

9. No person shall wilfully or negligently allow a vessel to sink in the canals.

10. In every case of wreck caused by negligence or otherwise, the Supervisor and his subordinates must give all possible assistance in removing the same.

11. A notice must be affixed on a wreck when recovered, calling on those concerned to pay to the Supervisor all tolls which may be due, or any fine which may have been adjudged, as well as the expenses incurred in the recovery or removal of the wreck; and intimating that if the sum be not paid within fifteen days of the date of notice, the boat and its furniture, or so much of it as may be necessary for the recovery of the dues, will be sold, the proceeds of the sale being dealt with as directed in section 9 of the Canals Act, 1864.

12. Every Canal officer is authorized to remove any vessel, anchor, pole or other thing which he may find in a position which is in contravention of these rules, and to deal with it in such a manner as may be necessary to give effect to the rules.

13. Whenever any laden vessel is seized by a Canal Officer, it is the duty of the Supervisor to give immediate notice of the same to the owner or his agent, requiring the removal of the cargo without delay, and informing him that he will be required to pay all expenses necessary for the proper custody and storage of the same.

14. If the Supervisor be unable to ascertain the name and place of business or abode of the owner of the cargo of any vessel or boat seized under the said Act, he must notify the seizure by advertisement in his office and in one or more of the public newspapers. Such notice shall require the owner to cause the immediate removal of the cargo, and to pay any necessary expenses incurred in providing for its proper custody and storage.

15. The Supervisor may incur whatever expense he may think necessary for the proper custody and storage of the cargo of any vessel seized under the Act, and if the cargo be not removed within ten days from the date of seizure, he may sell the same at public auction to the highest bidder, after giving ten days' notice of the same by advertisement in his office and in one or more of the public newspapers.

16. The money realized at such a sale is to be applied, in the first instance, to defray any expenditure that may have been incurred by the Supervisor on account of the cargo sold and the balance, if any, is to be held in deposit to be paid to the owner of the said cargo on his applying for the same.

17. No officer of any description or rank employed on the canal shall, either directly or indirectly, bid for or purchase any articles sold under these rules or under the provisions of the Act.

18. Any person (other than the Supervisor or his subordinates) who, either personally, or by his servant, infringes any of these rules, shall be liable to a fine not exceeding fifty rupees for any one infringement, and to a fine not exceeding five rupees a day for any continued infringement.

PROPOSAL TO RAISE THE STATUS OF THE ALBERT VICTOR INSTITUTION AT BELGACHIA TO THAT OF A COLLEGE.

FINANCIAL DEPARTMENT.

MEDICAL.

CALCUTTA, THE 20TH APRIL 1915.

RESOLUTION—No. 856Med.

THE question of the future development of the medical profession in Bengal has for some time past received the careful consideration of Government and important steps have been taken to increase its position and prestige, to improve its prospects and to safeguard its future. It is hoped that the passing of the Bengal Medical Registration Act will eventually establish the profession as a self-governing body with high ideals and a recognized hall-mark, protected from the unfair competition of unqualified men. The opportunities of practitioners outside Government service have been enlarged by the restriction of the employment of Government officers in dispensaries which are not under State management, by the opening of some of the house appointments at the Medical College Hospital to private practitioners, and by the association of private practitioners as an honorary staff in charge of beds at the Mayo and Sambhu Nath Pundit Hospitals. Lastly the institution of the State Medical Faculty has provided on a sound basis an entrance to the profession for those who are unable to reach the high standard required for admission through the University examinations. The membership of the State Faculty provides a hall-mark intermediate between the University degree and the license hitherto given in the Government Medical Schools, while the license examination of the Faculty provides a means of co-ordinating the standards of the Government medical schools and of those private schools which it is hoped will in the future succeed in obtaining the approval of the Council of Medical Registration to their teaching and training.

2. Although however a considerable advance has been made in these directions, the fact still remains that the number of candidates for the higher branches of medical education is limited by the accommodation provided in the Medical College, and it is impossible to increase this accommodation without the provision of another college. The Committee of the Albert Victor Institution at Belgachia therefore approached Government with a scheme to affiliate the institution to the University and provide a second fully equipped college for higher medical education with the object of increasing the number of fully qualified medical men, while improving the

position of the independent medical profession in Bengal by enabling it to take a worthy share in the teaching and training of its successors. With both these objects His Excellency in Council is in full sympathy, and although Government has been unable to recognize in the past the training given at Belgachia owing to the defects in its equipment, the good work done by the institution has always been appreciated and Government has at various times given substantial marks of its sympathy by grants to the hospital, and in the past year or so has given Rs. 35,000 for land acquisition and has recently advanced another Rs. 38,000 for the same purpose and has given a grant of Rs. 18,000 to the hospital last year to tide it over temporary difficulties. To carry out the scheme thus put forward it would be necessary to improve the hospital and increase its accommodation from 100 to 200 beds and to build entirely new lecture-rooms, laboratories, etc. The institution is already in possession of about 5 acres of ground, and with some slight addition this area would be sufficient to accommodate the buildings, but the cost of the new buildings and equipment would be at least 7½ lakhs, while the recurring cost of the hospital and school would be about Rs. 1,20,000. It was recognized that for the success of the scheme very considerable Government assistance both initial and recurring would be required, while at the same time it was an important feature of the proposal that the independent medical profession should be given an opportunity of showing that they were competent not only to teach the rising generation of medical students but also to administer without detailed official interference a Medical College and Hospital of the importance and standing that Belgachia will have if the proposals are carried out, and therefore the detailed supervision that would ordinarily be a condition of a large grant of public money must be reduced to a minimum. The details of the scheme finally agreed upon with the Committee were the following. The Belgachia Institution should cease at once to have any further connection with vernacular or school education and should erect the buildings and set up the equipment necessary to obtain affiliation to the M. B. course from the University. Of the cost of this it was proposed that Government should provide 5 lakhs and the institution should raise 2½ lakhs; the plans of the buildings to be erected must be approved by the Surgeon-General with the Government of Bengal and the work would be done under the supervision of the Public Works Department, and the institution before receipt of the grant must execute a deed in favour of Government on the lines of those required from other educational institutions in return for Government grants. When affiliation has been obtained the efficiency of the teaching and equipment in conformity with the University regulations will be enforced by inspection on behalf of the University, while the general control and financial administration will be in the hands of an executive committee of nine. It was proposed that Government should give a grant of Rs. 50,000 a year, while it was anticipated that Rs. 30,000 would be received annually from the municipalities and Rs. 10,000 from the University, the remainder of the recurring cost being met by fees and endowments. The Government grant which would be divided between the hospital and college would be dependant on the result of the reports of the University inspectors and of the Government officers who should be at liberty to inspect the hospital at any time; and in consideration of the grant Government would nominate three of the members of the executive committee. The hospital would be under the administration and management of a Superintendent whose appointment would be subject to the approval of Government and who would work under the executive committee. It was further proposed that the first Superintendent should be attached for six months to the Campbell Hospital and then receive from Government a scholarship of £ 200 for one year, with a return passage to Europe, to enable him to undergo a practical training in a large hospital in Europe. The Government regulation and forms, altered where necessary, were to be maintained in the hospital and the accounts would be audited annually by approved auditors.

4. The assistance which it was proposed that Government should give was very large, but His Excellency in Council considered that it was very desirable that the experiment of a properly equipped college and hospital

under the management and control of private practitioners was one of very great importance and should be conducted under the most favourable conditions, and that Government should do all that was reasonably possible on its part to ensure success. The sanction of the Secretary of State has now been received to the grant of 5 lakhs from Provincial Revenues and a recurring grant of Rs. 50,000 a year to the college and hospital on the conditions set forth above; the grant of a scholarship of £ 200 for one year has also been sanctioned. But it is expressly stipulated that no part of the 5 lakhs initial grant shall be given until the Committee have raised the 2½ lakhs for which they have undertaken to be responsible and that the recurring grant of Rs. 50,000 shall not commence until the annual grant of Rs. 30,000 from the municipalities and Rs. 10,000 from the University are definitely made. It now therefore rests with the Committee to fulfil their part of the arrangement and collect the necessary funds; thereafter the success of the experiment in which His Excellency in Council takes the very deepest interest will depend upon the independent medical profession in Bengal.

By order of the Governor in Council,

H. L. STEPHENSON,

Secretary to the Government of Bengal.

IRRIGATION DEPARTMENT.

The 6th April 1915.

No. 4—Notification.—In supersession of those portions of Bengal Government notification No. 98, dated the 4th April 1893, and notification No. 10, dated the 22nd December 1906, which relate to the Hijili Tidal Canal and the portion of the Orissa Coast Canal lying in this Presidency, the following draft of (1) revised rules and (2) revised schedules of rates of tolls, which in exercise of the powers conferred by sections 6 and 11 of the Canals Act, 1864 (Bengal Act V of 1864), the Governor in Council intends to make and fix for the Hijili Tidal Canal and the portion of the Orissa Coast Canal lying in this Presidency, is published, as required by section 12 of that Act, for the information of persons likely to be affected thereby.

II. The draft will be taken into consideration on or after the 20th May 1915 and any objection or suggestion which may be received by the undersigned before that date will be duly considered.

F. A. A. COWLEY,

*Offg. Secy. to the Govt. of Bengal.**Draft Rules.*

1. Every vessel, entering or passing along any of the above lines of navigation, shall be liable to measurement for the purpose of ascertaining the amount of toll the vessel should pay according to the schedule of rates authorised by Government to be charged on the line of navigation.

2. The tonnage of every vessel, except loose timber and rafts, whether laden or empty, shall, for the purposes of the "Canals Act, 1864," and of these rules, be determined by the following measurements:—

(a) The product of half the length of the vessel, measured along the water-line and round the contour of the vessel from centre of stem to centre of stern-post, multiplied by the interior greatest breadth of the vessel or by the greatest breadth of the cargo, should this overhang, or, as in the case of logs, be lashed alongside, multiplied by the greatest interior depth from the water-line to the bottom of the vessel, is to be taken as equal to the number of maunds upon which toll shall be levied.

(b) The measurement of the length is to be made in feet, rejecting fractions of a foot, and the measurement of the breadth and depth in feet and quarters of feet, rejecting portions of less than a quarter of a foot.

(c) In calculating the amount of toll to be levied, any portion of 100 maunds less than 10 maunds is to be omitted.

(d) In calculating the amount of toll to be levied on steamers, an allowance of one-third the total maundage, as found under clauses (a), (b) and (c) is to be made for engine space.

3. Every vessel entering or passing along any of the above lines of navigation shall be furnished with a ticket on paying the prescribed toll. The ticket shall specify the station at which it has been issued, the name of the person in charge of the vessel, the date on which the voyage commenced, the point to which the vessel may proceed on the line of navigation, the maundage of the vessel, the amount of toll charged, the number of days allowed for the voyage, and the date of such last day. The

number of days so allowed without additional payment shall be calculated at the rate of one day for every eight miles, or portion of eight miles, to be traversed, together with one day for every 200 maunds of measurement. In the case of rafts, one day for every five miles shall be allowed.

4. Toll may be paid at the first station, either for the entire number of toll-stations on the line of navigation or for any less number of stations.

5. The tickets thus given may be demanded for inspection by any duly authorised navigation officer, and must be kept on board and at hand for that purpose. They must be shown at each toll-station the vessel has to pass as a passport that no further payment of toll is to be demanded. The tickets shall be delivered up at the last toll-station.

Navigation officers shall have authority to check-measure vessels whenever they consider it necessary, and if the toll due according to the check-measurement exceeds that originally paid, the difference shall be payable at the toll-station of check-measurement, or at the next toll-station at which the vessel may arrive if the check-measurement was made at some point other than a toll-station. The officer collecting the difference shall endorse the ticket showing the measurements, and note the amount recovered in excess of the toll originally paid.

6. Owners or hirers of vessels may compound, by the payment of a fixed sum, for the use of the whole or any portion of the canals or any period that may be agreed upon, not exceeding one year. In such case the vessel shall be furnished with a ticket showing the amount of toll paid, the period for which the toll has been compounded, and the limits of the line of navigation within which the vessel may pass. Such ticket shall be kept on board the vessel, and shall be produced when required under rule 5, but shall be given up only on the date of the expiry of the period for which granted, and at the station from whence issued.

7. Duplicates of lost tickets of which the numbers and dates of entry can be satisfactorily established, will be granted by the officers in charge of toll-stations on payment of a fee of one rupee.

8. Every vessel, which does not complete its voyage within the number of days allowed by rule 3, shall, for each day or part of a day in excess, be liable to an extra charge equal to 8 annas per 100 maunds, calculated on the maundage of the vessel, as determined by rule 2. The charge for demurrage on timbers and rafts shall be as follows:—

Timber in rafts or loose	... One anna per timber per day.
Bamboos in floats	... Two annas per 100 per day.
Bullahs in rafts	... Eight annas per 100 per day.

Provided as follows:—

(1) Exemption from payment of demurrage may be granted to vessels detained in canal by stress of weather or heavy traffic, steamers broken down and boats damaged, if immediate notice of the cause of detention be given at the nearest toll-station for the information of the Executive Engineer.

(2) Missionary boats are exempted from payment of demurrage for lying in the canals.

(3) Partial exemption from payment of demurrage is to be granted to boats thus:—

(a) by increasing the allowance of time for the voyage (see rule 3) which shall be calculated at the rate of one day for every 8 miles or portion of 8 miles to be traversed, together with one day for every 200 maunds of measurement or any portion of 200 maunds which is not less than 60 maunds (*N.B.*—from 60 to 190 maunds one day shall be allowed);

(b) by granting the following extra times for the purpose of *bona-fide* loading and unloading in the canals to—

	Days.
Cargo boats from 10 to 100 maunds of measurement ...	5
„ „ from 110 to 200 maunds ...	8
„ „ from 210 to 300 maunds ...	10
„ „ from 310 to 400 maunds ...	12
„ „ of 410 maunds and upwards ...	14
Passenger boats of 10 maunds and upwards ...	3

The extra times will be granted to boats which either load or unload or both in the canals, but will not apply to boats which both enter and leave the canal empty, the time allowed being as laid down in rule 3 only.

(c) Boats plying in the Balighye main and branch drains will be allowed extra times as noted above for both journeys—entering and leaving—separately, even if plying empty.

9. Boats are allowed to be moored while waiting for cargo or otherwise, or may be loaded and unloaded, anywhere in the canals, except within 500 feet of any lock *and within 150 feet on either side of any sluice* and except where specially prohibited by the canal staff. *In any case they must complete the voyage within the time allowable to them* under these orders, otherwise demurrage will be charged.

10. No boat is permitted to moor in the outer channels of any lock. The channels to which this prohibition extends are as follows:—

Gewankhali.—Between the Gewankhali lock and the Gewankhali khal.

Etamagra.—Between the Etamagra lock and the Haldi river.

Teripakia.—Between the Teripakia lock and the Haldi river.

Kalinagar.—Between the Kalinagar lock and the Sadar khal.

Bhaitgar.—Between the Bhaitgar lock and the Rasulpur river.

No boats will be allowed, under any circumstances, to drop an anchor or to moor to both banks in any lock, entrance or in the canals, except in the case of severe stress of weather.

11. Except with the written permission of a navigation officer, no goods or cargo may be deposited on any bank, berm or land appertaining to the canal at places other than those notified by the Superintending Engineer of the circle as available for such a purpose. Any person depositing goods in contravention of this rule shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 50.

12. Navigation officers may order consignors or consignees or owners to remove their goods from the places notified as available for depositing cargo under rule 11. Goods not finally removed within a period of six days from the receipt of such order shall be liable to a charge of four annas per 100 maunds for each day or part of a day after the expiry of six days until finally removed.

13. Any vessel whose extreme dimensions exceed 130 feet in length and 19 feet in *breadth including goods overhanging* is prohibited from entering or passing along the canals or a line of navigation without the special permission in writing of the Executive Engineer; also no vessel exceeding 40 feet in length and 8 feet in *breadth including goods overhanging* will be allowed to enter or pass along the Balighye drain from Chowmook to Tikrapara and the branch drain from Chowmook to the Balighye Road bridge.

14. It will not be compulsory for the locks to be opened to single vessels of less than 500 maunds burden, except in the case of mail or despatch boats or passenger or cargo-boats in tow of steam-vessels; but the locks shall be opened for the passage of boats at least twice a day.

15. *Mooring*.—All vessels stopping at night must be moored head and stern to the bank of the channel or wherever specially ordered.

Only one line of vessels shall be allowed to pass along a canal or to make fast along and in a line with the canal banks or along and in a line with the banks of the river entrance to the locks, and no vessel shall be made fast, or be placed outside of vessels so secured, without the permission of a navigation officer. No vessel shall, however, be placed in such a position as to endanger the safety of other vessels, to obstruct their passage, or to impede the navigation.

16. *Rule of the Road.*—When under sail, vessels are to keep in the centre of the channel. When being tracked, vessels are, wherever practicable, to keep to starboard or right side of the channel. Vessels meeting in a canal, except when being tracked, must keep to their right when passing, and when one vessel overtakes another, the former must pass on the left. When vessels, one of which is sailing and the other steaming, meet in a canal, the sailing vessel must keep to the leeward. A steamer passing any vessel is bound to go at a speed not greater than half speed.

17. *Lights and signals.*—All vessels, whether travelling or moored in a line of navigation, must, between sunset and sunrise, carry a white light, in a lantern on the forepart of the vessel where it can be distinctly seen from *all sides*. All steam-vessels in motion shall carry the lights prescribed by the Board of Trade Regulations. Barges or boats attached to a steam-vessel, whether in motion or moored, shall carry the white light prescribed above.

Where signals are used, no vessel shall enter or attempt to enter the entrance channel of a lock when a red flag or red light is displayed at the end of the lock next her, "*but shall wait until the signal intimating 'all clear' is displayed.*" Steam-vessels approaching a lock shall whistle when a mile distant, and shall continue to whistle at intervals, until the signal intimating that the lock is open or closed is displayed, or, if no signals are used, until arrival.

18. *Crews and Attendants.*—Every vessel when stationary shall be securely fastened, and shall at all times have some person in attendance on board. Every vessel in motion shall have a sufficient crew.

19. *Fittings.*—Vessels must have their masts, high awnings, and funnels fitted so that they can be let down with ease and speed, and no bamboos or poles shall be erected on or by vessels when at anchor.

20. *Conduct of navigation.*—Vessels are prohibited from making fast to any portion of the lock-gates or gearing, and steamers are prohibited from making fast the tow-lines of their boats until the latter are clear of the locks. Steamers are prohibited from lashing boats or barges alongside while proceeding within locks. Towing ropes of a greater length than 50 feet are not to be used in a canal. The throwing of cinders into any canal is prohibited; they are to be deposited on the banks.

21. In every case of wreck or obstruction of the channel by sunken vessels, the Supervisor of the line of navigation or of a part of it may call upon the person in charge of the vessel to remove the same without delay, and shall give every reasonable assistance towards so doing. But should the owner of the vessel or raft be not forthcoming, or should he not use reasonable expedition in removing the obstruction, or should he decline or fail to use proper assistance which may be offered to him by the Supervisor, this officer may, under the provisions of section 14 of the Act, undertake the removal of the obstruction himself at the cost of the owner of the boat, recovering the expense in the manner laid down in section 9 of the "Canals Act, 1864".

In the case of emergency and in the temporary absence of the Supervisor from the place where the obstruction occurred any navigation officer present must at once report the matter to the Supervisor.

22. If the Supervisor be unable to ascertain the name and place of business or of abode of the owner of the cargo of any vessel or boats seized under the "Canals Act", he shall notify the seizure in the most public manner available.

23. In the event of any damage or injury being occasioned to the canal works by wilfulness or negligence on the part of any person in charge of a vessel, the navigation officers may detain the vessel at any point within the canal for a period not exceeding 48 hours; provided that, within that period, the navigation officers shall lodge a complaint against such person in charge of the vessel before a Magistrate under section 16 of the "Canals Act".

24. For any contravention of rules 15, 16, 17, 18, 19 and 20, the person in charge of the vessel shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 50.

25. The term "navigation officers" as used in the foregoing rules shall include all persons appointed under section 8 of the "Canals Act, 1864", and all Public Works Officers or subordinates in charge of the canal not below the grade of Sub-Overseer.

26. The canals may be closed once a year for effecting the necessary repairs to them on one month's notice of the intention so to close them being given; but in the event of any sudden emergency, the canals may be closed at any time without prior notice, and no claim in such case by owners of vessels or others for compensation on account of detention shall be entertained.

[Fifth publication.]

The 23rd March 1915.

No. 3.—Notification.—The following draft of the revised rules and rates of tolls, which, in exercise of the powers conferred by sections 6 and 11 of the Canals Act, 1864 (Bengal Act V of 1864), the Governor in Council intends to make and fix for the Calcutta Canals (including the Kristopur Canal) and Tolly's Nala, as defined below, in supersession of the Notifications noted in the margin, is hereby

published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on or after the 6th May 1915, and any objection or suggestion received by the undersigned before that date will be duly considered.

THE CALCUTTA CANALS.

(1) The Circular Canal, comprising the whole of the still-water canal between the Dhappa and Chitpur Locks, together with its junction with the river Hooghly and the Orange Soorah at Dhappa.

(2) The Central Lake Channel from its junction with the Calcutta Canals at the Dhappa Lock to its junction with the Bidyadhari River at Bamanghata.

(3) The Nowbhangha Khal extending northwards for a mile from its junction with the Central Lake Channel below the Dhappa Lock.

(4) The Soorah from its junction with the Central Lake Channel below the Dhappa Lock and extending to the fish market situated adjacent to, and to the west of, the Dhappa Inspector's residence.

(5) The Kristopur Canal extending from a point in the New Cut Canal 1 mile 4,700 feet from Chitpur Lock to a point on the Bhangore Khal at Kantatala, together with the outfall channel, 4,180 feet in length.

TOLLY'S NALA.

Tolly's Nala extending from a line drawn across the Nala 25 feet west of the Hastings Bridge at Kidderpore to the Bidyadhari River at Samukpota.

F. A. A. COWLEY,

Offg. Secy. to the Govt. of Bengal.

Draft Schedules of Tolls.

7	On <i>saltees</i> of 25 maunds and less than 50 maunds by canal measurement entering by Russa Toll-station. Larger <i>saltees</i> will be charged at the rate given in Nos. 1, 2 and 3 above.	0 8
8	Minimum toll on all boats, floats or rafts	4 0	0 4	0 4	0 4

9. (1) Monthly tickets are, at the option of the payers, issued to boats carrying passengers, grass or perishable articles going to the Orphangunge Bazar or to Dhappa. The cost of these tickets is at six times the ordinary toll as calculated by the above rates, if the tickets are issued at the Supervisor's office, and at ten times the ordinary toll as calculated by the above rates, if the tickets are issued at the toll-station at Dhappa or at Kidderpore.

(2) Monthly tickets at ten times the ordinary toll as calculated under item 1 of the Schedule for entering the canals from the eastward will be issued to boats carrying passengers, vegetables and perishable goods for plying within the Circular, New Cut and Kristopur Canals. These tickets will not entitle the boats to pass through the Dhappa or Chitpur Lock, but they will be allowed to pass the Kristopur Toll-station.

10. *Excess tolls.*—Vessels which are passing through the canals, and which enter either empty or partially loaded, are liable to pay excess tolls at the above rates, if their tonnage by canal measurement is greater when they are leaving the canals than it was when they entered them. Vessels entering at Chitpur, Kidderpore, and Chetla for the purpose of loading in the canals pay at the time of entry with reference to their line of usual immersion according to Canal Rules.

11. *Demurrage.*—Every vessel, raft or float, which has paid toll, shall be allowed three days for passing through the Circular Canals and two days for Tolly's Nala between Gurraah and Kidderpore, and three days for Soorah outside Dhappa Lock, the days of entering and leaving being both included. In addition to these periods, they may, without further payment, remain in the canals for the further undermentioned periods, that is to say—

Boats.—Two days for the first hundred maunds and one day for every hundred maunds above the first hundred maunds.

Floats.—Two days for any number of timbers not exceeding fifty, and one day for every additional fifty.

Rafts.—Two days for any number of bamboos not exceeding five hundred, and one day for every additional five hundred.

Every vessel, raft or float remaining in any part of the aforesaid canals longer than the period allowed under the foregoing rules shall, for each day in excess of such period, be charged demurrage equal to one-half of the toll payable under the schedules above, provided that the demurrage charged shall in no case exceed Rs. 5 per diem.

[*Note.*—Open dinghees accompanying large boats are entitled to the same demurrage allowance of time as the parent boats.]

12. Steamers or flats passing through the Lower Sunderbans Channels must pay tolls at the rate of Rs. 5 each before leaving and on return to Calcutta.

13. (1) During neap-tides, when there is not sufficient water in the Tolly's Nala near Russa for the navigation of boats laden with firewood, they will be allowed to proceed to or from the river Bidyadhari through the Circular Canal on payment of a rate of eight annas per 100 maunds of measured maundage for passage through that canal, in addition to the rate ordinarily payable for entering or plying in Tolly's Nala.

(2) For the purposes of reckoning demurrage charges, in the case of such boats, under item 11 of the Schedule, two extra days will be allowed over and above those provided for vessels plying in the Tolly's Nala.

(3) Boats plying under this concession will not be allowed either to load or to unload along the Circular Canal or river Hooghly. Infringement of this rule will render the boats liable to the ordinary tolls in force for the Circular Canal.

14. *Additional toll.*—All boats, steamers and flats, after passing out of the Dhappa Lock, must proceed outside the toll limit at Bamanghata within 48 hours; otherwise a fresh toll will be levied in accordance with the rules in force.

15. (1) During the period from the 1st December to the 15th June, boats laden with rice or paddy will be allowed to proceed to or from the river Bidyadhari through the Circular Canal and the Tolly's Nala *via* Kidderpore on payment of a rate of Re. 1-12 per hundred maunds of measured maundage for passage through these canals.

(2) Boats plying under this concession will be charged the ordinary concession rate of Re. 1-12 per hundred maunds, and on leaving Tolly's Nala a further charge of 12 annas per hundred maunds only will be made if loaded with cargo other than paddy or rice, the maundage charged for and the amount charged being endorsed on the back of the concession ticket by the Toll Collector, Kidderpore.

(3) If any boat picks up more cargo, either in the Hooghly or in the Circular Canal, the Toll Collectors at Chitpur and Dhappa, respectively, will assess and collect the extra toll due on the cargo at 12 annas per hundred maunds, provided that the maundage of the boat does not exceed that when it originally entered at Dhappa.

(4) If there is an excess on leaving Tolly's Nala, a rate of Rs. 2-8 per hundred maunds will be charged on the extra cargo at Kidderpore. This will entitle the boat to pass through to Dhappa Lock and out without any further payment.

(5) If the cargo is picked up either in the Hooghly or in the Circular Canal, the extra toll on the extra amount will be charged at the rate of Re. 1-12 per hundred maunds.

(6) For the purposes of reckoning demurrage charges under item 11 of this Schedule in the case of boats laden with rice or paddy during the period from the 1st December to the 15th June, two extra days will be allowed over and above those provided for vessels plying in the Tolly's Nala.

The 20th April 1915.

No. 6.—Notification.—In exercise of the power conferred by section 2 of the Canals Act, 1864 (Ben. Act V of 1864), the Governor in Council is pleased to declare that from the date of publication of this notification the provisions of the said Act shall apply to, and be in force as regards, the undermentioned navigable channels in the district of Pabna:—

- (1) The Simla khal otherwise known as the Biara river from its off-take from the Jamuna (Brahmaputra) river to its junction with the Dhanbandi river (including the Biara khal).
- (2) The Dhanbandi river from its off-take from the Jamuna at Ghoses-potol to its junction with the Oorasagur river above Poorabari.

BOARD OF REVENUE, BENGAL.

NOTIFICATION.

No. 1433 Misc.—The 16th April 1915.—In supersession of all previous notifications, the following rules as revised by the Board of Revenue, under section 17 of the Legal Practitioners Act, XVIII of 1879, are published for general information. These rules will be applicable throughout the Province of Bengal as now constituted. From rule 2 it will be seen that the educational standard hitherto in force in Eastern Bengal has been raised. To obviate any hardship that might be caused on this account to candidates from Eastern Bengal, it is directed that the standard which is in force in that part of the province will not be altered till after the expiry of the examination in August 1915. The other rules as regards the subject and place of examination, etc., etc., will take effect from the date of publication of this notification.

RULES FOR REVENUE AGENTS.

1. Any person who has been declared by the Examiners for the Mukhtarship Examination to be qualified for admission to that examination, such declaration being under the rules sent to the Judge, may present himself for examination for the office of Revenue Agent.

2. Any person without such certificate may be admitted to examination for the office of Revenue Agent if he can satisfy the Collector of the district that he possesses the following qualifications, viz.:—

1st.—That he is a person of good moral character,

2nd.—That he has passed the Entrance or Matriculation Examination of the University of Calcutta, Allahabad, Punjab, Madras or Bombay, or an examination for the time being recognized as equivalent thereto for the purposes of this rule.

N. B.—The examinations held in Bengal, which are recognized at the present time as equivalent to the Entrance or Matriculation Examination, are—

(i) the B class final examination,

(ii) the Senior Cambridge Local or the Senior Cambridge School Certificate Examination.

3rd.—That he is not under the age of twenty, nor above the age of thirty-five years, unless he has been previously practising as a Mukhtar, in which case no enquiry as to age is necessary.

3. Every candidate for examination for the office of Revenue Agent must, at least six weeks before the day fixed for the examination, give notice to the Collector of the district in which he resides of his intention to present himself at the ensuing examination by a petition containing the following particulars:—

(1) Name of applicant for leave to appear at the Revenue Agent's examination; (2) father's name; (3) place of residence; (4) age; (5) grounds upon which application is made; (6) class of office in which he intends to practise; (7) where educated and extent of education; (8) references as to moral character.

4. The Collector, if satisfied that the candidate is qualified for examination, will furnish the candidate with a certificate that he is qualified to present himself for examination.

5. Before the date of examination every candidate must pay a fee of Rs. 5 to the Collector of the district, whose receipt for the same is to be endorsed on the certificate described in rule 4.

6. Candidates residing in Calcutta must give the notice prescribed in rule 3, and pay the fee prescribed in rule 5, to the Collector of the 24 Parganas.

7. The examination is held before such persons as the Government of Bengal may appoint to be Examiners under section 37, Act XVIII of 1879 and according to such Regulations as may from time to time be made by the said Government for conducting such examination.

8. The following arrangements for the conduct of the examination have been sanctioned by Government :—

- (a) The examination will be held at each district headquarters.
 (b) The examination will be in the following subjects :—

- (i) The following Regulations and Acts and all Regulations and Acts by which the same have been amended either in Bengal or in Eastern Bengal :—

"	I of 1872	...	(Evidence.)
"	XVIII of 1879	...	(Legal Practitioners.)

- (ii) Such portions of the undermentioned Manuals as deal with the procedure in Revenue Courts in respect of the matters to which the above Regulations and Acts relate :—

Settlement Manual.	Cess Manual.
Sale Law	Land Registration Manual.
Certificate	Estates Partition
Practice and Procedure Manual, Chapter III.	

- (c) The examination of applicants for admission as Revenue Agents

Examination Committee.

shall be held by a Committee composed of the Subordinate Judge, or

where there is no such officer, the sadar Munsif, *ex-officio*, and a selected Deputy Collector at the headquarters of each district. The Deputy Collector should be selected from time to time by the Collector of the district as occasion may require. The selected Deputy Collector should, however, be one who has himself passed the Departmental Examination by the higher standard in compulsory subjects. The Collector or a Covenanted Deputy Collector should also be an examiner, and one of these officers should alternately preside at each examination, in order to avoid the possibility of the examiners being divided.

- (d) The examination shall be held once in each year, on the second Monday in August, or on such other date as the Government may direct, and shall be by questions in writing and *viva-voce*.

- (e) The examination shall be conducted in English or in the vernacular of the district at the option of the candidate.
- (f) Previously to each examination the Board shall prepare written questions on the subjects mentioned in clause (b).
- (g) There shall be two written papers, namely, one containing ten questions on the Regulations and Acts mentioned in clause (b) above and the other containing six questions on the Manuals mentioned in the same clause. The former paper must be answered without books: for the latter, books may be used. The number of marks to which each candidate shall be entitled for a full answer to each question shall be separately specified by the Board at the time of preparing the questions. The *viva-voce* questions shall be prepared by the Local Committee: at least four questions shall be asked of each candidate.
- (h) The aggregate number of marks for full answers to the whole of the ten written questions to be answered without books shall be one hundred and sixty, and that for correct answers to the questions to be answered with books shall be forty. The full number of marks for the *viva-voce* questions shall be forty.
- (i) To be entitled to pass, a candidate must obtain at least one hundred and twenty-five marks in the aggregate in the two written papers and twenty-five in the *viva-voce* examination.
- (j) The Collector on receiving the questions will keep them under lock and key, preferably in a safe, if available, till the day of examination.
- (k) On the day of examination the Collector, if he is on the Examination Committee under clause (c), will himself take the questions into the examination room and give out copies to the candidates who elect to be examined in English. As it has been found impracticable to have translations made and printed in the vernacular with the necessary secrecy, the Collector assisted by the members of the Committee will translate the questions to the candidates who elect to be examined in the vernacular of the district. Should the Collector not be on the Committee, the Covenanted Deputy Collector appointed an examiner under the above clause will undertake these duties.
- (l) The examination will be conducted in the presence of the Committee, who will, when the time allotted has expired, collect the papers and assign marks.
- (m) The number of marks to which each candidate is entitled will be determined by the Committee and recorded against each candidate's name by a member of the Committee in his own hand, the paper thus showing the marks being signed by all the members. Any correction of the figures must be initialled by a member. The Committee will then inform each candidate whether he has or has not passed the examination and will forward the paper containing the marks under a sealed cover to the Collector for transmission to the Secretary to the Board. When the results from all districts have been received, the Board will submit a list of the successful candidates to Government for publication in the gazette.

9. Any person who passes the examination and who desires to be admitted as a Revenue Agent is entitled, on

Enrolment and certificate.

presentation of the certificate of the examiners, to apply to the Collector of the district for a certificate. The application and examination certificate and a certificate stamp of the proper value are to be forwarded by the Collector to the Board, with such remarks as he may think

fit to make thereon, accompanied by a statement in the following form, which is the form of the Register kept by the Board :—

Serial number	Date of application.	Name of applicant.	Age.	Father's name.	Address of applicant.	Class of Court in which he intends to practise.	Date of former certificate, if any.	REMARKS.

10. To enable Revenue Agents to practise before a Settlement Officer or an Assistant Settlement Officer or a Superintendent or an Assistant Superintendent of Surveys, all such officers are declared to be subordinate to the Commissioner of the division in which survey and settlement operations are going on at the time, so far as the practice of Revenue Agents is concerned.

11. A Register of persons admitted and enrolled as Revenue Agents will be kept in the Board's office. No register will be kept in the Collector's office.

12. If any person, having passed the examination entitling him to be admitted and enrolled as a Revenue Agent, shall fail to apply for such admission and enrolment for a period of one year from the time of passing the examination, he shall not be admitted and enrolled unless by special order of the Board.

13. Any person who holds any appointment under Government or carries on any trade or other business at the time of his application for admission as a Revenue Agent, must state the fact in his application for admission. The Board may refuse to admit such person, or may pass such orders on his application, as it thinks proper.

14. Any person who, after having been admitted as a Revenue Agent, accepts any appointment under Government, or enters into any trade or other business, must give notice thereof to the Collector of the district for transmission to the Board, who may thereupon pass such orders as the said Board may think fit.

15. Collectors and Deputy Commissioners of districts are authorized to renew certificates to Revenue Agents entitled to practise in their respective offices. Commissioners are authorized to renew certificates of those practising in their

Applications for enrolment and renewal on plain paper.

17. Revenue Agents shall be required to renew their certificates before the first of February of each year, and those who fail to renew them by that date shall not be entitled to practise. A list containing the names

IRRIGATION DEPARTMENT.

The 6th April 1915.

No. 4—Notification.—In supersession of those portions of Bengal Government notification No. 98, dated the 4th April 1893, and notification No. 10, dated the 22nd December 1906, which relate to the Hijili Tidal Canal and the portion of the Orissa Coast Canal lying in this Presidency, the following draft of (1) revised rules and (2) revised schedules of rates of tolls, which in exercise of the powers conferred by sections 6 and 11 of the Canals Act, 1864 (Bengal Act V. of 1864), the Governor in Council intends to make and fix for the Hijili Tidal Canal and the portion of the Orissa Coast Canal lying in this Presidency, is published, as required by section 12 of that Act, for the information of persons likely to be affected thereby.

II. The draft will be taken into consideration on or after the 20th May 1915 and any objection or suggestion which may be received by the undersigned before that date will be duly considered.

F. A. A. COWLEY,

*Offg. Secy. to the Govt. of Bengal.**Draft Rules.*

1. Every vessel, entering or passing along any of the above lines of navigation, shall be liable to measurement for the purpose of ascertaining the amount of toll the vessel should pay according to the schedule of rates authorised by Government to be charged on the line of navigation.

2. The tonnage of every vessel, except loose timber and rafts, whether laden or empty, shall, for the purposes of the "Canals Act, 1864," and of these rules, be determined by the following measurements:—

(a) The product of half the length of the vessel, measured along the water-line and round the contour of the vessel from centre of stem to centre of stern-post, multiplied by the interior greatest breadth of the vessel or by the greatest breadth of the cargo, should this overhang, or, as in the case of logs, be lashed alongside, multiplied by the greatest interior depth from the water-line to the bottom of the vessel, is to be taken as equal to the number of maunds upon which toll shall be levied.

(b) The measurement of the length is to be made in feet, rejecting fractions of a foot, and the measurement of the breadth and depth in feet and quarters of feet, rejecting portions of less than a quarter of a foot.

(c) In calculating the amount of toll to be levied, any portion of 100 maunds less than 10 maunds is to be omitted.

(d) In calculating the amount of toll to be levied on steamers, an allowance of one-third the total maundage, as found under clauses (a), (b) and (c) is to be made for engine space.

3. Every vessel entering or passing along any of the above lines of navigation shall be furnished with a ticket on paying the prescribed toll. The ticket shall specify the station at which it has been issued, the name of the person in charge of the vessel, the date on which the voyage commenced, the point to which the vessel may proceed on the line of navigation, the maundage of the vessel, the amount of toll charged, the number of days allowed for the voyage, and the date of such last day. The

number of days so allowed, without additional payment shall be calculated at the rate of one day for every eight miles, or portion of eight miles, to be traversed, together with one day for every 200 maunds of measurement. In the case of rafts, one day for every five miles shall be allowed.

4. Toll may be paid at the first station, either for the entire number of toll-stations on the line of navigation or for any less number of stations.

5. The tickets thus given may be demanded for inspection by any duly authorised navigation officer, and must be kept on board and at hand for that purpose. They must be shown at each toll-station the vessel has to pass as a passport that no further payment of toll is to be demanded. The tickets shall be delivered up at the last toll-station.

Navigation officers shall have authority to check-measure vessels whenever they consider it necessary, and if the toll due according to the check-measurement exceeds that originally paid, the difference shall be payable at the toll-station of check-measurement, or at the next toll-station at which the vessel may arrive if the check-measurement was made at some point other than a toll-station. The officer collecting the difference shall endorse the ticket showing the measurements, and note the amount recovered in excess of the toll originally paid.

6. Owners or hirers of vessels may compound, by the payment of a fixed sum, for the use of the whole or any portion of the canals or any period that may be agreed upon, not exceeding one year. In such case the vessel shall be furnished with a ticket showing the amount of toll paid, the period for which the toll has been compounded, and the limits of the line of navigation within which the vessel may pass. Such ticket shall be kept on board the vessel, and shall be produced when required under rule 5, but shall be given up only on the date of the expiry of the period for which granted, and at the station from whence issued.

7. Duplicates of lost tickets of which the numbers and dates of entry can be satisfactorily established, will be granted by the officers in charge of toll-stations on payment of a fee of one rupee.

8. Every vessel, which does not complete its voyage within the number of days allowed by rule 3, shall, for each day or part of a day in excess, be liable to an extra charge equal to 8 annas per 100 maunds, calculated on the maundage of the vessel, as determined by rule 2. The charge for demurrage on timbers and rafts shall be as follows:—

Timber in rafts or loose	... One anna per timber per day.
Bamboos in floats	... Two annas per 100 per day.
Bullahs in rafts	... Eight annas per 100 per day.

Provided as follows:—

(1) Exemption from payment of demurrage may be granted to vessels detained in canal by stress of weather or heavy traffic, steamers broken down and boats damaged, if immediate notice of the cause of detention be given at the nearest toll-station for the information of the Executive Engineer.

(2) Missionary boats are exempted from payment of demurrage for lying in the canals.

(3) Partial exemption from payment of demurrage is to be granted to boats thus:—

(a) by increasing the allowance of time for the voyage (see rule 3) which shall be calculated at the rate of one day for every 8 miles or portion of 8 miles to be traversed, together with one day for every 200 maunds of measurement or any portion of 200 maunds which is not less than 60 maunds (*N.B.*—from 60 to 190 maunds one day shall be allowed);

(b) by granting the following extra times for the purpose of *bona-fide* loading and unloading in the canals to—

	Days.
Cargo boats from 10 to 100 maunds of measurement...	5
" " from 110 to 200 maunds ...	8
" " from 210 to 300 maunds ...	10
" " from 310 to 400 maunds ...	12
" " of 410 maunds and upwards ...	14
Passenger boats of 10 maunds and upwards ...	3

The extra times will be granted to boats which either load or unload or both in the canals, but will not apply to boats which both enter and leave the canal empty, the time allowed being as laid down in rule 3 only.

(c) Boats plying in the Balighye main and branch drains will be allowed extra times as noted above for both journeys—entering and leaving—separately, even if plying empty.

9. Boats are allowed to be moored while waiting for cargo or otherwise, or may be loaded and unloaded, anywhere in the canals, except within 500 feet of any lock *and within 150 feet on either side of any sluice* and except where specially prohibited by the canal staff. *In any case they must complete the voyage within the time allowable to them* under these orders, otherwise demurrage will be charged.

10. No boat is permitted to moor in the outer channels of any lock. The channels to which this prohibition extends are as follows:—

Gewankhali.—Between the Gewankhali lock and the Gewankhali khal.

Etamagra.—Between the Etamagra lock and the Haldi river.

Terapakia.—Between the Terapakia lock and the Haldi river.

Kalinagar.—Between the Kalinagar lock and the Sadar khal.

Bhaitgar.—Between the Bhaitgar lock and the Rasulpur river.

No boats will be allowed, under any circumstances, to drop an anchor or to moor to both banks in any lock, entrance or in the canals, except in the case of severe stress of weather.

11. Except with the written permission of a navigation officer, no goods or cargo may be deposited on any bank, berm or land appertaining to the canal at places other than those notified by the Superintending Engineer of the circle as available for such a purpose. Any person depositing goods in contravention of this rule shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 50.

12. Navigation officers may order consignors or consignees or owners to remove their goods from the places notified as available for depositing cargo under rule 11. Goods not finally removed within a period of six days from the receipt of such order shall be liable to a charge of four annas per 100 maunds for each day or part of a day after the expiry of six days until finally removed.

13. Any vessel whose extreme dimensions exceed 130 feet in length and 19 feet in *breadth including goods overhanging* is prohibited from entering or passing along the canals or a line of navigation without the special permission in writing of the Executive Engineer; also no vessel exceeding 40 feet in length and 8 feet in *breadth including goods overhanging* will be allowed to enter or pass along the Balighye drain from Chowmook to Tikrapara and the branch drain from Chowmook to the Balighye Road bridge.

14. It will not be compulsory for the locks to be opened to single vessels of less than 500 maunds burden, except in the case of mail or despatch boats or passenger or cargo-boats in tow of steam-vessels; but the locks shall be opened for the passage of boats at least twice a day.

15. *Mooring*.—All vessels stopping at night must be moored head and stern to the bank of the channel or wherever specially ordered.

Only one line of vessels shall be allowed to pass along a canal or to make fast along and in a line with the canal banks or along and in a line with the banks of the river entrance to the locks, and no vessel shall be made fast, or be placed outside of vessels so secured, without the permission of a navigation officer. No vessel shall, however, be placed in such a position as to endanger the safety of other vessels, to obstruct their passage, or to impede the navigation.

16. *Rule of the Road.*—When under sail, vessels are to keep in the centre of the channel. When being tracked, vessels are, wherever practicable, to keep to starboard or right side of the channel. Vessels meeting in a canal, except when being tracked, must keep to their right when passing, and when one vessel overtakes another, the former must pass on the left. When vessels, one of which is sailing and the other steaming, meet in a canal, the sailing vessel must keep to the leeward. A steamer passing any vessel is bound to go at a speed not greater than half speed.

17. *Lights and signals.*—All vessels, whether travelling or moored in a line of navigation, must, between sunset and sunrise, carry a white light, in a lantern on the forepart of the vessel where it can be distinctly seen from *all sides*. All steam-vessels in motion shall carry the lights prescribed by the Board of Trade Regulations. Barges or boats attached to a steam-vessel, whether in motion or moored, shall carry the white light prescribed above.

Where signals are used, no vessel shall enter or attempt to enter the entrance channel of a lock when a red flag or red light is displayed at the end of the lock next her, "*but shall wait until the signal intimating 'all clear' is displayed.*" Steam-vessels approaching a lock shall whistle when a mile distant, and shall continue to whistle at intervals, until the signal intimating that the lock is open or closed is displayed, or, if no signals are used, until arrival.

18. *Crews and Attendants.*—Every vessel when stationary shall be securely fastened, and shall at all times have some person in attendance on board. Every vessel in motion shall have a sufficient crew.

19. *Fittings.*—Vessels must have their masts, high awnings, and funnels fitted so that they can be let down with ease and speed, and no bamboos or poles shall be erected on or by vessels when at anchor.

20. *Conduct of navigation.*—Vessels are prohibited from making fast to any portion of the lock-gates or gearing, and steamers are prohibited from making fast the tow-lines of their boats until the latter are clear of the locks. Steamers are prohibited from lashing boats or barges alongside while proceeding within locks. Towing ropes of a greater length than 50 feet are not to be used in a canal. The throwing of cinders into any canal is prohibited; they are to be deposited on the banks.

21. In every case of wreck or obstruction of the channel by sunken vessels, the Supervisor of the line of navigation or of a part of it may call upon the person in charge of the vessel to remove the same without delay, and shall give every reasonable assistance towards so doing. But should the owner of the vessel or raft be not forthcoming, or should he not use reasonable expedition in removing the obstruction, or should he decline or fail to use proper assistance which may be offered to him by the Supervisor, this officer may, under the provisions of section 14 of the Act, undertake the removal of the obstruction himself at the cost of the owner of the boat, recovering the expense in the manner laid down in section 9 of the "Canals Act, 1864".

In the case of emergency and in the temporary absence of the Supervisor from the place where the obstruction occurred any navigation officer present must at once report the matter to the Supervisor.

22. If the Supervisor be unable to ascertain the name and place of business or of abode of the owner of the cargo of any vessel or boats seized under the "Canals Act", he shall notify the seizure in the most public manner available.

23. In the event of any damage or injury being occasioned to the canal works by wilfulness or negligence on the part of any person in charge of a vessel, the navigation officers may detain the vessel at any point within the canal for a period not exceeding 48 hours; provided that, within that period, the navigation officers shall lodge a complaint against such person in charge of the vessel before a Magistrate under section 16 of the "Canals Act".

24. For any contravention of rules 15, 16, 17, 18, 19 and 20, the person in charge of the vessel shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 50.

25. The term "navigation officers" as used in the foregoing rules shall include all persons appointed under section 8 of the "Canals Act, 1864", and all Public Works Officers or subordinates in charge of the canal not below the grade of Sub-Overseer.

26. The canals may be closed once a year for effecting the necessary repairs to them on one month's notice of the intention so to close them being given; but in the event of any sudden emergency, the canals may be closed at any time without prior notice, and no claim in such case by owners of vessels or others for compensation on account of detention shall be entertained.

[Sixth publication.]

The 23rd March 1915.

No. 3.—Notification.—The following draft of the revised rules and rates of tolls, which, in exercise of the powers conferred by sections 6 and 11 of the Canals Act, 1864 (Bengal Act V of 1864), the Governor in Council intends to make and fix for the Calcutta Canals (including the Kristopur Canal) and Tolly's Nala, as defined below, in supersession of the Notifications noted in the margin, is hereby published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on or after the 6th May 1915, and any objection or suggestion received by the undersigned before that date will be duly considered.

THE CALCUTTA CANALS.

(1) The Circular Canal, comprising the whole of the still-water canal between the Dhappa and Chitpur Locks, together with its junction with the river Hooghly and the Orange Soorah at Dhappa.

(2) The Central Lake Channel from its junction with the Calcutta Canals at the Dhappa Lock to its junction with the Bidyadhari River at Bamanghata.

(3) The Nowbhangha Khal extending northwards for a mile from its junction with the Central Lake Channel below the Dhappa Lock.

(4) The Soorah from its junction with the Central Lake Channel below the Dhappa Lock and extending to the fish market situated adjacent to, and to the west of, the Dhappa Inspector's residence.

(5) The Kristopur Canal extending from a point in the New Cut Canal 1 mile 4,700 feet from Chitpur Lock to a point on the Bhangore Khal at Kantatala, together with the outfall channel, 4,180 feet in length.

TOLLY'S NALA.

Tolly's Nala extending from a line drawn across the Nala 25 feet west of the Hastings Bridge at Kidderpore to the Bidyadhari River at Samukpota.

F. A. A. COWLEY,

Offg. Secy. to the Govt. of Bengal.

Draft Schedules of Tolls.

8	Minimum toll on all boats, floats or rafts	4 0	0 4	0 4	0 4

9. (1) Monthly tickets are, at the option of the payers, issued to boats carrying passengers, grass or perishable articles going to the Orphangunge Bazar or to Dhappa. The cost of these tickets is at six times the ordinary toll as calculated by the above rates, if the tickets are issued at the Supervisor's office, and at ten times the ordinary toll as calculated by the above rates, if the tickets are issued at the toll-station at Dhappa or at Kidderpore.

(2) Monthly tickets at ten times the ordinary toll as calculated under item 1 of the Schedule for entering the canals from the eastward will be issued to boats carrying passengers, vegetables and perishable goods for plying within the Circular, New Cut and Kristopur Canals. These tickets will not entitle the boats to pass through the Dhappa or Chitpur Lock, but they will be allowed to pass the Kristopur Toll-station.

10. *Excess tolls.*—Vessels which are passing through the canals, and which enter either empty or partially loaded, are liable to pay excess tolls at the above rates, if their tonnage by canal measurement is greater when they are leaving the canals than it was when they entered them. Vessels entering at Chitpur, Kidderpore, and Chetla for the purpose of loading in the canals pay at the time of entry with reference to their line of usual immersion according to Canal Rules.

11. *Demurrage.*—Every vessel, raft or float, which has paid toll, shall be allowed three days for passing through the Circular Canals and two days for Tolly's Nala between Gurreah and Kidderpore, and three days for Soorah outside Dhappa Lock, the days of entering and leaving being both included. In addition to these periods, they may, without further payment, remain in the canals for the further undermentioned periods, that is to say—

Boats.—Two days for the first hundred maunds and one day for every hundred maunds above the first hundred maunds.

Floats.—Two days for any number of timbers not exceeding fifty, and one day for every additional fifty.

Rafts.—Two days for any number of bamboos not exceeding five hundred, and one day for every additional five hundred.

Every vessel, raft or float remaining in any part of the aforesaid canals longer than the period allowed under the foregoing rules shall, for each day

in excess of such period, be charged demurrage equal to one-half of the toll payable under the schedules above, provided that the demurrage charged shall in no case exceed Rs. 5 per diem.

[*Note.*—Open dinghees accompanying large boats are entitled to the same demurrage allowance of time as the parent boats.]

12. Steamers or flats passing through the Lower Sunderbans Channels must pay tolls at the rate of Rs. 5 each before leaving and on return to Calcutta.

13. (1) During neap-tides, when there is not sufficient water in the Tolly's Nala near Russa for the navigation of boats laden with firewood, they will be allowed to proceed to or from the river Bidyadhari through the Circular Canal on payment of a rate of eight annas per 100 maunds of measured maundage for passage through that canal, in addition to the rate ordinarily payable for entering or plying in Tolly's Nala.

(2) For the purposes of reckoning demurrage charges, in the case of such boats, under item 11 of the Schedule, two extra days will be allowed over and above those provided for vessels plying in the Tolly's Nala.

(3) Boats plying under this concession will not be allowed either to load or to unload along the Circular Canal or river Hooghly. Infringement of this rule will render the boats liable to the ordinary tolls in force for the Circular Canal.

14. *Additional toll.*—All boats, steamers and flats, after passing out of the Dhappa Lock, must proceed outside the toll limit at Bamanghata within 48 hours; otherwise a fresh toll will be levied in accordance with the rules in force.

15. (1) During the period from the 1st December to the 15th June, boats laden with rice or paddy will be allowed to proceed to or from the river Bidyadhari through the Circular Canal and the Tolly's Nala *via* Kidderpore on payment of a rate of Re. 1-12 per hundred maunds of measured maundage for passage through these canals.

(2) Boats plying under this concession will be charged the ordinary concession rate of Re. 1-12 per hundred maunds, and on leaving Tolly's Nala a further charge of 12 annas per hundred maunds only will be made if loaded with cargo other than paddy or rice, the maundage charged for and the amount charged being endorsed on the back of the concession ticket by the Toll Collector, Kidderpore.

(3) If any boat picks up more cargo, either in the Hooghly, or in the Circular Canal, the Toll Collectors at Chitpur and Dhappa, respectively, will assess and collect the extra toll due on the cargo at 12 annas per hundred maunds, provided that the maundage of the boat does not exceed that when it originally entered at Dhappa.

(4) If there is an excess on leaving Tolly's Nala, a rate of Rs. 2-8 per hundred maunds will be charged on the extra cargo at Kidderpore. This will entitle the boat to pass through to Dhappa Lock and out without any further payment.

(5) If the cargo is picked up either in the Hooghly or in the Circular Canal, the extra toll on the extra amount will be charged at the rate of Re. 1-12 per hundred maunds.

(6) For the purposes of reckoning demurrage charges under item 11 of this Schedule in the case of boats laden with rice or paddy during the period from the 1st December to the 15th June, two extra days will be allowed over and above those provided for vessels plying in the Tolly's Nala.

RULES UNDER THE BENGAL MEDICAL REGISTRAION ACT.

NOTIFICATION.

No. 933Medl.—The 30th April 1915.—In exercise of the powers conferred by sub-sections (1) and (2) of section 33 of the Bengal Medical Act, 1914 (Bengal Act VI of 1914), the Governor in Council is pleased to make the following rules:—

RULES.

PART I.—PRELIMINARY.

Definitions.

1. In these rules, unless there is anything repugnant in the subject or context,—

- (1) the expression “the Act” means the Bengal Medical Act, 1914;
- (2) “the President” means the President of the Bengal Council of Medical Registration nominated under section 4 of the Act; and
- (3) “the Registrar” means the Registrar appointed under section 14 of the Act.

PART II.—RULES UNDER SUB-SECTION (1) OF SECTION 33 OF THE ACT.

Appointment of Members of the Council.

2. A Register shall be maintained in Form No. 1 in the Appendix to these rules, in which the names of the members constituting the Council, the electorates which they represent, the date of appointment of each member, the term for which he has been appointed, and the date and reason of the termination of his appointment shall be entered.

3. Sixty days before the expiration of the term of any existing appointment, the Registrar shall draw the attention of the President to the approaching vacancy, and the latter shall forthwith report it to the Local Government, in order that a new appointment may be made to take effect from the day on which the existing appointment will expire.

4. On the occurrence of any vacancy under section 9, sub-section (1), of the Act, or on the resignation or death of any member of the Council, the Registrar shall at once draw the attention of the President to the vacancy and the latter shall forthwith report it to the Local Government, who shall take steps to have it filled within one month by a fresh election or nomination as the case may be.*

PART III.—RULES UNDER CLAUSE (a) OF SUB-SECTION (2) OF SECTION 33 OF THE ACT.

Elections of members under clauses (c) to (f) of section 4 of the Act.

5. In this Part, the “Returning Officer” means—

- (a) for the purposes of elections under clause (c) of section 4 of the Act, the Registrar of the University of Calcutta, and includes any officer of the University deputed for the time being by the Registrar to perform his duties under these rules; and
- (b) for the purposes of elections under clause (d), clause (e) and clause (f) of the said section 4, the Registrar, and includes any officer deputed for the time being by the said Registrar to perform his duties under these rules.

6. The President shall inform the ^{Returning Officer} ~~Returning Officers~~ concerned of the ^{vacancy} ~~vacancies~~ among the elected members requesting ^{him} ~~them~~ to fill the same.

7. The Returning Officer shall, on a date not being less than 42 days, and more than 60 days, before the day on which the term of office of an elected member will expire, and as soon as conveniently may be after the occurrence of any vacancy arising from causes referred to in section 9, sub-section (1), or from the death or resignation of such member, notify the vacancy in the *Calcutta Gazette* and take steps to hold an election to fill it.

8. The Electoral Rolls under clauses (d) to (f) of section 4 shall be prepared by the Registrar from the *Register* of Registered Practitioners and shall contain the name, qualifications and address of every person qualified to vote for the election of a member or members to fill up the vacancy or vacancies.

*For the procedure regulating elections see rules 5 to 24.

9. The list of persons qualified to vote under clause (e) and clause (f) of section 4 shall each be divided into the two following parts, namely:—

Part I.—Medical Practitioners practising in Calcutta.*

Part II.—Medical Practitioners practising outside Calcutta.

Nomination of candidates for election.

10. (1) Any person whose name is included in the Register of Registered Practitioners and who is not disqualified for election to the Council under section 6 may be nominated as a candidate for election under clause (d), clause (e) or clause (f) of section 4, and any such person who is also a member of the Faculty of Medicine may be so nominated for election under clause (c) of the same section.

(2) Such nomination shall be made by means of a nomination paper in Form No. II in the Appendix to these rules, which shall be supplied by the Returning Officer concerned to any elector who may apply for the same.

(3) Each nomination paper shall be subscribed by two electors as proposer and seconder:

Provided that no elector shall propose or second the nomination of more persons than are required to fill the vacancy or vacancies.

11. If more nomination papers than are allowed by the proviso to rule 10(3) be subscribed by the same elector, then only the permissible number of such nomination papers first received by the Returning Officer shall, if otherwise in order, be held to be valid, but if the Returning Officer is unable to determine which of such nomination papers was first received by him, all of such nomination papers shall be held to be invalid.

12. On receipt of each nomination paper the Returning Officer shall forthwith endorse thereon the date and hour of receipt.

13. Nomination papers which are not received by the Returning Officer before the date appointed under these rules for the scrutiny of such papers shall be rejected.

Scrutiny of nomination papers.

14. (1) On the date and at the time and place appointed by the Returning Officer for the scrutiny of nomination papers, every candidate and his proposer and seconder may attend and the Returning Officer shall allow them to examine the nomination papers of all candidates which have been received by him as aforesaid.

(2) The Returning Officer shall examine the nomination papers and may, either of his own motion or on objection made, decide all questions which may arise as to the validity of any nomination, and his decision on any such question shall, subject to the provisions of rules 23 and 24, be final.

Voting.

15. (1) If, in the case of an election under any clause of section 4, the number of duly nominated candidates who stand for election does not exceed the number of members to be elected under that clause, the Returning Officer shall forthwith declare such candidate or candidates to be elected.

(2) If the number of such candidates exceeds the number of members to be so elected, the Returning Officer shall—

- (a) cause the names and addresses of the candidates to be entered in voting papers in Form III in the Appendix to these rules, and
- (b) thereupon publish the said names and addresses in the *Calcutta Gazette*.

(3) The Returning Officer shall send by registered post to each elector one such voting paper signed by the Returning Officer:

* For the purpose of the proviso to section 4 of the Bengal Medical Act, 1911, the following area is included within Calcutta:—

(1) "Calcutta" as defined in Schedule I to the Calcutta Municipal Act, 1899 (Bengal Act III of 1899), but including the areas referred to in clause (1), clause (2) and clause (3) of that Schedule, and (2) the following municipalities, namely:—

(a) Bally,	(f) North Dum-Dum.
(b) Cossipur-Chitpur	(g) South Dum-Dum
(c) Garden Reach.	(h) South Suburban.
(d) Howrah.	(i) Tollyganj.
(e) Manicktollah.	

(Government of Bengal Notification No. 454-T.—Medl., dated the 6th June 1914.)

Provided that—

- (a) such a voting paper shall also be supplied to any elector on his applying to the Returning Officer for the same at any time before the date appointed for the counting of votes, and
- (b) no election shall be invalidated by reason of the non-receipt by an elector of his voting paper.

16. Every elector desirous of recording his vote shall send his voting paper to the Returning Officer after recording his vote thereon in the manner prescribed therein :

Provided that voting papers which are not received by the Returning Officer before the date appointed under these rules as the last date for receiving voting papers shall be rejected.

Counting of votes and declaration and publication of result of election.

17. (1) On receiving the voting papers, the Returning Officer shall endorse thereon the date and hour of receipt and examine them to see whether they have been correctly filled up, and in the case of an election under clause (e) or clause (f) of section 4 of the Act, shall divide the said voting papers into two sets corresponding to the two parts of the election-roll prescribed by rule 9.

(2) The Returning Officer shall endorse "rejected" on any voting paper which he may reject under the proviso to rule 16 on the ground that it does not comply with the instructions on the voting paper.

(3) After satisfying himself that each elector has affixed his signature and place of residence to the counterfoil of his voting paper, the Returning Officer shall tear off the said counterfoil and place it in safe custody, pending disposal under rule 20.

18. (1) The Returning Officer shall attend for the purpose of counting the votes on such date and at such time and place as may be appointed.

(2) Every candidate may be present in person or may send a representative, duly authorised by him in writing, to watch the process of counting.

(3) The Returning Officer shall show the voting papers, but not the counterfoils, to the candidates or their representatives.

(4) If any objection is made to any voting paper on the ground that it is invalid under these rules, or to the rejection by the Returning Officer of a voting paper, such objection shall be decided at once by the Returning Officer, whose decision shall, subject to the provisions of rules 23 and 24, be final.

19. (1) When the counting of the votes has been completed, the Returning Officer shall, subject to the provisions of section 4 of the Act, forthwith declare the candidate or candidates, as the case may be, to whom the largest number of votes have been given to be elected.

(2) When an equality of votes is found to exist between any candidates, and the addition of a vote will entitle any of the said candidates to be declared elected, the determination of the person to whom such one additional vote shall be deemed to have been given shall be made by a lot to be drawn in the presence of the Returning Officer and in such manner as he may determine.

20. Upon the completion of the counting and after the result has been declared by him, the Returning Officer shall seal up the voting papers and all other documents relating to the election and shall retain the same for a period of six months and thereafter cause them to be destroyed.

21. The Returning Officer shall publish the names of the elected candidates in the *Calcutta Gazette*.

22. The Returning Officer shall appoint and shall notify in the *Calcutta Gazette* and in such other manner as he may think fit such date, and, if necessary, such time and place as may be deemed suitable for each of the following proceedings, namely :—

- (a) the scrutiny of nomination papers under rule 14;
- (b) the sending of voting papers under rule 15;
- (c) the last day for receiving voting papers under rule 16; and
- (d) the day for the counting of the votes under rule 18.

Finality of decisions of the Local Government.

23. The Local Government may, of its own motion or on objection made, declare any election to the Council to be void on account of corrupt

practice or any other sufficient cause, and may call on the electorate to make a fresh election within a specified date, and any decision of the Local Government under this rule shall be final.

24. The decision of the Local Government on any question that may arise as to the intention, construction or application of these rules shall be final.

PART IV.—RULES UNDER CLAUSE (b) OF SUB-SECTION (2) OF SECTION 33 OF THE ACT.

Form of the Register of Registered Practitioners.

25. The Register of Registered Practitioners shall be maintained in Form No. IV in the Appendix to these rules.

26. The names shall be entered in the Register in the order in which the applications are admitted, and sufficient space shall be left for future additions or alterations in the qualifications and address of each entry.

27. Each page of the Register shall be verified by the Registrar's signature.

PART V.—RULES UNDER CLAUSE (c) OF SUB-SECTION (2) OF SECTION 33 OF THE ACT.

Applications of fees.

28. The Registrar shall receive all fees payable under the Act and shall credit them to the account of the Council in the Bank of Bengal.

PART VI.—RULES UNDER CLAUSE (d) (i) OF SUB-SECTION (2) OF SECTION 33 OF THE ACT.

Procedure to be followed in conducting any inquiry referred to in proviso (b) to section 17 and clause (a) of section 25 of the Act.

29. Whenever information is received that a Medical Practitioner who is an applicant for registration, or whose name has already been registered has been guilty of conduct which *prima facie* constitutes infamous conduct in a professional respect, the Registrar shall make an abstract of such information.

30. Where the information in question is in the nature of a complaint by a person or body charging the Practitioner with infamous conduct in a professional respect, such complaint shall be made in writing addressed to the Registrar, and shall state the grounds of complaint and shall be accompanied by one or more declarations as to the facts of the case.

31. Every declaration must state the description and true place of abode of the declarant, and where the fact stated in a declaration is not within the personal knowledge of the declarant, the source of the information and grounds for the belief of the declarant in its truth must be accurately and fully stated.

32. (1) The abstract and, where a complaint has been lodged, the complaint and all other documents bearing on the case, shall be submitted by the Registrar to the President, who shall, if he thinks fit, instruct the Registrar to ask the Practitioner by means of a registered letter for any explanation he may have to offer. The documents, including any explanation forwarded by the Practitioner to the Registrar, shall then be referred to a Committee appointed by the Council, who shall consider the same and shall have power to cause further investigation to be made and further evidence to be taken and to refer, if necessary, to a Solicitor for his advice and assistance, and to instruct him to take the opinion of Counsel and otherwise to obtain such advice and assistance as they shall think fit.

(2) The Committee shall report to the Council, and if the Council considers that the case is one in which an inquiry ought to be held, the President shall direct the Registrar to take steps for the institution of an inquiry and for having the case heard and determined by the Council.

33. The inquiry shall be instituted by the issue of a notice in writing, on behalf of the Council, by the Registrar addressed to the Practitioner. Such notice shall specify the nature and particulars of the charge, and shall inform the Practitioner of the day on which the Council intend to deal with the case, and shall call upon him to answer the charge in writing and to attend before the Council on that day.

34. The notice referred to in rule 33 shall be in Form No. V in the Appendix to these rules, with such variations as circumstances may require. It shall be sent three weeks before the date of the inquiry, and shall be accompanied by a copy of section 17 or 25 of the Act, as the case may be, and of the rules to regulate the procedure for conducting any inquiry referred to in those sections.

35. In every case in which the Council resolve that an inquiry shall be instituted and a notice for an inquiry is issued accordingly, the complainant (if any) and the Medical Practitioner charged shall, upon request in writing for that purpose signed by him or his Solicitor, be entitled to be supplied by the Registrar with a copy of any declaration, explanation, answer or other document given or sent to the Council by or on behalf of the other party, which such other party will be entitled on proper proof to use at the hearing as evidence in support of or in answer to the charge specified in the notice of inquiry.

36. Any answer, evidence, or statement forwarded, or application made, by the Medical Practitioner between the date of the issue of the notice and the day named for the hearing of the charge shall be dealt with by the President in such manner as he shall think fit.

37. All material documents which are to be laid before the Council as evidence in regard to the case shall be printed, and a copy shall be furnished to each member of the Council before the hearing of the case.

38. At the hearing of the case by the Council, the complainant and also the Practitioner may be represented or assisted by a Solicitor, with or without Counsel.

39. Where a complainant appears personally or by Counsel or Solicitor, the order of procedure shall be as follows:—

- (1) The Registrar will read to the Council the notice of the inquiry addressed to the Practitioner.
- (2) The complainant will then be invited to state his case by himself or his legal representative and to produce his proofs in support of it. At the conclusion of the complainant's proofs his case will be closed.
- (3) The Practitioner will then be invited to state his case by himself or by his legal representative, and to produce his proofs in support of it. He may address the Council either before or at the conclusion of his proofs, but only once.
- (4) At the conclusion of the Practitioner's case, the Council will, if the Practitioner has produced evidence, hear the complainant in reply on the case generally, but will hear no further evidence except in any special case in which the Council may think it right to receive such further evidence. If the Practitioner produces no evidence, the complainant will not be heard in reply, except by special leave of the Council.
- (5) Where a witness is produced by any party before the Council, he will be first examined by the party producing him, and then cross-examined by the adverse party, and then re-examined by the party producing him. The Council may decline to admit in evidence any declaration where the declarant is not present for, or declines to submit to, cross-examination.
- (6) The President may put questions to any witness, and members of the Council, through the President, may also put questions to any witness.

40. Where there is no complainant, or no complainant appears, the order of procedure shall be as follows:—

- (1) The Registrar to the Council will read to the Council the notice of inquiry addressed to the Practitioner, and will state the facts of the case and produce before the Council the evidence by which it is supported.
- (2) The Practitioner will then be invited to state his case by himself or by his legal representative, and to produce his proofs in support of it. He may address the Council either before or at the conclusion of his proofs, but only once.

41. (1) Upon the conclusion of the case, the Council will deliberate thereon in private, and at the conclusion of the deliberations the President shall call upon the Council to vote on the question whether the Medical Practitioner charged is guilty of infamous conduct in a professional respect.

42. When the registration of the name of any Practitioner is refused, or when the name of any Registered Practitioner is removed from the Register in accordance with the provisions of the preceding rules, the Registrar shall forthwith send notice of such refusal or removal to the Practitioner, and such notice shall be sent by a registered letter addressed to the last known address of the Practitioner. The Registrar shall also send, forthwith, intimation of any such refusal or removal to the Body or Bodies from whom the Practitioner received his qualification or qualifications, and shall request them not to admit any such Practitioner to any examination for any new qualification, which is registrable in the Medical Register, without previous reference to the Council.

Disposal of appeals from the decision of the Registrar preferred under section 23 of the Act.

48. The date on which the appeal is to be taken up by the Council shall be notified to the appellant. The appellant shall also be allowed, if he so chooses, to represent his case before the Council, either by himself or by his legal representative.

IRRIGATION DEPARTMENT.

The 6th April 1915.

No. 4—*Notification*.—In supersession of those portions of Bengal Government notification No. 98, dated the 4th April 1893, and notification No. 10, dated the 22nd December 1906, which relate to the Hijili Tidal Canal and the portion of the Orissa Coast Canal lying in this Presidency, the following draft of (1) revised rules and (2) revised schedules of rates of tolls, which in exercise of the powers conferred by sections 6 and 11 of the Canals Act, 1864 (Bengal Act V of 1864), the Governor in Council intends to make and fix for the Hijili Tidal Canal and the portion of the Orissa Coast Canal lying in this Presidency, is published, as required by section 12 of that Act, for the information of persons likely to be affected thereby.

II. The draft will be taken into consideration on or after the 20th May 1915 and any objection or suggestion which may be received by the undersigned before that date will be duly considered.

F. A. A. COWLEY,

*Offg. Secy. to the Govt. of Bengal.**Draft Rules.*

1. Every vessel, entering or passing along any of the above lines of navigation, shall be liable to measurement for the purpose of ascertaining the amount of toll the vessel should pay according to the schedule of rates authorised by Government to be charged on the line of navigation.

2. The tonnage of every vessel, except loose timber and rafts, whether laden or empty, shall, for the purposes of the "Canals Act, 1864," and of these rules, be determined by the following measurements:—

- (a) The product of half the length of the vessel, measured along the water-line and round the contour of the vessel from centre of stem to centre of stern-post, multiplied by the interior greatest breadth of the vessel or by the greatest breadth of the cargo, should this overhang, or, as in the case of logs, be lashed alongside, multiplied by the greatest interior depth from the water-line to the bottom of the vessel, is to be taken as equal to the number of maunds upon which toll shall be levied.
- (b) The measurement of the length is to be made in feet, rejecting fractions of a foot, and the measurement of the breadth and depth in feet and quarters of feet, rejecting portions of less than a quarter of a foot.
- (c) In calculating the amount of toll to be levied, any portion of 100 maunds less than 10 maunds is to be omitted.
- (d) In calculating the amount of toll to be levied on steamers, an allowance of one-third the total maundage, as found under clauses (a), (b) and (c) is to be made for engine space.

3. Every vessel entering or passing along any of the above lines of navigation shall be furnished with a ticket on paying the prescribed toll. The ticket shall specify the station at which it has been issued, the name of the person in charge of the vessel, the date on which the voyage commenced, the point to which the vessel may proceed on the line of navigation, the maundage of the vessel, the amount of toll charged, the number of days allowed for the voyage, and the date of such last day. The

number of days so allowed without additional payment shall be calculated at the rate of one day for every eight miles, or portion of eight miles, to be traversed, together with one day for every 200 maunds of measurement. In the case of rafts, one day for every five miles shall be allowed.

4. Toll may be paid at the first station, either for the entire number of toll-stations on the line of navigation or for any less number of stations.

5. The tickets thus given may be demanded for inspection by any duly authorised navigation officer, and must be kept on board and at hand for that purpose. They must be shown at each toll-station the vessel has to pass as a passport that no further payment of toll is to be demanded. The tickets shall be delivered up at the last toll-station.

Navigation officers shall have authority to check-measure vessels whenever they consider it necessary, and if the toll due according to the check-measurement exceeds that originally paid, the difference shall be payable at the toll-station of check-measurement, or at the next toll-station at which the vessel may arrive if the check-measurement was made at some point other than a toll-station. The officer collecting the difference shall endorse the ticket showing the measurements, and note the amount recovered in excess of the toll originally paid.

6. Owners or hirers of vessels may compound, by the payment of a fixed sum, for the use of the whole or any portion of the canals or any period that may be agreed upon, not exceeding one year. In such case the vessel shall be furnished with a ticket showing the amount of toll paid, the period for which the toll has been compounded, and the limits of the line of navigation within which the vessel may pass. Such ticket shall be kept on board the vessel, and shall be produced when required under rule 5, but shall be given up only on the date of the expiry of the period for which granted, and at the station from whence issued.

7. Duplicates of lost tickets of which the numbers and dates of entry can be satisfactorily established, will be granted by the officers in charge of toll-stations on payment of a fee of one rupee.

8. Every vessel, which does not complete its voyage within the number of days allowed by rule 3, shall, for each day or part of a day in excess, be liable to an extra charge equal to 8 annas per 100 maunds, calculated on the maundage of the vessel, as determined by rule 2. The charge for demurrage on timbers and rafts shall be as follows:—

Timber in rafts or loose	... One anna per timber per day.
Bamboos in floats	... Two annas per 100 per day.
Bullahs in rafts	... Eight annas per 100 per day.

Provided as follows:—

- (1) Exemption from payment of demurrage may be granted to vessels detained in canal by stress of weather or heavy traffic, steamers broken down and boats damaged, if immediate notice of the cause of detention be given at the nearest toll-station for the information of the Executive Engineer.
- (2) Missionary boats are exempted from payment of demurrage for lying in the canals.
- (3) Partial exemption from payment of demurrage is to be granted to boats thus:—
 - (a) by increasing the allowance of time for the voyage (see rule 3) which shall be calculated at the rate of one day for every 8 miles or portion of 8 miles to be traversed, together with one day for every 200 maunds of measurement or any portion of 200 maunds which is not less than 60 maunds (*N.B.*—from 60 to 190 maunds one day shall be allowed);

(b) by granting the following extra times for the purpose of *bona-fide* loading and unloading in the canals to—

	Days.
Cargo boats from 10 to 100 maunds of measurement...	5
.. .. from 110 to 200 maunds ..	8
.. .. from 210 to 300 maunds ...	10
.. .. from 310 to 400 maunds ...	12
.. .. of 410 maunds and upwards ...	14
Passenger boats of 10 maunds and upwards	3

The extra times will be granted to boats which either load or unload or both in the canals, but will not apply to boats which both enter and leave the canal empty, the time allowed being as laid down in rule 3 only.

(c) Boats plying in the Balighye main and branch drains will be allowed extra times as noted above for both journeys—entering and leaving—separately, even if plying empty.

9. Boats are allowed to be moored while waiting for cargo or otherwise, or may be loaded and unloaded, anywhere in the canals, except within 500 feet of any lock *and within 150 feet on either side of any sluice* and except where specially prohibited by the canal staff. *In any case they must complete the voyage within the time allowable to them* under these orders, otherwise demurrage will be charged.

10. No boat is permitted to moor in the outer channels of any lock. The channels to which this prohibition extends are as follows:—

Gewankhali.—Between the Gewankhali lock and the Gewankhali khal.

Etamagra.—Between the Etamagra lock and the Haldi river.

Terapakia.—Between the Terapakia lock and the Haldi river.

Kalinagar.—Between the Kalinagar lock and the Sadar khal.

Bhaitgar.—Between the Bhaitgar lock and the Rasulpur river.

No boats will be allowed, under any circumstances, to drop an anchor or to moor to both banks in any lock, entrance or in the canals, except in the case of severe stress of weather.

11. Except with the written permission of a navigation officer, no goods or cargo may be deposited on any bank, berm or land appertaining to the canal at places other than those notified by the Superintending Engineer of the circle as available for such a purpose. Any person depositing goods in contravention of this rule shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 50.

12. Navigation officers may order consignors or consignees or owners to remove their goods from the places notified as available for depositing cargo under rule 11. Goods not finally removed within a period of six days from the receipt of such order shall be liable to a charge of four annas per 100 maunds for each day or part of a day after the expiry of six days until finally removed.

13. Any vessel whose extreme dimensions exceed 130 feet in length and 19 feet in *breadth including goods overhanging* is prohibited from entering or passing along the canals or a line of navigation without the special permission in writing of the Executive Engineer; also no vessel exceeding 40 feet in length and 8 feet in *breadth including goods overhanging* will be allowed to enter or pass along the Balighye drain from Chowmook to Tikrapara and the branch-drain from Chowmook to the Balighye Road bridge.

14. It will not be compulsory for the locks to be opened to single vessels of less than 500 maunds burden, except in the case of mail or despatch boats or passenger or cargo-boats in tow of steam-vessels; but the locks shall be opened for the passage of boats at least twice a day.

15. *Mooring*.—All vessels stopping at night must be moored head and stern to the bank of the channel or wherever specially ordered.

Only one line of vessels shall be allowed to pass along a canal or to make fast along and in a line with the canal banks or along and in a line with the banks of the river entrance to the locks, and no vessel shall be made fast, or be placed outside of vessels so secured, without the permission of a navigation officer. No vessel shall, however, be placed in such a position as to endanger the safety of other vessels, to obstruct their passage, or to impede the navigation.

16. *Rule of the Road.*—When under sail, vessels are to keep in the centre of the channel. When being tracked, vessels are, wherever practicable, to keep to starboard or right side of the channel. Vessels meeting in a canal, except when being tracked, must keep to their right when passing, and when one vessel overtakes another, the former must pass on the left. When vessels, one of which is sailing and the other steaming, meet in a canal, the sailing vessel must keep to the leeward. A steamer passing any vessel is bound to go at a speed not greater than half speed.

17. *Lights and signals.*—All vessels, whether travelling or moored in a line of navigation, must, between sunset and sunrise, carry a white light, in a lantern on the forepart of the vessel where it can be distinctly seen from *all sides*. All steam-vessels in motion shall carry the lights prescribed by the Board of Trade Regulations. Barges or boats attached to a steam-vessel, whether in motion or moored, shall carry the white light prescribed above.

Where signals are used, no vessel shall enter or attempt to enter the entrance channel of a lock when a red flag or red light is displayed at the end of the lock next her, "*but shall wait until the signal intimating 'all clear' is displayed.*" Steam-vessels approaching a lock shall whistle when a mile distant, and shall continue to whistle at intervals, until the signal intimating that the lock is open or closed is displayed, or, if no signals are used, until arrival.

18. *Crews and Attendants.*—Every vessel when stationary shall be securely fastened, and shall at all times have some person in attendance on board. Every vessel in motion shall have a sufficient crew.

19. *Fittings.*—Vessels must have their masts, high awnings, and funnels fitted so that they can be let down with ease and speed, and no bamboos or poles shall be erected on or by vessels when at anchor.

20. *Conduct of navigation.*—Vessels are prohibited from making fast to any portion of the lock-gates or gearing, and steamers are prohibited from making fast the tow-lines of their boats until the latter are clear of the locks. Steamers are prohibited from lashing boats or barges alongside while proceeding within locks. Towing ropes of a greater length than 50 feet are not to be used in a canal. The throwing of cinders into any canal is prohibited; they are to be deposited on the banks.

21. In every case of wreck or obstruction of the channel by sunken vessels, the Supervisor of the line of navigation or of a part of it may call upon the person in charge of the vessel to remove the same without delay, and shall give every reasonable assistance towards so doing. But should the owner of the vessel or raft be not forthcoming, or should he not use reasonable expedition in removing the obstruction, or should he decline or fail to use proper assistance which may be offered to him by the Supervisor, this officer may, under the provisions of section 14 of the Act, undertake the removal of the obstruction himself at the cost of the owner of the boat, recovering the expense in the manner laid down in section 9 of the "Canals Act, 1864".

In the case of emergency and in the temporary absence of the Supervisor from the place where the obstruction occurred any navigation officer present must at once report the matter to the Supervisor.

22. If the Supervisor be unable to ascertain the name and place of business or of abode of the owner of the cargo of any vessel or boats seized under the "Canals Act", he shall notify the seizure in the most public manner available.

23. In the event of any damage or injury being occasioned to the canal works by wilfulness or negligence on the part of any person in charge of a vessel, the navigation officers may detain the vessel at any point within the canal for a period not exceeding 48 hours; provided that, within that period, the navigation officers shall lodge a complaint against such person in charge of the vessel before a Magistrate under section 16 of the "Canals Act".

24. For any contravention of rules 15, 16, 17, 18, 19 and 20, the person in charge of the vessel shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 50.

25. The term "navigation officers" as used in the foregoing rules shall include all persons appointed under section 8 of the "Canals Act, 1864", and all Public Works Officers or subordinates in charge of the canal not below the grade of Sub-Overseer.

26. The canals may be closed once a year for effecting the necessary repairs to them on one month's notice of the intention so to close them being given; but in the event of any sudden emergency, the canals may be closed at any time without prior notice, and no claim in such case by owners of vessels or others for compensation on account of detention shall be entertained.

HIGH COURT NOTICE.

Rules made by the High Court, Original Side, Calcutta, under sections 2 and 3 of the Destruction of Records Act, III of 1879, and confirmed by the Government of Bengal by letter No. 1367J., dated 27th April 1915, as required by section 5 of the Act.

The books and papers mentioned in the list below shall be destroyed or disposed of by the Registrar, at the times mentioned therein or as soon after as may be convenient.

Destruction of records.

List.

1. Unclaimed books and papers deposited by suitors previous to the year 1854 and now in the custody of the Registrar (and of which the present ownership cannot be traced)—immediately.

2. Such books and papers from the Mayor's Court and Supreme Court as have become illegible or useless from decay or from the ravages of white-ants—immediately.

3. *Præcipes* and drafts and other papers not filed as of records and not being exhibits—three years after the final disposal of the suit.

4. Fee-books including books showing amount of stamps cancelled and bespeak books—three years and one year, respectively, from the date of the last entry.

5. Such books and papers deposited by suitors and now in the custody of the Registrar and Taxing Officer as have been unclaimed for 20 years since the disposal of the cause or suit in which such books and papers were deposited (and of which the present ownership cannot be traced), unless in special cases where the Registrar and the Taxing Officer shall think it better to preserve such books or papers—immediately.

6. Such unclaimed books and papers deposited by suitors in causes or suits, already concluded, as have become illegible or useless from decay or from ravages of white-ants—immediately.

7. Affidavits of publication of notices of sales by the Registrar—five years after the confirmation of the sale by the Court.

8. Affidavits of publication of notices to creditors—five years after the report of Registrar, Official Referee, Assistant Referee or any Assistant Registrar as to the claims of such creditors has been confirmed by the Court.

9. Affidavit of service of warrants to tax bills of costs—five years after taxation of the bill.

under the said land, and whereas the Economic Coal Company, Limited, have given notice to the Government of Bengal, in accordance with the provisions of Act XVIII of 1885, that the said Company intend to work the seam known as the Rana Seam, and whereas the mines have been inspected by the officer appointed by the Bengal Government for the purpose under section 5 (1) of Act XVIII of 1885, and whereas it appears to the Bengal Government that the working out of the coal of the mines underlying the said land is likely to cause damage to the surface of the said land and to the works constructed thereon, and whereas the said Economic Coal Company, Limited, have agreed not to work and get minerals underlying the land acquired for their siding, or underlying the land acquired for the branch or other lines with which the siding is connected or underlying the land of the branch or branches connecting the said siding with the main line, in such a manner as to injure or to endanger the safety of the undertaking or any part thereof, nor to claim any compensation for any restricted working:

Now, therefore, the Governor in Council is pleased to declare, under section 5, sub-section (2), clause (b) of the abovementioned Act, XVIII of 1885, that the working shall be carried on by the said Economic Coal Company, Limited, in the manner and subject to the restrictions below specified, viz.:—

- (a) Where the depth from the natural surface of the ground to the roof of the working is less than 50 feet no coal shall be worked.
- (b) Where the depth from the natural surface of the ground to the roof of the working exceeds 50 feet and is less than 200 feet galleries may be driven not more than 8 feet high and 12 feet wide with centres not less than 52 feet apart, forming pillars not less than 40 feet square to be left unworked.
- (c) Where the depth from the natural surface of the ground to the roof of the working exceeds 200 feet galleries may be driven not more than 8 feet high and 12 feet wide with centres not less than 62 feet apart forming pillars not less than 50 feet square to be left unworked.
- (d) Manholes not exceeding 6 feet in height by 3 feet in width by 4 feet in depth may be made where required by any rule made under the Indian Mines Act, 1901.
- (e) Any inrush of water, quicksand or soft material shall be reported to the Chief Inspector of Mines without delay.
- (f) These restrictions apply to the Rana Seam only and to the area edged with pink on the plan, and Messrs. The Economic Coal Company, Limited, shall give notice under section 4 of the Land Acquisition (Mines) Act, 1885, of their intention to work any other seam under the above area or to work coal under any other area of acquired land; and that in all the above cases no further excavation shall be made in any of the galleries which already have been driven, the actual heights and widths of which have been carefully recorded on the plan marked L. A. M. A. No. 260 signed by the Chief Inspector of Mines.

The plan referred to may be seen in the office of the Chief Inspector of Mines in India by the parties concerned.

IRRIGATION DEPARTMENT.

The 6th April 1915.

No. 4—Notification.—In supersession of those portions of Bengal Government notification No. 98, dated the 4th April 1893, and notification No. 10, dated the 22nd December 1906, which relate to the Hijili Tidal Canal and the portion of the Orissa Coast Canal lying in this Presidency, the following draft of (1) revised rules and (2) revised schedules of rates of tolls, which in exercise of the powers conferred by sections 6 and 11 of the Canals Act, 1864 (Bengal Act V of 1864), the Governor in Council intends to make and fix for the Hijili Tidal Canal and the portion of the Orissa Coast Canal lying in this Presidency, is published, as required by section 12 of that Act, for the information of persons likely to be affected thereby.

II. The draft will be taken into consideration on or after the 20th May 1915 and any objection or suggestion which may be received by the undersigned before that date will be duly considered.

F. A. A. COWLEY,

*Offg. Secy. to the Govt. of Bengal.**Draft Rules.*

1. Every vessel, entering or passing along any of the above lines of navigation, shall be liable to measurement for the purpose of ascertaining the amount of toll the vessel should pay according to the schedule of rates authorised by Government to be charged on the line of navigation.

2. The tonnage of every vessel, except loose timber and rafts, whether laden or empty, shall, for the purposes of the "Canals Act, 1864," and of these rules, be determined by the following measurements:—

(a) The product of half the length of the vessel, measured along the water-line and round the contour of the vessel from centre of stem to centre of stern-post, multiplied by the interior greatest breadth of the vessel or by the greatest breadth of the cargo, should this overhang, or, as in the case of logs, be lashed alongside, multiplied by the greatest interior depth from the water-line to the bottom of the vessel, is to be taken as equal to the number of maunds upon which toll shall be levied.

(b) The measurement of the length is to be made in feet, rejecting fractions of a foot, and the measurement of the breadth and depth in feet and quarters of feet, rejecting portions of less than a quarter of a foot.

(c) In calculating the amount of toll to be levied, any portion of 100 maunds less than 10 maunds is to be omitted.

(d) In calculating the amount of toll to be levied on steamers, an allowance of one-third the total maundage, as found under clauses (a), (b) and (c) is to be made for engine space.

3. Every vessel entering or passing along any of the above lines of navigation shall be furnished with a ticket on paying the prescribed toll. The ticket shall specify the station at which it has been issued, the name of the person in charge of the vessel, the date on which the voyage commenced, the point to which the vessel may proceed on the line of navigation, the maundage of the vessel, the amount of toll charged, the number of days allowed for the voyage, and the date of such last day. The

number of days so allowed without additional payment shall be calculated at the rate of one day for every eight miles, or portion of eight miles, to be traversed, together with one day for every 200 maunds of measurement. In the case of rafts, one day for every five miles shall be allowed.

4. Toll may be paid at the first station, either for the entire number of toll-stations on the line of navigation or for any less number of stations.

5. The tickets thus given may be demanded for inspection by any duly authorised navigation officer, and must be kept on board and at hand for that purpose. They must be shown at each toll-station the vessel has to pass as a passport that no further payment of toll is to be demanded. The tickets shall be delivered up at the last toll-station.

Navigation officers shall have authority to check-measure vessels whenever they consider it necessary, and if the toll due according to the check-measurement exceeds that originally paid, the difference shall be payable at the toll-station of check-measurement, or at the next toll-station at which the vessel may arrive if the check-measurement was made at some point other than a toll-station. The officer collecting the difference shall endorse the ticket showing the measurements, and note the amount recovered in excess of the toll originally paid.

6. Owners or hirers of vessels may compound, by the payment of a fixed sum, for the use of the whole or any portion of the canals or any period that may be agreed upon, not exceeding one year. In such case the vessel shall be furnished with a ticket showing the amount of toll paid, the period for which the toll has been compounded, and the limits of the line of navigation within which the vessel may pass. Such ticket shall be kept on board the vessel, and shall be produced when required under rule 5, but shall be given up only on the date of the expiry of the period for which granted, and at the station from whence issued.

7. Duplicates of lost tickets of which the numbers and dates of entry can be satisfactorily established, will be granted by the officers in charge of toll-stations on payment of a fee of one rupee.

8. Every vessel, which does not complete its voyage within the number of days allowed by rule 3, shall, for each day or part of a day in excess, be liable to an extra charge equal to 8 annas per 100 maunds, calculated on the maundage of the vessel, as determined by rule 2. The charge for demurrage on timbers and rafts shall be as follows:—

Timber in rafts or loose	... One anna per timber per day.
Bamboos in floats	... Two annas per 100 per day.
Bullahs in rafts	... Eight annas per 100 per day.

Provided as follows:—

- (1) Exemption from payment of demurrage may be granted to vessels detained in canal by stress of weather or heavy traffic, steamers broken down and boats damaged, if immediate notice of the cause of detention be given at the nearest toll-station for the information of the Executive Engineer.*
- (2) Missionary boats are exempted from payment of demurrage for lying in the canals.
- (3) Partial exemption from payment of demurrage is to be granted to boats thus:—
 - (a) by increasing the allowance of time for the voyage (see rule 3) which shall be calculated at the rate of one day for every 8 miles or portion of 8 miles to be traversed, together with one day for every 200 maunds of measurement or any portion of 200 maunds which is not less than 60 maunds (*N.B.*—from 60 to 190 maunds one day shall be allowed);

(b) by granting the following extra times for the purpose of *bona-fide* loading and unloading in the canals to—

	Days.
Cargo boats from 10 to 100 maunds of measurement ...	5
" " from 110 to 200 maunds ...	8
" " from 210 to 300 maunds ...	10
" " from 310 to 400 maunds ...	12
" " of 410 maunds and upwards ...	14
Passenger boats of 10 maunds and upwards ...	3

The extra times will be granted to boats which either load or unload or both in the canals, but will not apply to boats which both enter and leave the canal empty, the time allowed being as laid down in rule 3 only.

(c) Boats plying in the Balighye main and branch drains will be allowed extra times as noted above for both journeys—entering and leaving—separately, even if plying empty.

9. Boats are allowed to be moored while waiting for cargo or otherwise, or may be loaded and unloaded, anywhere in the canals, except within 500 feet of any lock *and within 150 feet on either side of any sluice* and except where specially prohibited by the canal staff. *In any case they must complete the voyage within the time allowable to them* under these orders, otherwise demurrage will be charged.

10. No boat is permitted to moor in the outer channels of any lock. The channels to which this prohibition extends are as follows:—

Gewankhali.—Between the Gewankhali lock and the Gewankhali khal.

Etamagra.—Between the Etamagra lock and the Haldi river.

Terapakia.—Between the Terapakia lock and the Haldi river.

Kalinagar.—Between the Kalinagar lock and the Sadar khal.

Bhaitgar.—Between the Bhaitgar lock and the Rasulpur river.

No boats will be allowed, under any circumstances, to drop an anchor or to moor to both banks in any lock, entrance or in the canals, except in the case of severe stress of weather.

11. Except with the written permission of a navigation officer, no goods or cargo may be deposited on any bank, berm or land appertaining to the canal at places other than those notified by the Superintending Engineer of the circle as available for such a purpose. Any person depositing goods in contravention of this rule shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 50.

12. Navigation officers may order consignors or consignees or owners to remove their goods from the places notified as available for depositing cargo under rule 11. Goods not finally removed within a period of six days from the receipt of such order shall be liable to a charge of four annas per 100 maunds for each day or part of a day after the expiry of six days until finally removed.

13. Any vessel whose extreme dimensions exceed 130 feet in length and 19 feet in *breadth including goods overhanging* is prohibited from entering or passing along the canals or a line of navigation without the special permission in writing of the Executive Engineer; also no vessel exceeding 40 feet in length and 8 feet in *breadth including goods overhanging* will be allowed to enter or pass along the Balighye drain from Chowmook to Tikrapara and the branch drain from Chowmook to the Balighye Road bridge.

14. It will not be compulsory for the locks to be opened to single vessels of less than 500 maunds burden, except in the case of mail or despatch boats or passenger or cargo-boats in tow of steam-vessels; but the locks shall be opened for the passage of boats at least twice a day.

15. *Mooring*.—All vessels stopping at night must be moored head and stern to the bank of the channel or wherever specially ordered.

Only one line of vessels shall be allowed to pass along a canal or to make fast along and in a line with the canal banks or along and in a line with the banks of the river entrance to the locks, and no vessel shall be made fast, or be placed outside of vessels so secured, without the permission of a navigation officer. No vessel shall, however, be placed in such a position as to endanger the safety of other vessels, to obstruct their passage, or to impede the navigation.

16. *Rule of the Road.*—When under sail, vessels are to keep in the centre of the channel. When being tracked, vessels are, wherever practicable, to keep to starboard or right side of the channel. Vessels meeting in a canal, except when being tracked, must keep to their right when passing, and when one vessel overtakes another, the former must pass on the left. When vessels, one of which is sailing and the other steaming, meet in a canal, the sailing vessel must keep to the leeward. A steamer passing any vessel is bound to go at a speed not greater than half speed.

17. *Lights and signals.*—All vessels, whether travelling or moored in a line of navigation, must, between sunset and sunrise, carry a white light, in a lantern on the forepart of the vessel where it can be distinctly seen from *all sides*. All steam-vessels in motion shall carry the lights prescribed by the Board of Trade Regulations. Barges or boats attached to a steam-vessel, whether in motion or moored, shall carry the white light prescribed above.

Where signals are used, no vessel shall enter or attempt to enter the entrance channel of a lock when a red flag or red light is displayed at the end of the lock next her, "*but shall wait until the signal intimating 'all clear' is displayed.*" Steam-vessels approaching a lock shall whistle when a mile distant, and shall continue to whistle at intervals, until the signal intimating that the lock is open or closed is displayed, or, if no signals are used, until arrival.

18. *Crews and Attendants.*—Every vessel when stationary shall be securely fastened, and shall at all times have some person in attendance on board. Every vessel in motion shall have a sufficient crew.

19. *Fittings.*—Vessels must have their masts, high awnings, and funnels fitted so that they can be let down with ease and speed, and no bamboos or poles shall be erected on or by vessels when at anchor.

20. *Conduct of navigation.*—Vessels are prohibited from making fast to any portion of the lock-gates or gearing, and steamers are prohibited from making fast the tow-lines of their boats until the latter are clear of the locks. Steamers are prohibited from lashing boats or barges alongside while proceeding within locks. Towing ropes of a greater length than 50 feet are not to be used in a canal. The throwing of cinders into any canal is prohibited; they are to be deposited on the banks.

21. In every case of wreck or obstruction of the channel by sunken vessels, the Supervisor of the line of navigation or of a part of it may call upon the person in charge of the vessel to remove the same without delay, and shall give every reasonable assistance towards so doing. But should the owner of the vessel or raft be not forthcoming, or should he not use reasonable expedition in removing the obstruction, or should he decline or fail to use proper assistance which may be offered to him by the Supervisor, this officer may, under the provisions of section 14 of the Act, undertake the removal of the obstruction himself at the cost of the owner of the boat, recovering the expense in the manner laid down in section 9 of the "Canals Act, 1864".

In the case of emergency and in the temporary absence of the Supervisor from the place where the obstruction occurred any navigation officer present must at once report the matter to the Supervisor.

22. If the Supervisor be unable to ascertain the name and place of business or of abode of the owner of the cargo of any vessel or boats seized under the "Canals Act", he shall notify the seizure in the most public manner available.

23. In the event of any damage or injury being occasioned to the canal works by wilfulness or negligence on the part of any person in charge of a vessel, the navigation officers may detain the vessel at any point within the canal for a period not exceeding 48 hours; provided that, within that period, the navigation officers shall lodge a complaint against such person in charge of the vessel before a Magistrate under section 16 of the "Canals Act".

24. For any contravention of rules 15, 16, 17, 18, 19 and 20, the person in charge of the vessel shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 50.

25. The term "navigation officers" as used in the foregoing rules shall include all persons appointed under section 8 of the "Canals Act, 1864", and all Public Works Officers or subordinates in charge of the canal not below the grade of Sub-Overseer.

26. The canals may be closed once a year for effecting the necessary repairs to them on one month's notice of the intention so to close them being given; but in the event of any sudden emergency, the canals may be closed at any time without prior notice, and no claim in such case by owners of vessels or others for compensation on account of detention shall be entertained.

and 11 of the Canals Act, 1864 (Bengal
Act V of 1864), and in supersession of
the notifications noted in the margin,
the Governor in Council is pleased to
make and fix the following revised
rules and rates of tolls for the
Calcutta Canals (including the Kristo-

pur Canal) and Tolly's Nala, as defined below.

THE CALCUTTA CANALS.

(1) The Circular Canal, comprising the whole of the still-water canal between the Dhappa and Chitpur Locks, together with its junction with the river Hooghly and the Orange Soorah at Dhappa.

(2) The Central Lake Channel from its junction with the Calcutta Canals at the Dhappa Lock to its junction with the Bidyadhari River at Bamanghata.

(3) The Nowbhangha Khal extending northwards for a mile from its junction with the Central Lake Channel below the Dhappa Lock.

(4) The Soorah from its junction with the Central Lake Channel below the Dhappa Lock and extending to the fish market situated adjacent to, and to the west of, the Dhappa Inspector's residence.

(5) The Kristopur Canal extending from a point in the New Cut Canal 1 mile 4,700 feet from Chitpur Lock to a point on the Bhangore Khal at Kantatala, together with the outfall channel, 4,180 feet in length.

TOLLY'S NALA.

Tolly's Nala extending from a line drawn across the Nala 25 feet west of the Hastings Bridge at Kidderpore to the Bidyadhari River at Samukpota.

2	On all boats, steamers or other vessels laden with firewood, per 100 maunds tonnage by canal measurement.	12 0	1 8	1 8	1 8
3	On floats of roughly squared timbers, each timber.	3 0	0 6	0 6
4	On floats of unwrought timber, each timber.	1 6	0 3	0 3
5	On rafts of bamboos, for each hundred or portion of each hundred.	1 6	0 3	0 3
6	On <i>saltees</i> under 25 maunds by canal measurement entering by Russa Toll-station.	0 4
7	On <i>saltees</i> of 25 maunds and less than 50 maunds by canal measurement entering by Russa Toll-station. Larger <i>saltees</i> will be charged at the rate given in Nos. 1, 2 and 3 above.	0 8
8	Minimum toll on all boats, floats or rafts	4 0	0 4	0 4	0 4

9. (1) Monthly tickets are, at the option of the payers, issued to boats carrying passengers, grass or perishable articles going to the Orphangeunge Bazar or to Dhappa. The cost of these tickets is at six times the ordinary toll as calculated by the above rates, if the tickets are issued at the Supervisor's office, and at ten times the ordinary toll as calculated by the above rates, if the tickets are issued at the toll-station at Dhappa or at Kidderpore.

(2) Monthly tickets at ten times the ordinary toll as calculated under item 1 of the Schedule for entering the canals from the eastward will be issued to boats carrying passengers, vegetables and perishable goods for plying within the Circular, New Cut and Kristapur Canals. These tickets will not entitle the boats to pass through the Dhappa or Chitpur Lock, but they will be allowed to pass the Kristapur Toll-station.

10. *Excess tolls.*—Vessels which are passing through the canals, and which enter either empty or partially loaded, are liable to pay excess tolls at the above rates, if their tonnage by canal measurement is greater when they are leaving the canals than it was when they entered them. Vessels entering at Chitpur, Kidderpore, and Chetla for the purpose of loading in the canals pay at the time of entry with reference to their line of usual immersion according to Canal Rules.

11. *Demurrage.*—Every vessel, raft or float, which has paid toll, shall be allowed three days for passing through the Circular Canals and two days for Tolly's Nala between Gurraah and Kidderpore, and three days for Soorah outside Dhappa Lock, the days of entering and leaving being both included. In addition to these periods, they may, without further payment, remain in the canals for the further undermentioned periods, that is to say—

Boats.—Two days for the first hundred maunds and one day for every hundred maunds above the first hundred maunds.

Floats.—Two days for any number of timbers not exceeding fifty, and one day for every additional fifty.

Rafts.—Two days for any number of bamboos not exceeding five hundred, and one day for every additional five hundred.

Every vessel, raft or float remaining in any part of the aforesaid canals longer than the period allowed under the foregoing rules shall, for each day in excess of such period, be charged demurrage equal to one-half of the toll payable under the schedules above, provided that the demurrage charged shall in no case exceed Rs. 5 per diem.

[*Note*.—Open dinghees accompanying large boats are entitled to the same demurrage allowance of time as the parent boats.]

12. Steamers or flats passing through the Lower Sunderbans Channels must pay tolls at the rate of Rs. 5 each before leaving and on return to Calcutta.

13. (1) During neap-tides, when there is not sufficient water in the Tolly's Nala near Russa for the navigation of boats laden with firewood, they will be allowed to proceed to or from the river Bidyadhari through the Circular Canal on payment of a rate of eight annas per 100 maunds of measured maundage for passage through that canal, in addition to the rate ordinarily payable for entering or plying in Tolly's Nala.

(2) For the purposes of reckoning demurrage charges, in the case of such boats, under item 11 of the Schedule, two extra days will be allowed over and above those provided for vessels plying in the Tolly's Nala.

(3) Boats plying under this concession will not be allowed either to load or to unload along the Circular Canal or river Hooghly. Infringement of this rule will render the boats liable to the ordinary tolls in force for the Circular Canal.

14. *Additional toll*.—All boats, steamers and flats, after passing out of the Dhappa Lock, must proceed outside the toll limit at Bamanghata within 48 hours; otherwise a fresh toll will be levied in accordance with the rules in force.

15. (1) During the period from the 1st December to the 15th June, boats laden with rice or paddy will be allowed to proceed to or from the river Bidyadhari through the Circular Canal and the Tolly's Nala *via* Kidderpore on payment of a rate of Re. 1-12 per hundred maunds of measured maundage for passage through these canals.

(2) Boats plying under this concession will be charged the ordinary concession rate of Re. 1-12 per hundred maunds, and on leaving Tolly's Nala a further charge of 12 annas per hundred maunds only will be made if loaded with cargo other than paddy or rice, the maundage charged for and the amount charged being endorsed on the back of the concession ticket by the Toll Collector, Kidderpore.

(3) If any boat picks up more cargo, either in the Hooghly or in the Circular Canal, the Toll Collectors at Chitpur and Dhappa, respectively, will assess and collect the extra toll due on the cargo at 12 annas per hundred maunds, provided that the maundage of the boat does not exceed that when it originally entered at Dhappa.

(4) If there is an excess on leaving Tolly's Nala, a rate of Rs. 2-8 per hundred maunds will be charged on the extra cargo at Kidderpore. This will entitle the boat to pass through to Dhappa Lock and out without any further payment.

(5) If the cargo is picked up either in the Hooghly or in the Circular Canal, the extra toll on the extra amount will be charged at the rate of Re. 1-12 per hundred maunds.

(6) For the purposes of reckoning demurrage charges under item 11 of this Schedule in the case of boats laden with rice or paddy during the period from the 1st December to the 15th June, two extra days will be allowed over and above those provided for vessels plying in the Tolly's Nala.

No. 60 Marine.—The following by-laws which have been framed by the Commissioners of the Port of Calcutta under section 126, sub-section (1), clause (i) of the Calcutta Port Act, 1890, for the regulation of their Ferry Service are published under sub-section (4) of that section:—

“In exercise of the powers conferred by section 126, sub-section (1), clause (i), and section 127 of the Calcutta Port Act, 1890, the Commissioners in meeting hereby make the following by-laws:—

BY-LAWS FOR THE REGULATION OF THE PORT COMMISSIONERS
FERRY SERVICE.

1. Every person desirous of travelling on any of the Port Commissioners' ferry steamers shall, upon payment of his fare, be supplied with a ticket specifying the class for which, and the place from and the place to which, the fare has been paid and the amount of the fare.

2. No person shall, without the permission of a servant of the Port Commissioners,—

- (a) embark on any ferry steamer for the purpose of travelling thereon as a passenger unless he has with him a proper pass or ticket;
- (b) use any pass or ticket for a class superior to that for which it was issued,
- (c) use any pass or ticket for any journey other than that for which it was issued, or disembark at any place other than the place specified thereon,

- (d) use any ticket, whether single or return, on any date other than the date of issue, or
- (e) wilfully alter or deface his pass or ticket so as to render the date, number or any material portion thereof illegible.

3. Every person travelling on any ferry steamer shall, when so required by any servant of the Port Commissioners, present his pass or ticket to such servant for examination, and at the end of the journey for which the pass or ticket was issued, shall deliver it up to any servant of the Port Commissioners demanding the same. If he is found to be without a ticket he shall pay the fare.

4. A ticket, whether single, return or season, shall not be transferable and may be used only by the person for whose journey to and from the places specified thereon it was issued.

5. No person shall sell or attempt to sell, or purchase or attempt to purchase, or, in order to enable any other person to travel therewith, part with or attempt to part with the possession of, any half of a return ticket or any pass.

6. No person suffering from any infectious or contagious disease or being in a state of intoxication shall enter any steamer, pontoon, gangway, waiting-room or landing-stage of the Ferry Service; and no person shall behave on any such vessel or in any such place in a manner likely to cause discomfort or annoyance to other passengers.

7. No person shall bring with him upon any steamer, pontoon, gangway, waiting-room or landing-stage of the Ferry Service, or cause to be brought or placed thereon or therein, any dangerous or offensive goods or attempt to do so.

8. No person shall pull down or destroy any public notice put up by the order of the Commissioners in any steamer, pontoon or waiting-room.

9. No male person shall without lawful excuse enter any room or other place reserved by the Commissioners for the exclusive use of females on any steamer, pontoon or landing stage, or refuse to leave such place when requested to do so by any of the Commissioners' servants.

10. No person shall enter or leave, or attempt to enter or leave, any steamer while it is in motion, or elsewhere than at the gangways provided by the Commissioners for the purpose.

11. No person shall open or attempt to open any gate or door leading on to any of the steamers, pontoons, waiting-rooms or gangways used for the purpose of or in connection with the Ferry Service, unless authorized by one of the Commissioners' servants to do so.

12. No person shall enter or remain in or on a steamer, pontoon, waiting-room, gangway or any portion of a landing-stage after having been requested by one of the Commissioners' servants or any police officer not to enter or to leave the same.

13. No person shall wilfully obstruct or impede any servant of the Commissioners or any police officer in the discharge of his duty on any of the steamers, pontoons, gangways, landing-stages, or waiting-rooms used for the purpose of or in connection with the Commissioners' Ferry Service.

14. Any person who commits any breach of any of these by-laws shall, in addition to any other penalty which may be hereby provided for such breach, forfeit any fare which he may have paid and any pass or ticket which he may have obtained or purchased, and may be removed from any steamer, pontoon, landing-stage, or waiting-room by any servant of the Commissioners or any police officer or any other person whom such servant or police officer shall call to his aid.

15. Any person who commits a breach of any of by-laws 2 (a), 2 (b), 2 (c) or 3 with intent to defraud shall be punished with fine which may extend to Rs. 20.

16. Any person who commits any breach of any of these by-laws other than by-laws 2 (a), 2 (b) 2 (c) or 3 shall be punishable with fine which may extend to Rs. 100, and when the breach is a continuing breach, with a further fine which may extend to Rs. 50 for every day after the first during which the breach continues."

IRRIGATION DEPARTMENT.

The 25th May 1915.

No. 8.—Notification.—In exercise of the powers conferred by sections 6 and 11 of the Canals Act, 1864 (Bengal Act V of 1864), and in supersession of those portions of Bengal Government Notification No. 98, dated the 4th April 1893, and Notification No. 10, dated the 22nd December 1906, which relate to the Hijili Tidal Canal and the portion of the Orissa Coast Canal lying in this Presidency, the Governor in Council is pleased to make and fix the following revised rules and revised schedules of rates of tolls for the Hijili Tidal Canal and the portion of the Orissa Coast Canal lying in this Presidency.

F. A. A. COWLEY,

Offg. Secy. to the Govt. of Bengal.

Rules.

1. Every vessel, entering or passing along any of the above lines of navigation, shall be liable to measurement for the purpose of ascertaining the amount of toll the vessel should pay according to the schedule of rates authorised by Government to be charged on the line of navigation.

2. The tonnage of every vessel, except loose timber and rafts, whether laden or empty, shall, for the purposes of the "Canals Act, 1864," and of these rules, be determined by the following measurements:—

(a) The product of half the length of the vessel, measured along the water-line and round the contour of the vessel from centre of stem to centre of stern-post, multiplied by the interior greatest breadth of the vessel or by the greatest breadth of the cargo, should this overhang, or, as in the case of logs, be lashed alongside, multiplied by the greatest interior depth from the water-line to the bottom of the vessel, is to be taken as equal to the number of maunds upon which toll shall be levied.

(b) The measurement of the length is to be made in feet, rejecting fractions of a foot, and the measurement of the breadth and depth in feet and quarters of feet, rejecting portions of less than a quarter of a foot.

(c) In calculating the amount of toll to be levied, any portion of 100 maunds less than 10 maunds is to be omitted.

(d) In calculating the amount of toll to be levied on steamers, an allowance of one-third the total maundage, as found under clauses (a), (b) and (c) is to be made for engine space.

3. Every vessel entering or passing along any of the above lines of navigation shall be furnished with a ticket on paying the prescribed toll. The ticket shall specify the station at which it has been issued, the name of the person in charge of the vessel, the date on which the voyage commenced, the point to which the vessel may proceed on the line of navigation, the maundage of the vessel, the amount of toll charged, the number of days allowed for the voyage, and the date of such last day. The

number of days so allowed without additional payment shall be calculated at the rate of one day for every eight miles, or portion of eight miles, to be traversed, together with one day for every 200 maunds of measurement. In the case of rafts, one day for every five miles shall be allowed.

4. Toll may be paid at the first station, either for the entire number of toll-stations on the line of navigation or for any less number of stations.

5. The tickets thus given may be demanded for inspection by any duly authorised navigation officer, and must be kept on board and at hand for that purpose. They must be shown at each toll-station the vessel has to pass as a passport that no further payment of toll is to be demanded. The tickets shall be delivered up at the last toll-station.

Navigation officers shall have authority to check-measure vessels whenever they consider it necessary, and if the toll due according to the check-measurement exceeds that originally paid, the difference shall be payable at the toll-station of check-measurement, or at the next toll-station at which the vessel may arrive if the check-measurement was made at some point other than a toll-station. The officer collecting the difference shall endorse the ticket showing the measurements, and note the amount recovered in excess of the toll originally paid.

6. Owners or hirers of vessels may compound, by the payment of a fixed sum, for the use of the whole or any portion of the canals or any period that may be agreed upon, not exceeding one year. In such case the vessel shall be furnished with a ticket showing the amount of toll paid, the period for which the toll has been compounded, and the limits of the line of navigation within which the vessel may pass. Such ticket shall be kept on board the vessel, and shall be produced when required under rule 5, but shall be given up only on the date of the expiry of the period for which granted, and at the station from whence issued.

7. Duplicates of lost tickets of which the numbers and dates of entry can be satisfactorily established, will be granted by the officers in charge of toll-stations on payment of a fee of one rupee.

8. Every vessel, which does not complete its voyage within the number of days allowed by rule 3, shall, for each day or part of a day in excess, be liable to an extra charge equal to 8 annas per 100 maunds, calculated on the maundage of the vessel, as determined by rule 2. The charge for demurrage on timbers and rafts shall be as follows:—

Timber in rafts or loose	... One anna per timber per day,
Bamboos in floats	... Two annas per 100 per day.
Bullahs in rafts	... Eight annas per 100 per day.

Provided as follows:—

- (1) Exemption from payment of demurrage may be granted to vessels detained in canal by stress of weather or heavy traffic, steamers broken down and boats damaged, if immediate notice of the cause of detention be given at the nearest toll-station for the information of the Executive Engineer.
- (2) Missionary boats are exempted from payment of demurrage for lying in the canals.
- (3) Partial exemption from payment of demurrage is to be granted to boats thus:—
 - (a) by increasing the allowance of time for the voyage (see rule 3) which shall be calculated at the rate of one day for every 8 miles or portion of 8 miles to be traversed, together with one day for every 200 maunds of measurement or any portion of 200 maunds which is not less than 60 maunds (*N.B.*—from 60 to 190 maunds one day shall be allowed);

(b) by granting the following extra times for the purpose of *bona-fide* loading and unloading in the canals to—

	Days.
Cargo boats from 10 to 100 maunds of measurement ...	5
.. .. from 110 to 200 maunds ...	8
.. .. from 210 to 300 maunds ...	10
.. .. from 310 to 400 maunds ...	12
.. .. of 410 maunds and upwards ...	14
Passenger boats of 10 maunds and upwards ...	3

The extra times will be granted to boats which either load or unload or both in the canals, but will not apply to boats which both enter and leave the canal empty, the time allowed being as laid down in rule 3 only.

(c) Boats plying in the Balighye main and branch drains will be allowed extra times as noted above for both journeys—entering and leaving—separately, even if plying empty.

9. Boats are allowed to be moored while waiting for cargo or otherwise, or may be loaded and unloaded, anywhere in the canals, except within 500 feet of any lock *and within 150 feet on either side of any sluice* and except where specially prohibited by the canal staff. *In any case they must complete the voyage within the time allowable to them* under these orders, otherwise demurrage will be charged.

10. No boat is permitted to moor in the outer channels of any lock. The channels to which this prohibition extends are as follows:—

Gewankhali.—Between the Gewankhali lock and the Gewankhali khal.

Etamagra.—Between the Etamagra lock and the Haldi river.

Terapakia.—Between the Terapakia lock and the Haldi river.

Kalinagar.—Between the Kalinagar lock and the Sadar khal.

Bhaitgar.—Between the Bhaitgar lock and the Rasulpur river.

No boats will be allowed, under any circumstances, to drop an anchor or to moor to both banks in any lock, entrance or in the canals, except in the case of severe stress of weather.

11. Except with the written permission of a navigation officer, no goods or cargo may be deposited on any bank, berm or land appertaining to the canal at places other than those notified by the Superintending Engineer of the circle as available for such a purpose. Any person depositing goods in contravention of this rule shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 50.

12. Navigation officers may order consignors or consignees or owners to remove their goods from the places notified as available for depositing cargo under rule 11. Goods not finally removed within a period of six days from the receipt of such order shall be liable to a charge of four annas per 100 maunds for each day or part of a day after the expiry of six days until finally removed.

13. Any vessel whose extreme dimensions exceed 130 feet in length and 19 feet in *breadth including goods overhanging* is prohibited from entering or passing along the canals or a line of navigation without the special permission in writing of the Executive Engineer; also no vessel exceeding 40 feet in length and 8 feet in *breadth including goods overhanging* will be allowed to enter or pass along the Balighye drain from Chowmook to Tikrapara and the branch drain from Chowmook to the Balighye Road bridge.

14. It will not be compulsory for the locks to be opened to single vessels of less than 500 maunds burden, except in the case of mail or despatch boats or passenger or cargo-boats in tow of steam-vessels; but the locks shall be opened for the passage of boats at least twice a day.

15. *Mooring*.—All vessels stopping at night must be moored head and stern to the bank of the channel or wherever specially ordered.

Only one line of vessels shall be allowed to pass along a canal or to make fast along and in a line with the canal banks or along and in a line with the banks of the river entrance to the locks, and no vessel shall be made fast, or be placed outside of vessels so secured, without the permission of a navigation officer. No vessel shall, however, be placed in such a position as to endanger the safety of other vessels, to obstruct their passage, or to impede the navigation.

16. *Rule of the Road.*—When under sail, vessels are to keep in the centre of the channel. When being tracked, vessels are, wherever practicable, to keep to starboard or right side of the channel. Vessels meeting in a canal, except when being tracked, must keep to their right when passing, and when one vessel overtakes another, the former must pass on the left. When vessels, one of which is sailing and the other steaming, meet in a canal, the sailing vessel must keep to the leeward. A steamer passing any vessel is bound to go at a speed not greater than half speed.

17. *Lights and signals.*—All vessels, whether travelling or moored in a line of navigation, must, between sunset and sunrise, carry a white light, in a lantern on the forepart of the vessel where it can be distinctly seen from *all sides*. All steam-vessels in motion shall carry the lights prescribed by the Board of Trade Regulations. Barges or boats attached to a steam-vessel, whether in motion or moored, shall carry the white light prescribed above.

Where signals are used, no vessel shall enter or attempt to enter the entrance channel of a lock when a red flag or red light is displayed at the end of the lock next her, "*but shall wait until the signal intimating 'all clear' is displayed.*" Steam-vessels approaching a lock shall whistle when a mile distant, and shall continue to whistle at intervals, until the signal intimating that the lock is open or closed is displayed, or, if no signals are used, until arrival.

18. *Crews and Attendants.*—Every vessel when stationary shall be securely fastened, and shall at all times have some person in attendance on board. Every vessel in motion shall have a sufficient crew.

19. *Fittings.*—Vessels must have their masts, high awnings, and funnels fitted so that they can be let down with ease and speed, and no bamboos or poles shall be erected on or by vessels when at anchor.

20. *Conduct of navigation.*—Vessels are prohibited from making fast to any portion of the lock-gates or gearing, and steamers are prohibited from making fast the tow-lines of their boats until the latter are clear of the locks. Steamers are prohibited from lashing boats or barges alongside while proceeding within locks. Towing ropes of a greater length than 50 feet are not to be used in a canal. The throwing of cinders into any canal is prohibited; they are to be deposited on the banks.

21. In every case of wreck or obstruction of the channel by sunken vessels, the Supervisor of the line of navigation or of a part of it may call upon the person in charge of the vessel to remove the same without delay, and shall give every reasonable assistance towards so doing. But should the owner of the vessel or raft be not forthcoming, or should he not use reasonable expedition in removing the obstruction, or should he decline or fail to use proper assistance which may be offered to him by the Supervisor, this officer may, under the provisions of section 14 of the Act, undertake the removal of the obstruction himself at the cost of the owner of the boat, recovering the expense in the manner laid down in section 9 of the "Canals Act, 1864".

In the case of emergency and in the temporary absence of the Supervisor from the place where the obstruction occurred any navigation officer present must at once report the matter to the Supervisor.

22. If the Supervisor be unable to ascertain the name and place of business or of abode of the owner of the cargo of any vessel or boats seized under the "Canals Act", he shall notify the seizure in the most public manner available.

23. In the event of any damage or injury being occasioned to the canal works by wilfulness or negligence on the part of any person in charge of a vessel, the navigation officers may detain the vessel at any point within the canal for a period not exceeding 48 hours: provided that, within that period, the navigation officers shall lodge a complaint against such person in charge of the vessel before a Magistrate under section 16 of the "Canals Act".

24. For any contravention of rules 15, 16, 17, 18, 19 and 20, the person in charge of the vessel shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 50.

25. The term "navigation officers" as used in the foregoing rules shall include all persons appointed under section 8 of the "Canals Act, 1864", and all Public Works Officers or subordinates in charge of the canal not below the grade of Sub-Overseer.

26. The canals may be closed once a year for effecting the necessary repairs to them on one month's notice of the intention so to close them being given; but in the event of any sudden emergency, the canals may be closed at any time without prior notice, and no claim in such case by owners of vessels or others for compensation on account of detention shall be entertained.

F. A. A. COWLEY,
Offg. Secy. to the Govt. of Bengal.

No. 5851—20, dated the 8th May 1915.

RESOLUTION—By the Government of India, Department of Commerce and Industry.

THE following is published for general information, with reference to the Resolution of the Government of India in the Department of Commerce and Industry, No. 156—67, dated the 9th January 1914.

THE PANAMA CANAL.

Executive Office.

Circular No. 601—36.

Balboa Heights. C. Z., January 26, 1915.

EXECUTIVE ORDER.

Amending Quarantine Regulations.

The Executive Order published below is published for the information of all concerned.

CHESTER HARDING,
Acting Governor.

AMENDING SECTIONS 1 AND 2 OF THE EXECUTIVE ORDER OF APRIL 15, 1913, ENTITLED "AND EXECUTIVE ORDER TO PROVIDE MARITIME QUARANTINE REGULATIONS FOR THE CANAL ZONE AND THE HARBOURS OF THE CITIES OF PANAMA AND COLON, REPUBLIC OF PANAMA."

BY virtue of the authority vested in me I hereby establish the following order for the Canal Zone:—

I. That the first paragraph of section 1 of the abovementioned Executive Order is hereby amended to read as follows:—

Bills of Health.

"Section 1.—Masters of vessels clearing from any foreign port or from any port in the possessions or other dependencies of the United States for a port in the Canal Zone or for the ports of Panama or Colon, Republic of Panama, or for passage through the Panama Canal, must obtain an original bill of health in duplicate from the officer or officers authorized by the quarantine laws and regulations of the United States to sign such certificates for vessels entering the ports of the United States. The following form is prescribed for such bills of health."

II. That the first paragraph of section 2 of the abovementioned Executive Order is hereby amended to read as follows:—

"Section 2.—Vessels clearing from any foreign port or from any port in the possessions or other dependencies of the United States for a port in the Canal Zone or for the ports of Panama or Colon, Republic of Panama, or for passage through the Panama Canal, and entering or calling at intermediate ports, must procure at all said ports a supplemental bill of health in duplicate, from the officer or officers authorized by the quarantine laws and regulations of the United States to sign such certificates for vessels entering the ports of the United States. If a quarantinable disease has appeared on board the vessel after leaving the original port of departure, or other circumstances presumably render the vessel infected, the supplemental bill of health should be withheld until such sanitary measures have been taken as are necessary. The following form is prescribed for supplemental bills of health."

III. This amendment shall take effect from and after the date upon which the Panama Canal is officially and formally opened for use and operation, by proclamation of the President of the United States.

WOODROW WILSON.

THE WHITE HOUSE, *January 11, 1915.*

The 24th May 1915.

No. 66 Marine.—In exercise of the power conferred by rule 22 in Part III of the rules published under Notification No. 143 Marine, dated the 30th November 1914, relating to the importation, possession and transport of petroleum in the Presidency of Fort William in Bengal, the Governor in Council is pleased to appoint the following officers to whom applications for import licenses under section 5 of the Indian Petroleum Act, 1899, shall be

submitted by persons desirous of importing dangerous petroleum in quantities exceeding 40 gallons :—

For the Port of Calcutta	... The Commissioner and Deputy Commissioner of Police, Calcutta.
For the Port of Chittagong	... The Collector of Customs, Chittagong.

The following notifications, issued by the Government of Bengal or by the late Government of Eastern Bengal and Assam, are hereby cancelled, namely :—

- (1) Bengal Government Notification No. 54 Marine, dated the 8th June 1909.
- (2) Eastern Bengal and Assam Government Notification No. 2107 G. dated the 4th April 1910.

The 17th May 1915.

No. 60 Marine.—The following by-laws which have been framed by the Commissioners of the Port of Calcutta under section 126, sub-section (1), clause (i) of the Calcutta Port Act, 1890, for the regulation of their Ferry Service are published under sub-section (4) of that section :—

“In exercise of the powers conferred by section 126, sub-section (1), clause (i), and section 127 of the Calcutta Port Act, 1890, the Commissioners in meeting hereby make the following by-laws :—

BY-LAWS FOR THE REGULATION OF THE PORT COMMISSIONERS FERRY SERVICE.

1. Every person desirous of travelling on any of the Port Commissioners' ferry steamers shall, upon payment of his fare, be supplied with a ticket specifying the class for which, and the place from and the place to which, the fare has been paid and the amount of the fare.

2. No person shall, without the permission of a servant of the Port Commissioners,—

- (a) embark on any ferry steamer for the purpose of travelling thereon as a passenger unless he has with him a proper pass or ticket;
- (b) use any pass or ticket for a class superior to that for which it was issued,
- (c) use any pass or ticket for any journey other than that for which it was issued, or disembark at any place other than the place specified thereon,
- (d) use any ticket, whether single or return, on any date other than the date of issue, or
- (e) wilfully alter or deface his pass or ticket so as to render the date, number or any material portion thereof illegible.

3. Every person travelling on any ferry steamer shall, when so required by any servant of the Port Commissioners, present his pass or ticket to such servant for examination, and at the end of the journey for which the pass or ticket was issued, shall deliver it up to any servant of the Port Commissioners demanding the same. If he is found to be without a ticket he shall pay the fare.

4. A ticket, whether single, return or season, shall not be transferable and may be used only by the person for whose journey to and from the places specified thereon it was issued.

5. No person shall sell or attempt to sell, or purchase or attempt to purchase, or, in order to enable any other person to travel therewith, part with or attempt to part with the possession of, any half of a return ticket or any pass.

6. No person suffering from any infectious or contagious disease or being in a state of intoxication shall enter any steamer, pontoon, gangway, waiting-room or landing-stage of the Ferry Service; and no person shall behave on any such vessel or in any such place in a manner likely to cause discomfort or annoyance to other passengers.

7. No person shall bring with him upon any steamer, pontoon, gangway, waiting-room or landing-stage of the Ferry Service, or cause to be brought or placed thereon or therein, any dangerous or offensive goods or attempt to do so.

8. No person shall pull down or destroy any public notice put up by the order of the Commissioners in any steamer, pontoon or waiting-room.

9. No male person shall without lawful excuse enter any room or other place reserved by the Commissioners for the exclusive use of females on any steamer, pontoon or landing stage, or refuse to leave such place when requested to do so by any of the Commissioners' servants.

10. No person shall enter or leave, or attempt to enter or leave, any steamer while it is in motion, or elsewhere than at the gangways provided by the Commissioners for the purpose.

11. No person shall open or attempt to open any gate or door leading on to any of the steamers, pontoons, waiting-rooms or gangways used for the purpose of or in connection with the Ferry Service, unless authorized by one of the Commissioners' servants to do so.

12. No person shall enter or remain in or on a steamer, pontoon, waiting-room, gangway or any portion of a landing-stage after having been requested by one of the Commissioners' servants or any police officer not to enter or to leave the same.

13. No person shall wilfully obstruct or impede any servant of the Commissioners or any police officer in the discharge of his duty on any of the steamers, pontoons, gangways, landing-stages, or waiting-rooms used for the purpose of or in connection with the Commissioners' Ferry Service.

14. Any person who commits any breach of any of these by-laws shall, in addition to any other penalty which may be hereby provided for such breach, forfeit any fare which he may have paid and any pass or ticket which he may have obtained or purchased, and may be removed from any steamer, pontoon, landing-stage, or waiting-room by any servant of the Commissioners or any police officer or any other person whom such servant or police officer shall call to his aid.

15. Any person who commits a breach of any of by-laws 2 (a), 2 (b), 2 (c) or 3 with intent to defraud shall be punished with fine which may extend to Rs. 20.

16. Any person who commits any breach of any of these by-laws other than by-laws 2 (a), 2 (b) 2 (c) or 3 shall be punishable with fine which may extend to Rs. 100, and when the breach is a continuing breach, with a further fine which may extend to Rs. 50 for every day after the first during which the breach continues."

No. 60 Marine.—The following by-laws which have been framed by the Commissioners of the Port of Calcutta under section 126, sub-section (1), clause (i) of the Calcutta Port Act, 1890, for the regulation of their Ferry Service are published under sub-section (4) of that section :—

“In exercise of the powers conferred by section 126, sub-section (1), clause (i), and section 127 of the Calcutta Port Act, 1890, the Commissioners in meeting hereby make the following by-laws :—

BY-LAWS FOR THE REGULATION OF THE PORT COMMISSIONERS FERRY SERVICE.

1. Every person desirous of travelling on any of the Port Commissioners' ferry steamers shall, upon payment of his fare, be supplied with a ticket specifying the class for which, and the place from and the place to which, the fare has been paid and the amount of the fare.

2. No person shall, without the permission of a servant of the Port Commissioners,—

- (a) embark on any ferry steamer for the purpose of travelling thereon as a passenger unless he has with him a proper pass or ticket;
- (b) use any pass or ticket for a class superior to that for which it was issued,
- (c) use any pass or ticket for any journey other than that for which it was issued, or disembark at any place other than the place specified thereon,
- (d) use any ticket, whether single or return, on any date other than the date of issue, or
- (e) wilfully alter or deface his pass or ticket so as to render the date, number or any material portion thereof illegible.

3. Every person travelling on any ferry steamer shall, when so required by any servant of the Port Commissioners, present his pass or ticket to such servant for examination, and at the end of the journey for which the pass or ticket was issued, shall deliver it up to any servant of the Port Commissioners demanding the same. If he is found to be without a ticket he shall pay the fare.

4. A ticket, whether single, return or season, shall not be transferable and may be used only by the person for whose journey to, and from the places specified thereon it was issued.

5. No person shall sell or attempt to sell, or purchase or attempt to purchase, or, in order to enable any other person to travel therewith, part with or attempt to part with the possession of, any half of a return ticket or any pass.

6. No person suffering from any infectious or contagious disease or being in a state of intoxication shall enter any steamer, pontoon, gangway, waiting-room or landing-stage of the Ferry Service; and no person shall behave on any such vessel or in any such place in a manner likely to cause discomfort or annoyance to other passengers.

7. No person shall bring with him upon any steamer, pontoon, gangway, waiting-room or landing-stage of the Ferry Service, or cause to be brought

or placed thereon or therein, any dangerous or offensive goods or attempt to do so.

8. No person shall pull down or destroy any public notice put up by the order of the Commissioners in any steamer, pontoon or waiting-room.

9. No male person shall without lawful excuse enter any room or other place reserved by the Commissioners for the exclusive use of females on any steamer, pontoon or landing stage, or refuse to leave such place when requested to do so by any of the Commissioners' servants.

10. No person shall enter or leave, or attempt to enter or leave, any steamer while it is in motion, or elsewhere than at the gangways provided by the Commissioners for the purpose.

11. No person shall open or attempt to open any gate or door leading on to any of the steamers, pontoons, waiting-rooms or gangways used for the purpose of or in connection with the Ferry Service, unless authorized by one of the Commissioners' servants to do so.

12. No person shall enter or remain in or on a steamer, pontoon, waiting-room, gangway or any portion of a landing-stage after having been requested by one of the Commissioners' servants or any police officer not to enter or to leave the same.

13. No person shall wilfully obstruct or impede any servant of the Commissioners or any police officer in the discharge of his duty on any of the steamers, pontoons, gangways, landing-stages, or waiting-rooms used for the purpose of or in connection with the Commissioners' Ferry Service.

14. Any person who commits any breach of any of these by-laws shall, in addition to any other penalty which may be hereby provided for such breach, forfeit any fare which he may have paid and any pass or ticket which he may have obtained or purchased, and may be removed from any steamer, pontoon, landing-stage, or waiting-room by any servant of the Commissioners or any police officer or any other person whom such servant or police officer shall call to his aid.

15. Any person who commits a breach of any of by-laws 2 (a), 2 (b), 2 (c) or 3 with intent to defraud shall be punished with fine which may extend to Rs. 20.

16. Any person who commits any breach of any of these by-laws other than by-laws 2 (a), 2 (b) 2 (c) or 3 shall be punishable with fine which may extend to Rs. 100, and when the breach is a continuing breach, with a further fine which may extend to Rs. 50 for every day after the first during which the breach continues."

J. DONALD,

Offg. Secy. to the Govt. of Bengal.

NOTIFICATIONS.

No. 138T-Medl.—The 7th June 1915.—In exercise of the powers conferred by clause (ii) of section 69B of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), and clause (k) of section 138 of the Bengal Local Self-Government Act, 1885 (Bengal Act III of 1885), and in supersession of the Notification No. 2497Medl., dated the 31st December 1908, and of the rules published therewith, as subsequently amended, the Governor in Council is pleased to make the following rules for the establishment and management under the said Acts of hospitals and dispensaries under the supervision of the Government of Bengal.

II. The Governor in Council is also pleased to direct that these rules shall also apply to State, Private and Railway Hospitals and Dispensaries under the supervision of the Government of Bengal.

RULES FOR THE MANAGEMENT OF HOSPITALS AND DISPENSARIES UNDER THE SUPERVISION OF THE GOVERNMENT OF BENGAL.

PRELIMINARY.

In these rules—

- (a) "Local authority" means any body of persons for the time being invested by law with the control and administration of any matters within a specified local area. It includes a Joint Committee under section 30 and a Local Board under section 101 of Bengal Act III of 1885.
- (b) "Local Fund" means any fund under the control or management of a local authority,

CLASSIFICATION.

RULE I.—Hospitals and dispensaries under Government supervision are divided into the following classes:—

Classification of hospitals and dispensaries.

Class I. *State.—Public hospitals and dispensaries.*

Class II. *State.—Special hospitals and dispensaries.*

- (i) Police.
(ii) Forest and Surveys.
(iii) Canals.
(iv) Others.

These include all institutions maintained by Provincial Funds and under Government management. (The fact that an institution possesses endowments or receives contributions from local funds or private subscriptions should not be regarded as a reason for not classing it as "State," so long as Provincial and Imperial Funds are ultimately responsible for all the charges connected with it).

Class I.—"Public" are State dispensaries which are open to the poorer classes of the public.

Class II.—"Special" are State dispensaries which serve only a special section of the public, as indicated in the sub-classification attached.

Class III—*Local Fund Hospitals and Dispensaries*—includes all institutions which are vested in local authorities, or guaranteed or maintained by local funds. The fact that such an institution is aided by private subscriptions or receives assistance from Government in the shape of part of the salary of the Medical Officer, grants of medicine or otherwise, should not be regarded as a reason for not classing it as a Local Fund Dispensary so long as its existence is ultimately dependent upon local funds.

Class IV—*Private aided Hospitals and Dispensaries*—comprises institutions supported by private subscriptions or guarantee, but receiving aid from Government or local funds.

Class V—*Private non-aided Hospitals and Dispensaries*—comprises institutions maintained entirely at the cost of private individuals or associations. The fact that Government supplies superior inspection or registers

and forms should not be regarded as a reason for not treating it as a private non-aided dispensary.

Class VI—*Railway Hospitals and Dispensaries*—comprises all railway institutions, whether maintained by State Railways or others.

OPENING AND CLOSING OF DISPENSARIES AND CONDITIONS UNDER WHICH GOVERNMENT AID AND SUPERVISION WILL BE GIVEN.

RULE 2.—A dispensary may be opened by a local authority with the sanction, general or special, of the Commissioner, and on provision of the necessary funds in the annual budget, and it may be closed by the same authority, with the same sanction. When thus opened or closed by a local authority, the fact shall be reported by the Civil Surgeon to the Surgeon-General, in order that the dispensary may be added to or struck off from the list in class III. No dispensary in class III in which a Government medical subordinate is employed shall, however, be closed without the sanction of Government, and, in the case of a dispensary in class IV or V, three months' notice shall be given to the District Magistrate and the Civil Surgeon before the dispensary is closed. All dispensaries maintained by local authorities with public funds entrusted to them by Government are subject to all the rules hereby laid down for the management of such institutions. Whenever a dispensary under class IV or class V is opened or closed by a private individual, the fact shall be reported by the Civil Surgeon to the Surgeon-General.

(i) Institutions in class IV, which are in receipt of aid from Government or local funds, shall be subject to these rules. Private non-aided dispensaries shall not be brought under the supervision of Government except at the request of those who are responsible for their maintenance. When the Surgeon-General approves of their being brought under Government supervision, they shall be placed in class V and be subject to such of these rules as are applicable to them.

(ii) Whenever a new dispensary is opened, whether it is a State or Local Fund Dispensary, or when a private dispensary is proposed to be placed under Government supervision, the Civil Surgeon of the district should furnish the Surgeon-General with information on the following points:—

- (a) Allotment made under the different heads of expenditure for the maintenance of the dispensary.
- (b) A copy of the Divisional Commissioner's order sanctioning the establishment of the dispensary, unless it is a private one.
- (c) A plan of the building in which the dispensary is or will be located.
- (d) A list of the proposed equipment of the dispensary.
- (e) The authority mainly responsible for its maintenance and the class in which it is proposed to place it.
- (f) The diploma and other certificates of the Medical Officer whom it is proposed to appoint as laid down in rule 10.

(iii) No dispensary should be removed from one place to another until the matter has been fully discussed and the Surgeon-General informed in sufficient time to enable him to express an opinion and to sanction or reject the proposal.

RULE 3.—Applications for grants from Government in respect of any dispensary shall be submitted to Government through the Magistrate and the Commissioner.

Grants-in-aid by Government and local authorities.

(i) The Governor in Council reserves the right to withdraw Government supervision or aid in any case, or at any time, when it may seem desirable to do so.

(ii) No grant may be made by a local authority in aid of any hospital or dispensary which has not received the recognition of Government and been classified under these rules. Grants-in-aid shall be made only in accordance with these rules.

RULE 4.—A guarantee bond for the maintenance of a dispensary for a given period may, if thought necessary, be required from the intending supporters of an institution in class IV or V as a condition precedent to their obtaining assistance from Government in money or in any other way.

Guarantee bond.

RULE 5.—The Managing Committee or Manager or person or persons vested with the management of every hospital or dispensary under these rules, whether in class I, class II, class III, class IV, class V or class VI, shall submit to the Medical Department, through the Civil Surgeon of the district, such reports, returns and accounts as may be prescribed by the Surgeon-General from time to time. Such reports, returns and accounts shall be in such forms, and be submitted on such dates, as may be prescribed. All books, registers, and forms which may be necessary for the preparation and submission of such reports, returns and accounts will be supplied by Government free of cost.

RULE 6.—Every institution which is recognized by Government and brought under these rules is subject to inspection and supervision by the Commissioner of the Division, by the civil authorities of the district, by the Civil Surgeon, by the administrative officers of the Medical Department, and by any other person who may be generally or specially appointed by the Commissioner of the Division in that behalf. No charge will be made for such inspection or supervision.

RULE 7.—Government aid to a hospital or dispensary will be conditional on the observance of due economy in the management of the dispensary funds. The Surgeon-General will bring to the notice of Government any instance in which he considers that such economy is not observed, and that the Government aid should be continued or withdrawn.

RULE 8.—Every dispensary under Government supervision which has accommodation for in-patients shall admit all cases brought by the police for examination and treatment.

APPOINTMENT, PAY, LEAVE AND PENSION OF MEDICAL OFFICERS.

RULE 9.—The Medical Officer of every institution in class I or II of these rules shall be a member of the Government service, and shall be appointed by the Surgeon-General.

RULE 10.—The local authority or Managing Committee vested with the control and administration of an institution in class III, and the Managing Committee, Manager or person or persons vested with the management of an institution in class IV, V or VI (private) shall be entitled to appoint their own Medical Officer subject to the following conditions, viz.—

- (a) that he is a registered medical practitioner unless the special permission of Government is obtained to the appointment of an unregistered practitioner;
- (b) that he be not a dismissed servant of Government or disqualified for his duties by age, infirmity or character; and
- (c) that in the event of misconduct, insolvency, or professional incompetence by reason of age or otherwise being proved against him to the satisfaction of the Medical Department, he be removed from his charge on the requisition of the Surgeon-General:

(i) Provided that, on the application of the local authority or Managing Committee of any such institution, the services of a Government Medical Officer may be lent to such institution, subject to these rules. In such cases the pay *plus* contribution towards pension and allowance for leave, including privilege leave of an Assistant Surgeon, will be assumed to be Rs. 280 per mensem, and the pay, including contribution for privilege leave allowance of a Sub-Assistant Surgeon, Rs. 52, and local authorities will be required to pay these sums into the treasury half-yearly in June and December, irrespective of the actual pay of the officer appointed.

NOTE.—In the case of dispensaries to which Medical Officers were lent before the 1st August 1913 the sums payable are Rs. 290 for an Assistant Surgeon and Rs. 57 for a Sub-Assistant Surgeon.

(ii) Provided, also, that in the case of dispensaries situated at the headquarters of districts or of subdivisions, the Medical Officer shall be a member of the Government service, and shall, in all cases, possess such qualifications as may be declared to be necessary for such an appointment. The salary of

a Medical Officer in charge of a dispensary at the headquarters of a subdivision shall be as laid down in rules 11 and 13.

NOTE.—This rule does not preclude the local authority or the Managing Committee or Manager which appoints a Medical Officer to the charge of a dispensary vested in it from removing that officer with the approval of the Superintendent. It only vests the Surgeon-General with power to secure the dismissal of a Medical Officer found to be incompetent.

RULE 11.—In the case of a hospital or dispensary situated at the headquarters of a subdivision, the Government Medical Officer in charge of the subdivision will usually be in charge of the hospital or dispensary in addition to his other duties, and will receive from the Managers of the dispensary an additional allowance of Rs. 10 a month if he is a Sub-Assistant Surgeon, or Rs. 20 a month if he is an Assistant Surgeon.

(i) If the officer sanctioned by Government for the medical charge of the subdivision is of the Sub-Assistant Surgeon class, it will be open to the Managers to obtain the services of a Civil Assistant Surgeon on payment of the difference between the assumed pay of an Assistant Surgeon (Rs. 280) and the assumed pay of a Sub-Assistant Surgeon (Rs. 52) in addition to the dispensary allowance.

NOTE.—In the case of dispensaries which obtained the concession prior to the 1st August 1913, the difference is reckoned on an assumed pay of Rs. 290 for an Assistant Surgeon and Rs. 57 for a Sub-Assistant Surgeon.

RULE 11 A.—In some subdivisions and sadar stations there are two Medical Officers—one an Assistant Surgeon and the other a Sub-Assistant Surgeon. In the absence, other than merely temporary, of one of such officers, if the absentee's work is carried out by the remaining officer in addition to his own duties, the latter will be granted an allowance at the rate of Rs. 10 a month in the case of a Sub-Assistant Surgeon, and Rs. 20 a month if a Civil Assistant Surgeon; such allowance being paid by the authority (Government or local body) responsible for the pay of the absentee.

RULE 12.—The Surgeon-General may, at any time, for departmental or other reasons, remove or transfer any Government medical subordinate whose services have been lent to an institution in class III, IV, V or VI (private) and may appoint another medical subordinate to succeed him. In every such case, except as hereinafter provided, the transit pay and travelling allowances both of the officer transferred and of his successor shall be entirely paid by Government:

Provided that if any officer is removed or transferred at the request of the local authority or Managing Committee or Manager, the transit pay and travelling allowances both of the officer transferred and of his successor shall be entirely paid by the local authority or Managing Committee or Manager concerned. In such cases the local authority or Managing Committee or Manager of institutions in classes III, IV, V and VI (private) shall be required to give three months' previous notice of their intention.

NOTE.—The transit pay and travelling allowance of a Government Medical Officer whose services are withdrawn from a Local Fund Dispensary at the request of the local authorities or the Managing Committee or Manager will, in the first instance, be drawn from the local Government treasury and will subsequently be recovered by the Accountant-General, Bengal, through the Collector of the district.

RULE 13.—The pay to which a Government medical subordinate in medical charge of any dispensary is entitled is only the pay of his grade, and no allowance in addition to his authorized pay can be granted by a local authority without the consent of Government.

NOTE.—Any application under this rule must be made through the District Magistrate, the Commissioner of the Division, and the Surgeon-General with the Government of Bengal.

RULE 14.—A Government medical subordinate appointed to the charge of a hospital or dispensary under these rules will retain his right to pension and leave allowances under the rules of the Civil Service Regulations.

RULE 15.—All applications for leave from Government medical subordinates must be submitted through the Managing Committee or Manager and the Civil Surgeon to the Surgeon-General, who alone is authorized to grant the leave and to appoint a substitute, whose transit pay and travelling allowance will be paid by Government. The leave pay of Government Medical Officers in charge of hospitals or dispensaries in classes III, IV, V and VI (private) proceeding on leave, including privilege leave, will be borne by Government.

RULE 16.—Medical Officers in charge of hospitals and dispensaries in class III, IV or V, who are not in Government service, shall be entitled to such leave as the local authority or Managing Committee or Manager may grant: provided that the leave or allowances during leave shall not exceed what would be admissible under the rules which apply to an officer paid from general revenues, and that in the case of an institution in class III, if rules for the grant of leave have been framed by the local authority concerned, leave shall only be granted in accordance with such rules. The local authority or Managing Committee or Manager shall appoint a *locum tenens* duly qualified under rule 10, and shall provide for any expenditure that may be incurred on account of the pay of the Medical Officer while on leave, and the pay and travelling allowances, if any, of his *locum tenens*. In no case shall leave be granted to a Medical Officer (who is not in Government service) in charge of a dispensary without the cognizance of the Civil Surgeon of the district.

MEDICAL STORES.

RULE 17.—The indents for medical stores for hospitals and dispensaries in class III, IV, V or VI (private) must be drawn up by the Medical Officer of the institution and be checked and passed by the Civil Surgeon before the stores are purchased. Such institutions shall make their own arrangements for the supply of medicines and medical stores.

N.B.—It may be advantageous to obtain medical stores excluding opium and quinine from Messrs. Burgoyne, Burbidges & Co. of London, tinctures and other alcoholic preparations from Messrs. Smith, Stanistreet & Co. of Calcutta mineral acids from Messrs. D. Waldie & Co. of Calcutta, cinchona febrifuge and quinine from the Government Quinologist, castor-oil from the Rampur Boalia Central Jail, and opium from the local treasury.

RULE 18.—Medical stores will be supplied to State hospitals and dispensaries from the Government Medical Store Department; but the indent must be checked and countersigned by the Civil Surgeon. It will, however, be in the discretion of the Surgeon-General to sanction or disallow any demand.

RULE 19.—Medical stores to be supplied from the Medical Store Department must be indented for annually, and the annual indent must be submitted on the date fixed by the Civil Surgeon, to enable him to submit the combined indent for his district punctually on the date fixed by the Surgeon-General with the Government of Bengal.

MANAGEMENT AND SUPERVISION.

RULE 20.—The management of hospitals and dispensaries under these rules shall be vested as follows:—

If the institution is in—

(a) Classes I and II—in such officer, person or persons as Government may direct.

(b) Class III—in the local authority with which the ultimate responsibility for its maintenance rests, or in a Managing Committee appointed by that authority, subject to the veto of the Commissioner of the Division. Such Managing Committee may include persons who are not members of the local authority. The District Magistrate, the Civil Surgeon and the Sadar Subdivisional Officer shall be *ex-officio* members of the Committee of the headquarters Hospital or Dispensary, and the Subdivisional Magistrate and the Subdivisional Medical Officer shall be *ex-officio* members of the Committee of the subdivisional headquarters Hospital or Dispensary. The members shall be notified by the Commissioner in the *Calcutta Gazette*.

The management of a Local Fund Hospital or Dispensary may be vested by the local authority in a Manager instead of a Managing Committee in places where the services of an efficient Committee cannot be secured. Such Manager shall exercise in respect of the hospital or dispensary for which he is appointed the powers exercised by a Managing Committee under these rules, or such powers, additional or otherwise, as may be delegated to him by the local authority.

- (c) Classes IV and V—in a Manager or Managing Committee to be nominated by the proprietors or supporters and approved by the Commissioner of the Division: provided that no Committee shall be appointed for any institution which receives no aid from Government or local funds, unless the proprietors or chief supporters apply for such appointment.

No employé of the dispensary shall be eligible for appointment as a member of the Dispensary Committee. This prohibition does not, however, refer to Civil Surgeons or subdivisional Medical Officers who are not employés of the dispensary.

RULE 21.—Every member of a Managing Committee appointed under rule 20, clauses (a) and (c), shall vacate his office at the end of three years from the date of his appointment as such member; and

every member of a Managing Committee appointed under rule 20, clause (b), shall vacate his office when the term of office of the members of the local body by which the Committee is appointed expires:

Provided that the term of office of the members of the Committee shall be held to include any period which may elapse between its expiration and the date of the first meeting of a new Committee appointed to take its place.

Members of Managing Committees appointed under rule 20 shall be eligible for reappointment after their term of three years expires.

RULE 22.—(1) A member of a Committee appointed under rule 20, clause (a), may at any time be removed from office by the Commissioner of the Division.

(2) A member of a Committee appointed under rule 20, clause (b), may at any time be removed (i) by resolution of the local body by which the Committee was appointed, passed by a majority of votes of the members of such body present at a meeting specially convened for the purpose, or (ii) for any of the reasons for which a member of the local body might be removed from office by the authority empowered by law to remove such member.

(3) A Manager or a member of a Committee appointed under rule 20, clause (c), may at any time be removed from office by the Commissioner of the Division, at the request of the proprietors or supporters or any of them, or by the Commissioner of his own motion, for any of the reasons for which he might remove from office a Municipal Commissioner.

RULE 23.—If any member of the Committee shall be unable to complete his full term of office, or shall avail himself of leave granted by the Committee, the vacancy caused by his resignation or removal, or death or absence on leave, may be filled up by the appointment of another person, and the person so appointed shall fill such vacancy for the unexpired remainder of the term for which such member would otherwise have continued in office, or during his absence on leave, as the case may be.

RULE 24.—In cases falling under (b) and (c) of rule 20, the Managing Committee shall elect two of their number to be Chairman and Vice-Chairman, respectively, and may also elect another of their number as Secretary.

RULE 25.—The Managing Committee shall hold meetings at such intervals as may be necessary, not being less than once a quarter, to enable them to exercise an efficient scrutiny over the accounts and to enquire into all matters affecting the welfare of the institution. One-third of the total number of members shall be necessary to form a quorum at any meeting. The Managing Committee shall examine and pass the monthly accounts and shall keep a minute book in which their proceedings shall be recorded. The dispensary accounts shall, however, be passed regularly each month by the Chairman of the Managing Committee or, in his absence, by the Vice-Chairman or Secretary.

RULE 26.—The Managing Committee or Manager or the person or persons vested with the management of a dispensary in class IV or V shall be responsible for the management of the funds of the institution. It shall be their duty to see that the guaranteed and promised subscriptions are regularly collected. After defraying the current expenses of the institution, the balance at the end of the month, if any, of the donations, subscriptions,

and interest realized by the Committee shall be deposited by them in the Post Office Savings Bank. When the amount at credit of the dispensary exceeds Rs. 200 the Comptroller-General shall ordinarily be asked to invest the whole or part of it in Government securities. No other mode of investment will be allowed without the previous sanction of Government. The proprietors of dispensaries in class V may, however, adopt any form of investment so far as the funds of their institution are concerned.

RULE 27.—In the case of institutions in class III, the endowments and subsequent investments, which must be made in Government securities, shall be held in the custody of the Accountant-General apart from the assets of the Local Fund. Small sums available for investment should be placed in the Government Savings Bank. The securities must not be sold, and the invested funds must not be appropriated or used in any way without the sanction of Government.

RULE 28.—Dispensaries in class III are subdivided for purposes of account into two classes: Class III-A—Dispensaries for which separate banking accounts are allowed to be opened in the treasury with the sanction of Government; and Class III-B—Dispensaries for which separate accounts are not allowed at the treasury, but the funds of which are kept under the direct control of the local authority.

(a) CLASS III A—DISPENSARIES.

(1) (a) The Managing Committee shall annually prepare a budget estimate of the probable income and expenditure of the dispensary for the ensuing financial year arranged according to the headings given in Statement H of the Annual Return (B. C. M. D. Form No. 2), and submit it for approval to the local authority on a date fixed by that authority.

(b) No expenditure under any head in excess of the amount sanctioned in the budget estimates shall be incurred by the Dispensary Committee. If it is found necessary to meet excess expenditure under any one head either from anticipated savings under another, or from increased receipts from subscriptions or other special sources, or from the accumulated balance, an application for reappropriation or an additional budget grant, as the case may be, with a clear explanation of the necessity for additional expenditure, shall be submitted to the local authority, but the expenditure proposed shall not be incurred before receipt of their orders.

(2) All subscriptions and donations shall be collected by the Managing Committee and shall be paid into the treasury for credit to the Dispensary Fund. The income from endowments and investments shall, however, be realized by the local authority, and shall be remitted by it to the treasury for credit to the Dispensary Fund, an advice being sent at the same time to the Managing Committee. If any cheques for remittance orders are received, they shall be sent intact to the treasury for *per contra* credit to the Dispensary Fund.

(3) All claims shall be discharged either by payments from the imprest placed by the Committee in the hands of the Medical Officers in charge, or by cheques drawn by the Secretary or the Chairman upon the treasury in favour of the actual payees. The imprest in the hands of the Medical Officer shall not ordinarily exceed Rs. 50 in the case of sadar dispensaries, and Rs. 25 in the case of other dispensaries.

If it is necessary for the local authority to make a contribution to supplement the dispensary funds, such contribution shall be paid in quarterly instalments on the first day of each quarter by cheques which should be made payable by transfer to the credit of the dispensary account in the treasury, intimation at the same time being sent to the Secretary or Chairman of the Committee. These amounts will be credited in the cash-book of the Managing Committee as contribution from the local authority by *per contra* debit as remitted to the treasury. The entry in the cash-book shall however not be made until the treasury chalan is received.

(4) The Managing Committee shall keep a cash-book in B. C. M. D. Form No. 7 in which shall be entered all receipts and payments with necessary details as soon as the transactions occur. The cheque on which the imprest in the hands of the Medical Officer is drawn shall be charged off as an advance, and the imprest shall be recouped from time to time by presentations of bills supported by the payees' receipts to the Secretary. The amount

of each recoupment shall always exceed Rs. 10. The cash-book shall be closed every month, and a memorandum recorded reconciling the balance with that shown in the pass-book. Care must be taken not to mix up final payments with advances which should be clearly shown as such. The payment vouchers must be carefully preserved for production at the time of audit.

The transactions of the Dispensary Fund with the treasury will be shown in a pass-book, which will be supplied gratis by the treasury. The pass-book shall be closed and balanced at the end of every month. It shall be examined by the Secretary of the Committee every time that it is received back from the treasury, to see that all the transactions have been duly entered therein. At the close of every month the treasury officer will prepare a memorandum showing the opening balances, monthly receipts and payments and the closing balances of the several dispensary funds banking with the treasury, and enter this memorandum in the pass-books of the local authority to which the dispensaries belong to enable it to verify the balances.

(5) Dispensary establishments paid from funds vested in the local authority should be sanctioned in the same way as other establishments under that authority, but temporary appointments or other special charges, if paid out of subscriptions and donations, may be created by the Managing Committee without such sanction, provided there is provision in the budget.

(6) The dispensary accounts will be annually audited by the Examiner of Local Accounts.

(b) CLASS III-B—DISPENSARIES.

(1) The Managing Committee shall annually prepare a budget estimate of the probable income and expenditure of the dispensary for the ensuing financial year arranged according to the headings given in annual Statement H (B. C. M. D. Form No. 22) and submit it to the local authority on a date fixed by that authority. No expenditure shall be incurred in excess of the amounts sanctioned, unless previous sanction has been obtained to either a reappropriation of grants or an additional grant obtained from the local authority.

(2) As regards these dispensaries the interest on the investments will be accounted for by the local authority direct. But all donations and subscriptions will be collected by the Managing Committee and paid into the Savings Bank at the Post Office. The account shall be in the name of the Chairman or Secretary of the Committee. The whole amount collected shall be sent intact to the Savings Bank. Amounts required for expenditure may be withdrawn according to requirements, but there shall be in support of each payment a duly vouched bill passed by either the Chairman or Secretary, and the total expenditure under any head in the budget shall not be exceeded without the sanction of the local authority. The Dispensary Committee shall maintain a subscription register in B. C. M. D. Form No. 6, in which the initials or signature of the donor must be taken. The collections of the month shall be totalled from this register or the Savings Bank Pass-Book and the total entered on the receipt side of the cash-book (B. C. M. D. Form No. 8). Interest allowed by the Post Office shall be shown against "Miscellaneous."

(3) All claims in respect of these institutions shall be either paid from the imprest in the hands of the Medical Officer in charge or from the money withdrawn according to requirements from the Savings Bank or discharged by the local authority concerned on bills duly passed by the Managing Committee by issue of cheques upon the treasury. The Medical Officer shall from time to time present bills in recoupment of his imprest supported by payee's receipts. Payments met by withdrawal from the Savings Bank or by cheque from the parent local body shall be entered on the payment side of the cash-book (B. C. M. D. Form No. 8), in the appropriate column.

Payments met out of the imprest shall be recorded in an Imprest Register (B. C. M. D. Form No. 60). Charges to be ultimately recouped by the local body shall be entered in the appropriate column under the heading "Payable by Local Body," and charges to be recouped by withdrawal from Savings Bank shall be entered in the appropriate column under the heading "Payable from Savings Bank." Whenever the imprest runs low and always at the end of the month, two recoupment bills will be

prepared—one for payment by the local body and one for withdrawal from the Savings Bank. The sub-vouchers appertaining to the former shall be submitted with the bill to the local body. The totals under each column of the Imprest Register will be entered in the corresponding column of the cash-book when the recoupment bills are cashed.

(4) The Managing Committee shall, by the 4th of each month, submit a copy of the cash-book for the previous month, with all vouchers, to the local body for verification and incorporation in their accounts.

(5) The amount of monthly subscriptions guaranteed by the local people when starting the dispensary shall be paid to the local body every month. The payment shall be entered in column 16 of the payment side of the cash-book and shall also be entered on the receipt side against the head "Guaranteed subscription paid to local body," a corresponding deduction being made under the head "Receipts."

RULE 29.—The Civil Surgeon shall be the Superintendent of every hospital and dispensary in his district which is classified under these rules, and shall exercise complete professional control over the Medical Officer in immediate charge.

RULE 30.—The Superintendent shall scrutinize the expenditure and accounts of every hospital and dispensary in his district, and shall call the attention of the managing body to any irregularity or other circumstance which, in his opinion, deserves notice. The managing body shall be bound to consider any communication from the Superintendent, to afford him full information as to the conduct of the Medical Officer in charge, and all other matters affecting the welfare of the sick and the management of the institution. In all professional matters the decision of the Superintendent will be final; but if any difference of opinion arises between him and the managing body regarding any non-professional matter affecting the management of the institution, a reference must be made to the Surgeon-General or to Government for a decision.

RULE 31.—The Superintendent shall visit each dispensary in his district not less than four times annually, except by special dispensation from the Surgeon-General, and shall prepare and submit promptly to the Surgeon-General inspection reports in B. C. M. D. Form No. 29. The sadar hospital should be visited by the Civil Surgeon daily when he is at headquarters at a fixed hour which should be notified throughout the district so that patients who wish to consult him may know exactly when they can do so.

RULE 32.—The Superintendent shall furnish an annual report of working of the hospitals and dispensaries in his district to the Surgeon-General in B. C. M. D. Form No. 50 and annual returns in accordance with B. C. M. D. Forms Nos. 18, 19, 20, 21 and 22.

RULE 33.—The Managing Committee or Manager of every hospital or dispensary shall cause to be kept at the institution—

(a) a record of the work done, showing day by day the number of patients treated, the affections for which they were treated, and, in important cases, some account of the symptoms, the treatment, progress, and the result,

(b) a record of the accounts of the institution.

These shall be written up daily by the Medical Officer in charge, and shall be open at all times to the inspection of inspecting officers.

The Medical Officer shall write up all other books and records prescribed under these rules, and, in any case in which this is not done, the reasons should be stated in the inspection report of the Superintendent.

RULE 34.—An extract from the proceedings of each meeting of the Managing Committee and of the local authority, so far as they relate to hospitals and dispensaries, shall be promptly forwarded to the Superintendent, who may, if he thinks fit, and shall, if the Managing Committee so desire, submit it with his remarks to the Surgeon-General.

RULE 35.—A visitors' book shall be kept in every hospital and dispensary in which will be recorded the remarks of visitors. A copy of these remarks shall be forwarded within twenty-four hours to the Superintendent who will, if necessary,

transmit it with his remarks to the Surgeon-General within three days of its receipt in his office.

GENERAL.

RULE 36.—The Medical Officer in charge of a hospital or dispensary is responsible for the proper treatment of the sick, and this duty shall not on any account be delegated to a subordinate; he is also responsible for all matters connected with the comfort and well-being of the patients and for the proper working of the dispensary establishment.

RULE 37.—The Managing Committee or Manager shall prescribe the hours of attendance (which shall not be less than four hours in the morning and two hours in the afternoon) within which the Medical Officer must be present at the dispensary. He must also give attention to urgent cases at other hours.

The hours of attendance shall be clearly stated in a notice posted in some conspicuous part of the dispensary.

RULE 38.—Any person attending at a charitable dispensary is entitled to receive advice and medicines free of charge; but the Medical Officer should impress upon any person who is not poor the duty of subscribing to the dispensary or paying for the medicines supplied to him, and should bring to the notice of the Committee or Manager any cases in which the privilege is abused.

(i) The diet charges in medico-legal cases sent by the police should be recovered from the Magistrate and met from his contingent grants.

RULE 39.—No medicines shall be issued from the dispensary stock to any one who does not receive treatment at the dispensary either as an in-door or out-door patient.

Exception (i).—At dispensaries which receive a contribution from Government for the supply of medicines and medical stores to Government servants, these stores shall be supplied from the dispensary stock free of charge to such Government servants as are entitled to receive them.

Exception (ii).—At dispensaries which receive a contribution from Government for the supply of medicines and medical stores for the treatment of sick prisoners in subsidiary jails, these stores should be supplied from the dispensary stock free of charge. Medical appliances from such dispensaries shall also be given on loan when required temporarily for the use of sick prisoners.

RULE 40.—Where special accommodation has been provided for paying patients, fees may be levied according to a scale previously sanctioned in that behalf by the Managing Committee or Manager.

RULE 41.—The Medical Officer in charge of a dispensary has the privilege of engaging in private practice, provided it does not interfere with his attendance at the dispensary during the hours prescribed in rule 37, or in any other way with his dispensary work.

RULE 42.—No Medical Officer in charge of a hospital or dispensary, or any compounder, dresser, or other servant of such institution, shall have any interest in a private dispensary or druggist's shop. In places where there is no approved druggist's shop or private dispensary, a Medical Officer may, with the consent of the Civil Surgeon and the Managing Committee or Manager, keep a private supply of medicine for the use of his private patients.

RULE 43.—Sub-Assistant Surgeons employed in sanctioned appointments, whether under Government or local bodies, will be granted by the authorities paying their salaries free quarters or house-rent in lieu thereof, provided that such quarters are approved and are at a convenient distance from the scene of the officers' duties. In respect of Sub-Assistant Surgeons, who do not hold any sanctioned appointments, free quarters or house-rent allowance in lieu thereof may be granted with the sanction of the Local

Government, subject to the condition that the amount of the allowance shall in no case exceed the rent actually paid by the Sub-Assistant Surgeon concerned.

RULE 44.—In dispensaries in which there are house-patients, a bed-head ticket in the prescribed form (*vide* B. C. M. D. Form No. 9) shall be hung over the bed of each in-patient.

Bed-head tickets.

RULE 45.—Medicines and instruments shall be kept under lock and key, except small quantities of the articles in daily use during the attendance of patients.

Storage of medicines and instruments.

RULE 46.—Poisons should be stocked in special bottles and kept under separate lock and key which should remain in the custody of the Medical Officer in charge of the dispensary: the doses in which these drugs are usually administered internally should be legibly written on a conspicuous label. A list of poisons should be hung up in the almirah specially reserved for the custody of such drugs.

Poisons.

RULE 47.—(i) No building for the accommodation of a dispensary or hospital in classes I, II, III, IV and V shall be constructed, and no extension of such building involving an alteration of the structural design shall be made, until the plan of such building or extension has been approved by the Surgeon-General with the Government of Bengal. An extension or alteration involving no change of design shall be approved by the Civil Surgeon.

Sanctions necessary for construction, extension or alteration of a hospital or dispensary.

(ii) In the construction of new dispensaries the standard plan should ordinarily be followed. If it is desired in exceptional cases to deviate therefrom, the alternative proposals which are submitted should be fully justified. If in-patients are to be accommodated, provision should be made for at least 90 superficial and 1,200 cubic feet of space for each patient, and the beds should be so placed that the patients will not be obliged to sleep in a draught of air. In isolation wards for infectious cases, 120 feet of superficial space should be allowed to each patient. The beds of all in-door hospitals should be placed so as to have a window or door on each side.

Instructions for the construction of dispensaries.

(iii) Every project for the construction of a new hospital or dispensary shall be accompanied by a site plan, showing the situation of the proposed building with reference to adjacent buildings, the various features of the surroundings of the proposed site, the prevailing direction of the wind, and all other matters capable of graphic delineation which may have influenced the selection. If the site is on land liable to be flooded, the highest flood level should be shown with reference to the general level of the site.

Details of plans to be prepared.

All proposals, either for the construction of new hospital buildings or for the alteration of existing buildings, shall further be accompanied by line plans, drawn to scale, showing the dimensions of each room, the purpose for which it is designed, and (if an in-door hospital) the position of each bed. The points of the compass should be clearly indicated upon such plans.

(iv) When it is desired to initiate any project for the construction of a new, or the alteration of an existing, hospital or dispensary, the selection of a site and the details of the plans shall first be considered by a Committee to be constituted in the following manner. Any subsequent proposals to modify the original plans and specifications shall be referred to the same Committee:—

Committees for the consideration of sites and plans.

*(a) Institutions in Classes I and II—Constitution of Committee.**

The District Officer	President.
„ Civil Surgeon	} Members.
„ Executive Engineer	

* In Calcutta, in the cases of all such buildings estimated to cost one lakh and over, the Committee shall consist of—

Two Medical Officers to be appointed by the Surgeon-General.
The Superintending Engineer of the Circle.

The Senior Medical Officer will act as President, and the appointment of the Medical Officers will be made on the application of the Superintending Engineer.

In outlying stations these officers, on their own responsibility, may nominate subordinates to take their places. The Committee will be convened by the District Officer at the request of the Executive Engineer. If the officers of the Committee are unable to agree as to the site proposed, the case should be referred for the decision of the Commissioner, a note of any objections made being attached to the proceedings of the Committee. The officers of the Public Works Department will be guided by the procedure prescribed in the Public Works Department Circular No. 2B., dated the 21st January 1907.

After decision as to the location of the proposed hospital or dispensary and as to the funds which can be made available for the project, the local body concerned should move the District Officer to convene the Committee. The Engineer concerned should frame the necessary plans and estimates in accordance with the decision of the Committee, and the proceedings of the Committee, after consideration by the local body, should be forwarded to the Civil Surgeon for transmission to the Surgeon-General.

(c) *Institutions in Class IV or V—Constitution of Committee.*

The District Officer	President.
„ Civil Surgeon	} Members.
„ Engineer who will be entrusted with the construction of the building	
„ proprietor or his representative	

The private person or association desirous of executing the project should inform the District Officer of its proposed location and of the funds available, and should move him to convene the Committee. The Engineer concerned should frame the necessary plans and estimates in accordance with the decision of the Committee, and the proceedings of the Committee, after consideration by the private person or association concerned, should be forwarded to the Civil Surgeon for transmission to the Surgeon-General.

Every plan should, before submission to the Surgeon-General, be countersigned by the Civil Surgeon or the Superintendent in token of his approval.

RULE 48.—In the case of institutions in class III, IV, or V, repairs to the dispensary buildings shall be executed by, and be chargeable to, the local authority or Managing Committee or Manager, as the case may be.

Execution of repairs to Local Fund or private institutions.

RULE 49.—Menial servants will be appointed and discharged by the Medical Officer in charge subject to the approval of the Managing Committee or Manager of the institution. Compounders and dressers will be appointed and be liable to removal by the Managing Committee or Manager, subject to the approval of the Superintendent.

Appointment and discharge of compounders, dressers and menial servants.

RULE 50.—All compounders appointed to dispensaries in classes I, II, III, IV and V after the 1st April 1897 must hold certificates under the rules for the grant of certificates to compounders under section 252 of the Bengal Municipal Act, III of 1884, and section 498 of the Calcutta Municipal Consolidation Act, III of 1899.

(i) Qualified compounders employed in classes I, II and III Dispensaries will draw pay at the rate of Rs. 15 rising by biennial increment of Re. 1 to Rs. 20. Compounders already employed in such dispensaries will be entitled to draw pay at the above rate on obtaining such certificates.

(ii) In selected cases the pay may, with the approval of the Surgeon-General in the cases of class III institutions, and with the sanction of Government in the cases of classes I and II institutions, be fixed at any other rate subject to a maximum of Rs. 25, provided that if it be incremental it shall ordinarily rise by biennial increments of Re. 1 and attain the maximum in ten years.

(iii) The Surgeon-General is empowered to cancel the certificate of any compounder proved to have made a serious mistake in the dispensing of a medicine either through ignorance or carelessness.

(iv) Compounders should not, except in very exceptional cases, be placed in charge of dispensaries, and even then only for a very short period. Whenever a compounder is placed in charge of a dispensary, the fact should immediately be reported to the Surgeon-General.

(v) Compounders attached to in-door dispensaries will be entitled to free quarters which must be provided for them by the dispensary authorities.

RULE 51.—The employment of apprentices is prohibited, except in hospitals and dispensaries the Superintendents of which are authorized by the Surgeon-General to receive and train candidates for the compounder class. The number of such apprentices in an institution should be limited to two, but may be increased with the sanction of the Surgeon-General.

RULE 52.—Whole-time dispensary servants must not be employed in the private service of the Medical Officer, or of the members of the Managing Committee, or Manager.

RULE 53.—Articles of clothing which are not infected, and other moveable property belonging to deceased house-patients, should, unless, in the case of Indian patients to whom section 64 of Act II of 1874 does not apply, there are heirs to whom the property may be made over, be sent through the police to the local Munsif or District Judge for disposal under the provisions of Regulation V of 1799. In the case of European or other patients to whom section 64 of Act II of 1874 applies, there is no obligation on the hospital authorities to report the death to the Judge or to send to him the property of the deceased. It may be taken away by the relations or friends of the deceased, if there are any present. If not, the hospital authorities may keep any moveable property left by the deceased until the friends or relations of the deceased can take them away. If no application is made within six months the articles may be sent to the District Judge with a report of the death of the deceased. In making over such property or allowing such property to be taken away, the hospital authorities will exercise due care and caution, and will advise the parties that they are not legally entitled to possession of these until they have complied with the provisions of law on the subject of the effects of deceased persons, and that they are permitted to remove the property at their own risk.

A receipt for the goods should be taken in a register to be kept for the purpose or on a separate paper which should be filed.

BOOKS AND FORMS.

RULE 54.—The following books and forms are required to be kept up by the Medical Officer at hospitals and dispensaries brought under these rules :—

- (1) Diary and register of in-door patients (B. C. M. D. Form 1).
- (2) Register of operations (B. C. M. D. Form 3).
- (3) Bed-head ticket (B. C. M. D. Form 9). This should be written up daily and be filed, so as to preserve a concise history of the case and treatment.
- (4) A case-book for recording all special or important cases (blank book).
- (5) A clinical chart of temperature, pulse, and respiration in B. C. M. D. Form 51. This should be posted into the case-book against the patient's case.
- (6) Register of out-patients (B. C. M. D. Form 2).
- (7) Ticket for out-door patients (B. C. M. D. Form 10).

- (10) Monthly returns of in- and out-patients (B. C. M. D. Forms 26, 27 and 28). These should be kept up to date for the more easy and accurate preparation of the annual return. A copy should be submitted to the Civil Surgeon soon after the close of the month.
- (11) Monthly bill in detail of establishment, diet and contingencies. These are to be prepared by the Medical Officer in charge, and sent for examination, countersignature, and payment to the Secretary or Manager. In all cases in which there is expenditure for establishment, diet or any other charge to be paid by the Government, the bills of such expenditure are to be kept separate from the private accounts of the charity.
- (12) A bill-book for copies of all the dispensary bills (blank book).
- (13) A daily account or cash-book showing actual receipts and expenditure in detail (blank book). This is to be kept by the Medical Officer, and the account totalled up at the end of each month.
- (14) A diet-book in B. C. M. D. Form 5. This is required only in dispensaries in which there are in-patients.
- (15) A stock ledger of surgical instruments and appliances (B. C. M. D. Form No. 48).
- (16) A stock ledger of medicines (B. C. M. D. Form 47).
- (17) Annual indent for European medicines and instruments required for State Hospitals and Dispensaries (B. C. M. D. Form 13). This is to be submitted to the Civil Surgeon in printed form and in quadruplicate.
- (18) Emergent indent for European medicines and instruments required for State Hospitals and Dispensaries (B. C. M. D. Form 14). This is to be submitted to the Civil Surgeon in printed form and in quadruplicate.
- (19) Annual indent for forms (B. C. M. D. Form 16).
- (20) Annual returns (B. C. M. D. Forms 18, 19, 20, 21, 22, 23, 24 and 25). These should be sent in the printed form and in duplicate, in the first week of January, to the Civil Surgeon for check, and for the transmission of one of the copies to the Surgeon-General not later than the 10th January.
- (21) A season monthly register of vaccination for use in dispensaries to which vaccinators are attached. This form can be obtained from the Superintendent, to whom a copy duly filled up should be submitted every month for incorporation in his monthly return to be submitted to the Sanitary Commissioner.
- (22) A visitors' book. For this a simple blank book will suffice.
- (23) A blank book for copies of all letters and circulars received, of which the originals cannot be retained.
- (24) A blank book for copying all letters despatched.
- (25) A book-cover for filing all circulars and other letters.

RULE 55.—The following books and forms are required to be kept up by the Secretary or Manager of a dispensary :—

- (1) Account of the receipts and payments of Municipal dispensaries prescribed in rule 104 of the Municipal Account Rules.
- (2) A statement of accounts in B. C. M. D. Form 22 (Statement H), to be submitted by the Secretary or Manager monthly to the Superintendent. A copy of the same should also be laid before the managing body at their meetings and another copy should be sent to the Magistrate.
- (3) An Imprest Register for class III-B—Dispensary (B. C. M. D. Form 60).
- (4) An annual account of invested capital in Form 22 (Statement J) should be submitted to the Superintendent for his information in the first week of January.

- (5) A cash-book of class III-A—Dispensary Fund (B. C. M. D. Form 7) to be kept by the Managing Committee or Manager in accordance with the instructions contained in rule 28.
- (6) A cash-book of class III-B—Dispensary Fund (B. C. M. D. Form 8) to be kept by the Dispensary Committee or Manager in accordance with the instructions contained in rule 28.
- (7) A subscription register for dispensary (B. C. M. D. Form 6).
- (8) Receipt (counterfoil book) for subscriptions (B. C. M. D. Form 4).
- (9) A dispensary property book (blank book).
- (10) A Committee book for recording the proceedings of each meeting of the managing body (blank book).

RULE 56.—The following reports and returns are required to be submitted by the Superintendent to the Surgeon-General, Bengal:—

- (1) Annual return of Government Assistant Surgeons and Civil Sub-Assistant Surgeons (B. C. M. D. Form 30).
- (2) Annual confidential report of Government Assistant Surgeons and Civil Sub-Assistant Surgeons (B. C. M. D. Form 31).
- (3) Inspection report of a dispensary (B. C. M. D. Form 29).
- (4) Annual report on the working of a dispensary (B. C. M. D. Form 50).

No. 136T-Medl.—The 7th June 1915.—The following draft of a rule which, in exercise of the powers conferred by section 252 of the Bengal Municipal Act, 1884, and section 498 of the Calcutta Municipal Act, 1899, read with section 22 of the Bengal General Clauses Act, 1899, the Governor in Council proposes to substitute for rule 5 of the rules for the grant of certificates to compounders (published under Notification No. 1410Medl., dated the 7th July 1913, at pages 1087-1092 of Part I of the *Calcutta Gazette* of the 9th *idem*, as subsequently modified by Notification No. 630Medl., dated the 21st February 1914), is published for the information of persons likely to be affected thereby.

II. The draft rule will be taken into consideration on or after the 15th July 1915, and any objections or suggestions which may be received by the undersigned before that date will be duly considered.

Draft rule.

5. Such examinations shall be held—

- (a) for students trained at the Compounders' Class of the Campbell Medical School, for apprentice compounders trained in chemists' or druggists' establishments, or in hospitals or dispensaries, recognised for the purpose under rule 10 (2) (i) of these rules in the Presidency, Burdwan and Rajshahi Divisions, and for students of the class established for apprentice compounders in the dispensary and hospital of the Ranaghat Medical Mission at Ranaghat—at the Campbell Medical School, Sealdah (Calcutta).

POLITICAL DEPARTMENT.**POLITICAL.****NOTIFICATION.**

No. 1183P.D.—The 2nd June 1915.—In exercise of the powers conferred by section 12, sub-section (I), of the Indian Press Act, 1910 (I of 1910), the Governor in Council hereby declares to be forfeited to His Majesty all copies, wherever found, of a book in Bengali entitled "Pranav" by Devi Prasanna Ray Chaudhuri, printed and published at Calcutta in October 1914, and all copies of all other documents that may hereafter be made containing the matter of the said book, on the ground that the said book contains suggestions that the English are tyrannous and exhortations to rebel against the British Government, and therefore appears to the Governor in Council to contain words which have a tendency to bring into hatred, and to excite disaffection towards, the Government established by law in British India and are of the nature described in section 4, sub-section (1), of the said Act.

J. H. KERR,

Offg. Chief Secy. to the Govt. of Bengal.

POLICE.

NOTIFICATIONS.

No. 1198 P.D.—The 2nd June 1915.—In exercise of the powers conferred by section 10 of the Defence of India (Criminal Law Amendment) Act, 1915 (IV of 1915), the Governor in Council is pleased to make the following rules:—

Rules.

1. Commissioners may sit for the trial of any offence cognizable by them at such times and places as may be convenient.

Time and place of sitting.

PRESIDENT.

2. (a) The President of the Commissioners shall be such one of the Commissioners as the Local Government may nominate in this behalf.

Appointment and powers of President.

(b) The President shall determine the times of sitting, shall pronounce the orders and judgment of the Commissioners and shall have power to regulate all matters incidental to any trial before the Commissioners.

(c) All letters, requisitions, warrants, notices, and other processes issued by the Commissioners shall be issued over the signature of the President or, failing him, over that of any one of the Commissioners.

The Commissioners shall be entitled to use either their own seal, or the seal of the District Magistrate of the district in which the trial takes place.

(d) All processes for attendance of witnesses or production of documents, papers, or things and requisitions for records shall issue in the same way as if the trial were to take place before the Sessions Court of the district.

Applications for processes and for requisitions before the commencement of the trial shall be made to a Magistrate of the first class in the district where the trial is to be held, and such Magistrate shall have power to issue processes and requisitions which will be returnable before the Commissioners.

The Commissioners shall have all the powers of a Criminal Court in respect of calling for records and exhibits from other Courts.

ABSENCE OF COMMISSIONER.

3. In the absence of any Commissioner the trial shall be adjourned for such time as the remaining Commissioners shall consider reasonable.

Absence of member.

In the event of the likelihood of a prolonged absence of any Commissioner the Local Government may appoint another Commissioner in his stead, and when the Commissioner so appointed takes his seat, the trial shall be resumed from the point at which it was interrupted:

Provided that upon such resumption the accused may demand that the witnesses or any of them shall be resummoned and reheard. Any witness whom the Commissioners recall may be examined at any stage of the case.

PROCEDURE.

4. When any person or persons are accused of more offences than one and the Commissioners are of opinion that the offences are such that they should be tried together, then the said person or persons may be charged with and tried at one trial for every such offence.

Joinder of charges.

5. When any person is convicted at one trial of two or more offences, the aggregate of the terms of imprisonment to which he may be sentenced shall not be subject to the limit of 14 years specified in proviso (a) to section 35(1) of the Criminal Procedure Code, 1898.

Modification of proviso (a), section 35(1), Criminal Procedure Code.

6. When the accused appears or is brought before the Commissioners the charge, if a charge has been already framed, shall be read out and explained to the accused, and he shall be asked whether he is guilty of the offence charged or claims to be tried. If the accused pleads guilty the plea

shall be recorded and he may be convicted thereon. If the accused refuses to, or does not plead or claims to be tried, and in cases in which no charge has already been framed, the prosecutor shall state briefly the particulars of the offence with which the accused is charged and the evidence by which he expects to prove the guilt of the accused. As the evidence of each witness for the prosecution is concluded, the accused shall be given an

Cross-examination of witness.

opportunity of cross-examining him, and after such cross-examination (if any) and re-examination (if any) the Commissioners may discharge the witness, and the accused shall not recall for further examination or cross-examination, without leave of the Commissioners, any witness so discharged.

7. As soon as the charge is framed, or in cases in which a charge has been framed before the commencement of the trial, at such stage as the Commissioners may direct, the accused shall be required at once to give,

Witnesses for the defence.

orally or in writing, a list of the persons, if any, whom he wishes to be summoned to give evidence in his defence.

If the Commissioners think that any witness is included in the list for the purpose of vexation or delay or of defeating the ends of justice, the Commissioners may require the accused to satisfy them that there are reasonable grounds for believing that the evidence of such witness is material, and if they are not so satisfied, may refuse to summon the witness (recording their reasons for such refusal), or may before summoning him require such sum to be deposited as they think necessary to defray the expense of obtaining the attendance of the witness and all other proper expenses.

If any inquiry preparatory to commitment has been held, the provisions of section 288, Criminal Procedure Code, shall be applicable.

8. If any accused person at any stage of the proceedings is prevented

Illness of accused.

by illness or other sufficient cause from being present, the Commissioners may direct that he be allowed to appear in Court by a pleader, and the trial shall thereupon proceed notwithstanding the absence of the said accused person.

PROSECUTORS.

9. Any Public Prosecutor, any Police Officer of or above the rank of

Prosecution of offences.

Court Inspector, and any person appointed in this behalf by the Local Government or by the Superintendent and Remembrancer of Legal Affairs may conduct the prosecution of any case before the Commissioners.

EXECUTION.

10. When a sentence of death is passed by the Commissioners, the

Sentence of death.

Commissioners shall cause the sentence to be carried into effect by issuing a warrant or taking such other steps as may be necessary.

11. When any sentence other than a sentence of death is passed by the

Other sentence.

Commissioners, the Commissioners in causing the sentence to be carried out shall observe the procedure prescribed for a Court in Chapter XXVIII of the Code of Criminal Procedure, 1898.

12. For the purposes of section 389 of the Code of Criminal Procedure,

Successor in office to the Commissioners.

1898, the District Magistrate of the district in which sentence was pronounced upon the accused shall be deemed to be the successor in office of the Commissioners.

DETENTION IN CUSTODY.

13. (a) The Commissioners may detain in custody any accused persons being tried before them.

(b) The District Magistrate shall have power to remand to custody any

Detention remand.

persons in respect of whom an order has been made under sub-section (1) of section 3 of the Act, until such time as the Commissioners order that the accused shall be brought before them for trial.

FORMS.

14. The forms prescribed in the 5th schedule to the Code of Criminal Procedure, 1898, may be used with such changes as may be required in each case for the proceedings of the Commissioners.

15. The records of cases tried by Commissioners shall be deposited in the record-room of the District Magistrate of the district in which the trial is held.

No. 6554P.—The 5th June 1915.—In exercise of the power conferred by section 10, clause (b), of the Criminal Tribes Act, 1911 (III of 1911), the Governor in Council hereby directs that every registered member of the tribe generally known as the Karwal Nuts, which has been declared by Notification No. 3029P., dated the 11th September 1913, to be a criminal tribe, shall, in the prescribed manner, notify his place of residence and any change or intended change of residence and any absence or intended absence from his residence.

This cancels Notification No. 3030P., dated the 11th September 1913.

J. H. KERR,

Offg. Chief Secy. to the Govt. of Bengal.

CALCUTTA POLICE.

NOTIFICATION.

No. 5437.—The 7th June 1915.—In exercise of the powers conferred by clauses (b) and (c) of sub-section (i) of section 62 of the Calcutta Police Act, 1866 (Bengal Act IV of 1866), the Commissioner of Police, Calcutta, with the previous sanction of the Governor in Council, hereby makes the following rules for regulating vehicular traffic at the Elphinstone Picture Palace :—

1. All vehicles shall approach the Theatre from the direction of Chowringhee Road and Market Street *via* Chowringhee Place.

2. Self-driven vehicles and motor-cars shall be parked in one line only on the south side of Chowringhee Place facing west and on Hogg Street south of Chowringhee Place, on the west side of the street facing north, and will not leave their park except in charge of the owners.

3. Private carriages shall be parked on the west side of Hogg Street facing south, starting from Chowringhee Place; any overflow shall be accommodated on Corporation Street.

4. Unoccupied hackney-carriages waiting for fares shall be lined up on the east side of Hogg Street, north of Corporation Place; any overflow shall be accommodated on Corporation Street facing west.

5. Taxi-cabs waiting for fares shall be lined up on the east side of Hogg Street, south of Corporation Place, facing north.

6. Vehicles approaching the Theatre when almost opposite the Picture Palace shall drive to the south side of the road and drop their passengers at the north entrance; carriages arriving from Hogg Street shall drop their passengers at the east entrance of the Picture Palace.

7. Departing carriages shall drive up from their parks to the entrance of the Picture Palace in single line, pick up their occupants and drive away by Chowringhee Road or Market Street.

8. No vehicles shall be allowed down Chowringhee Place, *i.e.*, west to east, when the performance is over.

9. Unoccupied taxi-cabs or hackney-carriages waiting for fares shall not be allowed to leave their parks until all occupied vehicles have left.

10. Rule 1 shall be in force for half an hour before the commencement and rule 9 for half an hour after the end of every performance at the Picture Palace.

Offg. Commr. of Police, Calcutta.

IRRIGATION DEPARTMENT.

The 8th June 1915.

No. 9.—Notification.—The following draft of (1) rules and (2) schedule of rates of tolls, which, in exercise of the powers conferred by sections 6 and 11 of the Canals Act, 1864 (Bengal Act V of 1864), and in supersession of all previous notifications on the subject, the Governor in Council intends to make and fix for the line of navigation known as the Madaripur Bhil channel and the Lower Kumar river as defined in Notification No. 128, dated the 26th June 1900, and Notification No. 162, dated the 22nd July 1902, paragraphs 17 and 18, is published, as required by section 12 of that Act, for the information of persons likely to be affected thereby.

II. The draft will be taken into consideration on or after the 22nd July 1915 and any objection or suggestion which may be received by the undersigned before that date will be duly considered.

F. A. A. COWLEY,
Secy. to the Govt. of Bengal.

Draft Rules.

1. Every vessel passing through the line of navigation known as the Madaripur Bhil channel shall stop at the prescribed toll-stations notified in the Schedule II attached for the purpose of assessment, or check, of toll charges.

2. For the purposes of these rules, vessels other than rafts, timbers, bamboos or other floating material shall be divided into two classes as below :—

Class I.—To include all vessels of the usual native types of build.

Class II.—To include all steamers, flats and barges, and such other square-built boats as should, in the opinion of the Collector of Tolls, be included.

3. The net tonnage of every vessel of class I, whether laden or empty shall, for the purposes of these rules, be determined by the following measurements :—

(A) The product of one-quarter the length of the vessel from stem to stern, measured along the water-line, multiplied by the interior greatest breadth of the vessel, multiplied by the interior greatest depth from the water-line to the bottom of the vessel, is to be taken as equal to the number of maunds upon which toll shall be levied.

(B) The measurement of the length is to be made in feet, rejecting inches; the measurement of the breadth and depth is to be made in feet and quarters of a foot, rejecting portions of less than a quarter of a foot.

(C) The maundage on which tollage shall be charged shall be a simple multiple of $12\frac{1}{2}$ maunds, rejecting any remainder by which the maundage, calculated as above, may exceed such simple multiple.

4. For vessels in class II the tonnage shall be determined as follows :—

The tonnage of steamers shall be the registered tonnage as given in the certificate of survey of the steamer.

Toll shall be levied on the actual weight of cargo carried on steamers, flats, barges and other vessels included in this class, as declared in the manifests.

When the registered tonnage of a steamer, or the manifest for cargo of a flat is not available, the tonnage will be taken as arrived at under rule 3.

For square-built boats the total maundage, as determined under rules for class I, shall be increased by half, and for steamers one-third of the total maundage shall be deducted for engine space.

5. Every vessel except as exempted under rule 10 shall be furnished at the toll-station of entry with a ticket on which the name of the serang

manjhi or other person in charge of the vessel, the date of entry, the maundage of the vessel, the nature and weight of the cargo it contains, the amount of toll charged and the number of days for which the ticket will remain current shall be entered.

6. This ticket may be demanded and checked by any navigation officer while the vessel is within the toll-limits of the Bhil channel and must be kept on board and at hand for that purpose. The ticket must be given up at the exit toll-station. If the ticket is not produced on demand by a canal officer, such officer shall assess the amount of toll payable and the vessel will be liable to seizure and detention under the provisions of section 9 of the Act until such sum is realized.

7. Vessels leaving the channel between two toll-stations shall obtain a permit for so doing in Form No. 1 from the Toll Collector of the toll-station of entry. In such cases the Toll Collector will issue a ticket in the usual form and also collect the same before the vessel is permitted to proceed.

8. A vessel, which has been detained under these rules or under section 9 of the Act, may not be removed from the channel without the order of the Collector of tolls until the toll due has been paid. During such detention the manjhi, owner or agent must make arrangements for the safety of the vessel and cargo.

9. All tolls are payable on demand and shall be paid at the toll-station before a vessel is permitted to proceed. Provided that the Collector of tolls appointed under section 8 of the Act may, at his discretion, permit vessels belonging to individuals or firms of recognised standing to proceed without prepayment, on an undertaking that the bills for tollage due shall be liquidated monthly on presentation.

10. (I) In the case of steamers and flats falling under the latter portion of rule 9 a copy of the traffic manifest must be handed in at the exit toll-station, a receipt for which in Form No. 2 will be issued by the Toll Collector to the person in charge of the vessel, in such cases no ticket in the usual form will be issued. If the traffic manifest is not produced at the exit toll-station the procedure as laid down in rules 6 and 8 will be adopted.

(II) The traffic manifest or the receipt for the same may be demanded by any navigation officer while the vessel is within the limits of the Bhil channels between the Manickdah entrance and Chur Maguria.

11. The term "Navigation officer" as used in rule 6 shall include the Collector of tolls appointed under section 8 of the Act, and the officer, or the subordinate duly authorised by such officer of the Public Works Department in charge of the subdivision or section within which the channel is situated.

12. Duplicates of lost tickets will be granted by the Toll Collector who originally issued the ticket on payment of a fee of one-fourth of the amount of toll payable, subject to a maximum of one rupee and a minimum of four annas. The duplicate will be issued only when the Toll Collector is satisfied concerning the identity of the boat.

13. No person shall wilfully or negligently allow a vessel to sink in the channel.

14. (1) In every case of a sunken vessel, whether due to negligence or otherwise, the Supervisor and his subordinates shall offer every assistance in removing the same.

(2) If, three days after the occurrence of a wreck, it is seen that prompt measures are not being taken by the owner to remove the sunken vessel from the line of navigation, the Supervisor and his subordinates shall make their own arrangements for the removal of the same at the expense of the owner, provided that when the wreck obstructs the fairway they shall take action at once to remove the same.

15. When a sunken vessel has been recovered, the Supervisor shall cause notices to be posted at the toll offices, or other prominent places, calling on those concerned to pay to the Collector of tolls all toll or demurrage which may be due, as well as the expenses incurred in the recovery of the vessel and cargo. Should the sum due be not paid within fifteen days of the date of notice, the boat and its furniture, or so much of it as may be necessary for the recovery of the dues, will be sold under the procedure directed in section 9 of the Act.

16. The purchaser of a vessel sold under the provisions of section 9 of the Act shall have the right to take it out of the channel on the day of purchase, or within such time as may be allowed by the Collector of tolls, without payment of tolls.

17. When any laden vessel, which has sunk, has been recovered, or when any laden vessel has been seized under the provisions of the Act or of these rules, the Supervisor shall give immediate notice of the recovery or seizure to the owner of the cargo or his agent, requiring the removal of the cargo without delay, and informing him that he will be required to pay all expenses necessary for the proper custody and storage of the cargo until removed.

18. If the Supervisor be unable to ascertain the name and place of business or the abode of the owner of the cargo of such vessel, the notice prescribed in rule 16 shall be effected by a notice exhibited in his office, and by advertisement in at least one English and one vernacular Calcutta and local newspaper.

19. *Lights and Signals.*—All vessels, whether travelling or moored in the channel, must, between sunset and sunrise, carry a white light in a lantern on the fore-part of the vessel where it can be distinctly seen from all sides. All steam-vessels in motion shall carry the lights prescribed by the Board of Trade regulations. Barges or boats attached to a steam-vessel, whether in motion or moored, shall carry the light prescribed in the first paragraph of this rule.

20. Every vessel proceeding in the channel must limit her speed to six miles an hour from the 15th October to the 10th July, and to eight miles an hour from the 11th July to the 14th October.

21. For any infringement of rule 6, 7, 8, 9, 10, 13, 14, 15, 17, 19 or 20 the person in charge of the vessel or other persons in fault shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 50 or Rs. 5 a day for any continuing infringement.

Special Rules for the Lower Kumar River, Chur Maguria.

These rules shall apply to all vessels, as defined in Act V of 1864, either under way or stationary within the Lower Kumar river from the point where it joins the Arial Khan at Chur Maguria to a point marked on either bank by white discs to the west of the Chittagong Company's premises.

1. No country boat shall anchor or remain stationary except alongside the bank of the river or within the area between the south bank and the marks placed to mark the fairway.

2. No boat shall be moored in the river for the purpose of undergoing repairs.

3. No log rafts or boats with timbers lashed alongside shall be allowed inside the prescribed area of the Lower Kumar river.

4. No log shall be kept half in and half out of the water, *i.e.*, all logs shall be drawn up on the bank well above the level of the water in the river.

5. Boats, except the municipal ferry boats, shall not be moored along the north bank except for the purpose of loading or unloading cargo, and then only in a single line.

6. No flat shall be moored except for the purpose of loading or unloading cargo.

7. All steam-propelled vessels shall proceed at a speed of not more than 5 miles an hour within the above limits.

Rules for the Lower Kumar river in the portion not included under Chur Maguria and for the Madaripore Bhil Channel from its junction with the Lower Kumar to the Madhumati at Manickdah.

1. No country boat shall anchor, be moored or remain stationary in the Bhil Channel at Boltali, Jolirpar or Tentulia except within the boat docks which have been specially provided for this purpose at these places.

2. Between the Madhumati entrance at Manickdah and Fatteypore all boats except when crossing shall travel along the right-hand side of the channel, *i.e.*, boats going westwards will keep to the northern side and those going eastwards to the southern side.

3. No boat shall anchor or remain stationary except alongside the bank of the channel, and no boat shall be moored in the channel for the purpose of undergoing repairs.

4. No log rafts will be allowed in the above channels.

5. No log shall be kept half in and half out of the water, *i.e.*, all logs shall be drawn up on the bank well above the level of the water in the channel.

6. All steam-vessels shall proceed at a speed of not more than 4 miles an hour when passing a dredger: they shall likewise reduce speed to not more than 5 miles an hour within the limits prescribed from time to time by the Supervisor of these channels and marked by white discs.

MARINE DEPARTMENT.

The 4th June 1915.

No. 70 Marine.—The following by-laws, framed by the Commissioners of the Port of Calcutta under section 126, sub-section (1), clause (i) of the Calcutta Port Act, 1890, for the regulation of their Ferry Service which have been published in consecutive issues of the *Calcutta Gazette* under sub-section (4) of that section are hereby confirmed :—

BY-LAWS FOR THE REGULATION OF THE PORT COMMISSIONERS FERRY SERVICE.

1. Every person desirous of travelling on any of the Port Commissioners' ferry steamers shall, upon payment of his fare, be supplied with a ticket specifying the class for which, and the place from and the place to which, the fare has been paid and the amount of the fare.

2. No person shall, without the permission of a servant of the Port Commissioners,—

- (a) embark on any ferry steamer for the purpose of travelling thereon as a passenger unless he has with him a proper pass or ticket;
- (b) use any pass or ticket for a class superior to that for which it was issued,
- (c) use any pass or ticket for any journey other than that for which it was issued, or disembark at any place other than the place specified thereon,
- (d) use any ticket, whether single or return, on any date other than the date of issue, or
- (e) wilfully alter or deface his pass or ticket so as to render the date, number or any material portion thereof illegible.

3. Every person travelling on any ferry steamer shall, when so required by any servant of the Port Commissioners, present his pass or ticket to such servant for examination, and at the end of the journey for which the pass or ticket was issued, shall deliver it up to any servant of the Port Commissioners demanding the same. If he is found to be without a ticket he shall pay the fare.

4. A ticket, whether single, return or season, shall not be transferable and may be used only by the person for whose journey to and from the places specified thereon it was issued.

5. No person shall sell or attempt to sell, or purchase or attempt to purchase, or, in order to enable any other person to travel therewith, part with or attempt to part with the possession of, any half of a return ticket or any pass.

6. No person suffering from any infectious or contagious disease or being in a state of intoxication shall enter any steamer, pontoon, gangway, waiting-room or landing-stage of the Ferry Service; and no person shall behave on any such vessel or in any such place in a manner likely to cause discomfort or annoyance to other passengers.

7. No person shall bring with him upon any steamer, pontoon, gangway, waiting-room or landing-stage of the Ferry Service, or cause to be brought or placed thereon or therein, any dangerous or offensive goods or attempt to do so.

8. No person shall pull down or destroy any public notice put up by the order of the Commissioners in any steamer, pontoon or waiting-room.

9. No male person shall without lawful excuse enter any room or other place reserved by the Commissioners for the exclusive use of females on any steamer, pontoon or landing stage, or refuse to leave such place when requested to do so by any of the Commissioners' servants.

10. No person shall enter or leave, or attempt to enter or leave, any steamer while it is in motion, or elsewhere than at the gangways provided by the Commissioners for the purpose.

11. No person shall open or attempt to open any gate or door leading on to any of the steamers, pontoons, waiting-rooms or gangways used for the purpose of or in connection with the Ferry Service, unless authorized by one of the Commissioners' servants to do so.

12. No person shall enter or remain in or on a steamer, pontoon, waiting-room, gangway or any portion of a landing-stage after having been requested by one of the Commissioners' servants or any police officer not to enter or to leave the same.

13. No person shall wilfully obstruct or impede any servant of the Commissioners or any police officer in the discharge of his duty on any of the steamers, pontoons, gangways, landing-stages, or waiting-rooms used for the purpose of or in connection with the Commissioners' Ferry Service.

14. Any person who commits any breach of any of these by-laws shall, in addition to any other penalty which may be hereby provided for such breach, forfeit any fare which he may have paid and any pass or ticket which he may have obtained or purchased, and may be removed from any steamer, pontoon, landing-stage, or waiting-room by any servant of the Commissioners or any police officer or any other person whom such servant or police officer shall call to his aid.

15. Any person who commits a breach of any of by-laws 2 (a), 2 (b), 2 (c) or 3 with intent to defraud shall be punished with fine which may extend to Rs. 20.

16. Any person who commits any breach of any of these by-laws other than by-laws 2 (a), 2 (b) 2 (c) or 3 shall be punishable with fine which may extend to Rs. 100, and when the breach is a continuing breach, with a further fine which may extend to Rs. 50 for every day after the first during which the breach continues.

J. H. KERR,

*Offg. Chief Secy. to the Govt. of Bengal.***PUBLIC WORKS DEPARTMENT.****ESTABLISHMENT.***The 14th June 1915.*

No. 62.—Babu Binoy Ranjan Halder, Assistant Engineer, was in charge of the current duties of the office of the Executive Engineer of the Cossye Division from the afternoon of the 2nd to the 23rd May 1915.

F. A. A. COWLEY,

Secy. to the Govt. of Bengal.

(Second publication.)

IRRIGATION DEPARTMENT.*The 8th June 1915.*

No. 9.—Notification.—The following draft of (1) rules and (2) schedule of rates of tolls, which, in exercise of the powers conferred by sections 6 and 11 of the Canals Act, 1864 (Bengal Act V of 1864), and in supersession of all previous notifications on the subject, the Governor in Council intends to make and fix for the line of navigation known as the Madaripur Bhil channel and the Lower Kumar river as defined in Notification No. 128, dated the 26th June 1900, and Notification No. 162, dated the 22nd July 1902, paragraphs 17 and 18, is published, as required by section 12 of that Act, for the information of persons likely to be affected thereby.

II. The draft will be taken into consideration on or after the 22nd July 1915 and any objection or suggestion which may be received by the undersigned before that date will be duly considered.

F. A. A. COWLEY,

*Secy. to the Govt. of Bengal.**Draft Rules.*

1. Every vessel passing through the line of navigation known as the Madaripur Bhil channel shall stop at the prescribed toll-stations notified in the Schedule II attached for the purpose of assessment, or check, of toll charges.

2. For the purposes of these rules, vessels other than rafts, timbers, bamboos or other floating material shall be divided into two classes as below:—

Class I.—To include all vessels of the usual native types of build.

Class II.—To include all steamers, flats and barges, and such other square-built boats as should, in the opinion of the Collector of Tolls, be included.

3. The net tonnage of every vessel of class I, whether laden or empty shall, for the purposes of these rules, be determined by the following measurements:—

(A) The product of one-quarter the length of the vessel from stem to stern, measured along the water-line, multiplied by the interior greatest breadth of the vessel, multiplied by the interior greatest depth from the water-line to the bottom of the vessel, is to be taken as equal to the number of maunds upon which toll shall be levied.

(B) The measurement of the length is to be made in feet, rejecting inches; the measurement of the breadth and depth is to be made in feet and quarters of a foot, rejecting portions of less than a quarter of a foot.

(C) The maundage on which tollage shall be charged shall be a simple multiple of $12\frac{1}{2}$ maunds, rejecting any remainder by which the maundage, calculated as above, may exceed such simple multiple.

4. For vessels in class II the tonnage shall be determined as follows:—

The tonnage of steamers shall be the registered tonnage as given in the certificate of survey of the steamer.

Toll shall be levied on the actual weight of cargo carried on steamers, flats, barges and other vessels included in this class, as declared in the manifests.

When the registered tonnage of a steamer, or the manifest for cargo of a flat is not available, the tonnage will be taken as arrived at under rule 3.

For square-built boats the total maundage, as determined under rules for class I, shall be increased by half, and for steamers one-third of the total maundage shall be deducted for engine space.

5. Every vessel except as exempted under rule 10 shall be furnished at the toll-station of entry with a ticket on which the name of the serang

manjhi or other person in charge of the vessel, the date of entry, the maundage of the vessel, the nature and weight of the cargo it contains, the amount of toll charged and the number of days for which the ticket will remain current shall be entered.

6. This ticket may be demanded and checked by any navigation officer while the vessel is within the toll-limits of the Bhil channel and must be kept on board and at hand for that purpose. The ticket must be given up at the exit toll-station. If the ticket is not produced on demand by a canal officer, such officer shall assess the amount of toll payable and the vessel will be liable to seizure and detention under the provisions of section 9 of the Act until such sum is realized.

7. Vessels leaving the channel between two toll-stations shall obtain a permit for so doing in Form No. 1 from the Toll Collector of the toll-station of entry. In such cases the Toll Collector will issue a ticket in the usual form and also collect the same before the vessel is permitted to proceed.

8. A vessel, which has been detained under these rules or under section 9 of the Act, may not be removed from the channel without the order of the Collector of tolls until the toll due has been paid. During such detention the manjhi, owner or agent must make arrangements for the safety of the vessel and cargo.

9. All tolls are payable on demand and shall be paid at the toll-station before a vessel is permitted to proceed. Provided that the Collector of tolls appointed under section 8 of the Act may, at his discretion, permit vessels belonging to individuals or firms of recognised standing to proceed without prepayment, on an undertaking that the bills for tollage due shall be liquidated monthly on presentation.

10. (I) In the case of steamers and flats falling under the latter portion of rule 9 a copy of the traffic manifest must be handed in at the exit toll-station, a receipt for which in Form No. 2 will be issued by the Toll Collector to the person in charge of the vessel, in such cases no ticket in the usual form will be issued. If the traffic manifest is not produced at the exit toll-station the procedure as laid down in rules 6 and 8 will be adopted.

(II) The traffic manifest or the receipt for the same may be demanded by any navigation officer while the vessel is within the limits of the Bhil channels between the Manickdah entrance and Chur Maguria.

11. The term "Navigation officer" as used in rule 6 shall include the Collector of tolls appointed under section 8 of the Act, and the officer, or the subordinate duly authorised by such officer of the Public Works Department in charge of the subdivision or section within which the channel is situated.

12. Duplicates of lost tickets will be granted by the Toll Collector who originally issued the ticket on payment of a fee of one-fourth of the amount of toll payable, subject to a maximum of one rupee and a minimum of four annas. The duplicate will be issued only when the Toll Collector is satisfied concerning the identity of the boat.

13. No person shall wilfully or negligently allow a vessel to sink in the channel.

14. (1) In every case of a sunken vessel, whether due to negligence or otherwise, the Supervisor and his subordinates shall offer every assistance in removing the same.

(2) If, three days after the occurrence of a wreck, it is seen that prompt measures are not being taken by the owner to remove the sunken vessel from the line of navigation, the Supervisor and his subordinates shall make their own arrangements for the removal of the same at the expense of the owner, provided that when the wreck obstructs the fairway they shall take action at once to remove the same.

15. When a sunken vessel has been recovered, the Supervisor shall cause notices to be posted at the toll offices, or other prominent places, calling on those concerned to pay to the Collector of tolls all toll or demurrage which may be due, as well as the expenses incurred in the recovery of the vessel and cargo. Should the sum due be not paid within fifteen days of the date of notice, the boat and its furniture, or so much of it as may be necessary for the recovery of the dues, will be sold under the procedure directed in section 9 of the Act.

16. The purchaser of a vessel sold under the provisions of section 9 of the Act shall have the right to take it out of the channel on the day of purchase, or within such time as may be allowed by the Collector of tolls, without payment of tolls.

17. When any laden vessel, which has sunk, has been recovered, or when any laden vessel has been seized under the provisions of the Act or of these rules, the Supervisor shall give immediate notice of the recovery or seizure to the owner of the cargo or his agent, requiring the removal of the cargo without delay, and informing him that he will be required to pay all expenses necessary for the proper custody and storage of the cargo until removed.

18. If the Supervisor be unable to ascertain the name and place of business or the abode of the owner of the cargo of such vessel, the notice prescribed in rule 16 shall be effected by a notice exhibited in his office, and by advertisement in at least one English and one vernacular Calcutta and local newspaper.

19. *Lights and Signals.*—All vessels, whether travelling or moored in the channel, must, between sunset and sunrise, carry a white light in a lantern on the fore-part of the vessel where it can be distinctly seen from all sides. All steam-vessels in motion shall carry the lights prescribed by the Board of Trade regulations. Barges or boats attached to a steam-vessel, whether in motion or moored, shall carry the light prescribed in the first paragraph of this rule.

20. Every vessel proceeding in the channel must limit her speed to six miles an hour from the 15th October to the 10th July, and to eight miles an hour from the 11th July to the 14th October.

21. For any infringement of rule 6, 7, 8, 9, 10, 13, 14, 15, 17, 19 or 20 the person in charge of the vessel or other persons in fault shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 50 or Rs. 5 a pay for any continuing infringement.

No. 72 Marine.—In exercise of the power conferred by section 3 of Act I of 1859, the Governor in Council is pleased to appoint Mr. C. S. Cameron, Head Assistant, Shipping Office, Calcutta, on probation, to be an Assistant Shipping Master of the Port of Calcutta, for the purpose of paying off seamen in hospital, jail, etc., and shipping and discharging crews of vessels, in the absence of the Assistant Shipping Master, Kidderpore.

F. A. A. COWLEY,
Secy. to the Govt. of Bengal.

The 10th June 1915.

No. 73 Marine.—Mr. A. F. Paull, Senior Master Pilot, is appointed to act as a Branch Pilot, with effect from the date he is placed on the running list of Pilots, until further orders.

F. A. A. COWLEY,
Secy. to the Govt. of Bengal.

The 15th June 1915.

No. 74 Marine.—It is hereby notified that the Governor in Council in exercise of the powers conferred by sections 4 and 5 of the Charitable Endowments Act, VI of 1890 (hereinafter called the Act), and upon the application and with the concurrence of Rai Hariram Goenka Bahadur of 31, Banstolla Street, Calcutta, doth hereby order and direct that Government securities to the value of Rs. 11,100, particulars whereof are given in the first schedule hereunder written, shall, from the date of the first publication of this notification, vest and be thenceforward vested in the Treasurer of Charitable Endowments for the territories subject to the Government of Bengal (hereinafter called the Treasurer), to be held by him and his successors (subject to the provisions of the Act and the rules from time to time framed thereunder by the Governor-General of India in Council) upon trust to permit the same to be administered in accordance with the terms of the scheme of management, particulars whereof are contained in the second schedule hereunder written. And it is hereby further notified that the said scheme shall come into operation on the vesting of the said property in the Treasurer.

SCHEDULE I.

Government Promissory notes of the 3½ per cent. stock of 1900-01, held by the Accountant-General, Bengal, under Chapter II of the Civil Account Code, Rs. 11,100.

SCHEDULE II.

Scheme.

(i) The Endowment hereby created shall be called "The Ram Chandra Goenka Zenana Bathing Ghat Fund."

(ii) The Treasurer shall stand possessed of the Government securities mentioned in the first schedule upon trust to receive the interest thereon when and as the same shall become payable and from time to time [after deducting all costs of and incidental to the collection of such interest or otherwise incurred by the Treasurer in connection with the Endowment, including all fees (if any) for the time being payable to Government under section 13 (b) of the Act] to pay the same to the Commissioners for the Port of Calcutta (hereinafter called the Port Commissioners), who shall apply and administer the said interest in the manner hereinafter mentioned.

(iii) The Port Commissioners shall apply in such manner in all respects as in their absolute discretion they shall see fit all moneys received by them from the Treasurer, as aforesaid, or such part thereof as they may from time to time in their absolute discretion deem necessary or desirable for and towards the maintenance and up-keep of a bathing ghat for Hindu ladies, constructed on the bank of the river Hooghli at Calcutta out of a donation made by the said Rai Hariram Goenka Bahadur.

(iv) Any surplus which may remain in the hands of the Commissioners out of the moneys from time to time received by them from the Treasurer, as aforesaid, after providing for the cost of maintenance and up-keep of the said ghat in the manner provided in clause (iii) hereof, shall be either deposited by the Port Commissioners in the Post Office Savings Bank and applied by them in like manner as provided in clause (iii) hereof, or shall be invested from time to time in the name of the Treasurer in any of the investments for the time being authorized by the Act or any statutory modification thereof, such investment to be held by the Treasurer upon the same trusts as are hereby declared concerning the securities specified in the first schedule above written.

(v) The Treasurer may, with the sanction of Government from time to time, vary all or any of the investments for the time being vested in him upon the trusts hereby declared, into and for others of a nature authorized by the Act or any statutory modification thereof.

(vi) The Port Commissioners shall cause to be affixed to and maintain on the front of the said ghat a suitable tablet bearing the words "Ram Chandra Goenka Zenana Bathing Ghat," and the cost of such tablet and of the maintenance thereof shall be paid out of the moneys from time to time received by the Port Commissioners from the Treasurer as aforesaid.

(vii) The Port Commissioners shall keep an account of the expenditure of the moneys from time to time received by them from the Treasurer, as aforesaid, which shall be open to inspection by or on behalf of Government.

IRRIGATION DEPARTMENT.

The 8th June 1915.

No. 9.—Notification.—The following draft of (1) rules and (2) schedule of rates of tolls, which, in exercise of the powers conferred by sections 6 and 11 of the Canals Act, 1864 (Bengal Act V of 1864), and in supersession of all previous notifications on the subject, the Governor in Council intends to make and fix for the line of navigation known as the Madaripur Bhil channel and the Lower Kumar river as defined in Notification No. 128, dated the 26th June 1900, and Notification No. 162, dated the 22nd July 1902, paragraphs 17 and 18, is published, as required by section 12 of that Act, for the information of persons likely to be affected thereby.

II. The draft will be taken into consideration on or after the 22nd July 1915 and any objection or suggestion which may be received by the undersigned before that date will be duly considered.

F. A. A. COWLEY,

*Secy. to the Govt. of Bengal.**Draft Rules.*

1. Every vessel passing through the line of navigation known as the Madaripur Bhil channel shall stop at the prescribed toll-stations notified in the Schedule II attached for the purpose of assessment, or check, of toll charges.

2. For the purposes of these rules, vessels other than rafts, timbers, bamboos or other floating material shall be divided into two classes as below:—

Class I.—To include all vessels of the usual native types of build.

Class II.—To include all steamers, flats and barges, and such other square-built boats as should, in the opinion of the Collector of Tolls, be included.

3. The net tonnage of every vessel of class I, whether laden or empty shall, for the purposes of these rules, be determined by the following measurements:—

(A) The product of one-quarter the length of the vessel from stem to stern, measured along the water-line, multiplied by the interior greatest breadth of the vessel, multiplied by the interior greatest depth from the water-line to the bottom of the vessel, is to be taken as equal to the number of maunds upon which toll shall be levied.

(B) The measurement of the length is to be made in feet, rejecting inches; the measurement of the breadth and depth is to be made in feet and quarters of a foot, rejecting portions of less than a quarter of a foot.

(C) The maundage on which tollage shall be charged shall be a simple multiple of $12\frac{1}{2}$ maunds, rejecting any remainder by which the maundage, calculated as above, may exceed such simple multiple.

4. For vessels in class II the tonnage shall be determined as follows:—

The tonnage of steamers shall be the registered tonnage as given in the certificate of survey of the steamer.

Toll shall be levied on the actual weight of cargo carried on steamers, flats, barges and other vessels included in this class, as declared in the manifests.

When the registered tonnage of a steamer, or the manifest for cargo of a flat is not available, the tonnage will be taken as arrived at under rule 3.

For square-built boats the total maundage, as determined under rules for class I, shall be increased by half, and for steamers one-third of the total maundage shall be deducted for engine space.

5. Every vessel except as exempted under rule 10 shall be furnished at the toll-station of entry with a ticket on which the name of the serang

manjhi or other person in charge of the vessel, the date of entry, the maundage of the vessel, the nature and weight of the cargo it contains, the amount of toll charged and the number of days for which the ticket will remain current shall be entered.

6. This ticket may be demanded and checked by any navigation officer while the vessel is within the toll-limits of the Bhil channel and must be kept on board and at hand for that purpose. The ticket must be given up at the exit toll-station. If the ticket is not produced on demand by a canal officer, such officer shall assess the amount of toll payable and the vessel will be liable to seizure and detention under the provisions of section 9 of the Act until such sum is realized.

7. Vessels leaving the channel between two toll-stations shall obtain a permit for so doing in Form No. 1 from the Toll Collector of the toll-station of entry. In such cases the Toll Collector will issue a ticket in the usual form and also collect the same before the vessel is permitted to proceed.

8. A vessel, which has been detained under these rules or under section 9 of the Act, may not be removed from the channel without the order of the Collector of tolls until the toll due has been paid. During such detention the manjhi, owner or agent must make arrangements for the safety of the vessel and cargo.

9. All tolls are payable on demand and shall be paid at the toll-station before a vessel is permitted to proceed. Provided that the Collector of tolls appointed under section 8 of the Act may, at his discretion, permit vessels belonging to individuals or firms of recognised standing to proceed without prepayment, on an undertaking that the bills for tollage due shall be liquidated monthly on presentation.

10. (I) In the case of steamers and flats falling under the latter portion of rule 9 a copy of the traffic manifest must be handed in at the exit toll-station, a receipt for which in Form No. 2 will be issued by the Toll Collector to the person in charge of the vessel, in such cases no ticket in the usual form will be issued. If the traffic manifest is not produced at the exit toll-station the procedure as laid down in rules 6 and 8 will be adopted.

(II) The traffic manifest or the receipt for the same may be demanded by any navigation officer while the vessel is within the limits of the Bhil channels between the Manickdah entrance and Chur Maguria.

11. The term "Navigation officer" as used in rule 6 shall include the Collector of tolls appointed under section 8 of the Act, and the officer, or the subordinate duly authorised by such officer of the Public Works Department in charge of the subdivision or section within which the channel is situated.

12. Duplicates of lost tickets will be granted by the Toll Collector who originally issued the ticket on payment of a fee of one-fourth of the amount of toll payable, subject to a maximum of one rupee and a minimum of four annas. The duplicate will be issued only when the Toll Collector is satisfied concerning the identity of the boat.

13. No person shall wilfully or negligently allow a vessel to sink in the channel.

14. (1) In every case of a sunken vessel, whether due to negligence or otherwise, the Supervisor and his subordinates shall offer every assistance in removing the same.

(2) If, three days after the occurrence of a wreck, it is seen that prompt measures are not being taken by the owner to remove the sunken vessel from the line of navigation, the Supervisor and his subordinates shall make their own arrangements for the removal of the same at the expense of the owner, provided that when the wreck obstructs the fairway they shall take action at once to remove the same.

15. When a sunken vessel has been recovered, the Supervisor shall cause notices to be posted at the toll offices, or other prominent places, calling on those concerned to pay to the Collector of tolls all toll or demurrage which may be due, as well as the expenses incurred in the recovery of the vessel and cargo. Should the sum due be not paid within fifteen days of the date of notice, the boat and its furniture, or so much of it as may be necessary for the recovery of the dues, will be sold under the procedure directed in section 9 of the Act.

16. The purchaser of a vessel sold under the provisions of section 9 of the Act shall have the right to take it out of the channel on the day of purchase, or within such time as may be allowed by the Collector of tolls, without payment of tolls.

17. When any laden vessel, which has sunk, has been recovered, or when any laden vessel has been seized under the provisions of the Act or of these rules, the Supervisor shall give immediate notice of the recovery or seizure to the owner of the cargo or his agent, requiring the removal of the cargo without delay, and informing him that he will be required to pay all expenses necessary for the proper custody and storage of the cargo until removed.

18. If the Supervisor be unable to ascertain the name and place of business or the abode of the owner of the cargo of such vessel, the notice prescribed in rule 16 shall be effected by a notice exhibited in his office, and by advertisement in at least one English and one vernacular Calcutta and local newspaper.

19. *Lights and Signals.*—All vessels, whether travelling or moored in the channel, must, between sunset and sunrise, carry a white light in a lantern on the fore-part of the vessel where it can be distinctly seen from all sides. All steam-vessels in motion shall carry the lights prescribed by the Board of Trade regulations. Barges or boats attached to a steam-vessel, whether in motion or moored, shall carry the light prescribed in the first paragraph of this rule.

20. Every vessel proceeding in the channel must limit her speed to six miles an hour from the 15th October to the 10th July, and to eight miles an hour from the 11th July to the 14th October.

21. For any infringement of rule 6, 7, 8, 9, 10, 13, 14, 15, 17, 19 or 20 the person in charge of the vessel or other persons in fault shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 50 or Rs. 5 a pay for any continuing infringement.

No. 1125S.R.—*The 28th June 1915.*—In exercise of the powers conferred by section 86 of the Bengal Excise Act, 1909 (Bengal Act V of 1909), as amended by the Bengal Excise (Amendment) Act, 1914 (Bengal Act VII of 1914), the Governor in Council is pleased to direct that the following revised rule be substituted for rule 28 of the rules published with the Notification of this Department No. 601S.R., dated the 30th March 1915, viz.:—

28. (I) An allowance shall be made for the actual loss in transit by leakage and evaporation of spirits transported or exported under bond or duty free by land in wooden or metal vessels at rates not exceeding the maximum quantities specified in the following scale for wooden or metal vessels, as the case may be, namely:—

	MAXIMUM QUANTITIES OF ALLOWANCE.	
	Wooden vessels per cent.	Metal vessels per cent.
(a) For a journey of not greater duration than two days	2	$\frac{1}{2}$
(b) For a journey of duration exceeding two but not exceeding nine days	3	1
(c) For a journey of duration exceeding nine but not exceeding eighteen days	4	1½
(d) For a journey of duration exceeding eighteen days	5	2

Provided that, if, any case, the temperature of the spirits on arrival at their destination is found to be lower than that when they were despatched, a further allowance shall be made, if necessary, of .05 of a London proof gallon *per cent.* for every degree Fahrenheit of difference between the two temperatures, in addition to any allowance that may be made under this sub-rule.

(2) The allowances made under this rule shall be determined by deducting from the quantity of spirits despatched the quantity received at the place of destination, both quantities being stated in terms of London proof gallons, and shall be calculated on the quantity of spirits contained in each vessel comprised in a consignment.

(3) If the report of an officer, by whom a consignment of spirits transported or exported by land under bond or duty free has been gauged and proved on arrival at its destination, should show that wastage to a greater extent than that indicated in sub-rule (1) has occurred, the contractor, distiller or licensee of the warehouse transporting or exporting the same shall be liable to pay duty at the rate imposed under section 27 of the Act on so much of the deficiency as is in excess of the allowances referred to in sub-rule (1):

Provided that each case of excess deficiency shall be reported to the Commissioner for orders, and the Commissioner may, in his discretion on good cause being shown, remit the duty leviable on such deficiency.

(4) Duty on a deficiency of spirits in excess of the allowances referred to in sub-rule (1) shall, if levied, be realised by the Collector of the district in which the distillery or warehouse from which the spirits were despatched is situated.

IRRIGATION DEPARTMENT.

The 8th June 1915.

No. 9.—Notification.—The following draft of (1) rules and (2) schedule of rates of tolls, which, in exercise of the powers conferred by sections 6 and 11 of the Canals Act, 1864 (Bengal Act V of 1864), and in supersession of all previous notifications on the subject, the Governor in Council intends to make and fix for the line of navigation known as the Madaripur Bhil channel and the Lower Kumar river as defined in Notification No. 128, dated the 26th June 1900, and Notification No. 162, dated the 22nd July 1902, paragraphs 17 and 18, is published, as required by section 12 of that Act, for the information of persons likely to be affected thereby.

II. The draft will be taken into consideration on or after the 22nd July 1915 and any objection or suggestion which may be received by the undersigned before that date will be duly considered.

F. A. A. COWLEY,

*Secy. to the Govt. of Bengal.**Draft Rules.*

1. Every vessel passing through the line of navigation known as the Madaripur Bhil channel shall stop at the prescribed toll-stations notified in the Schedule II attached for the purpose of assessment, or check, of toll charges.

2. For the purposes of these rules, vessels other than rafts, timbers, bamboos or other floating material shall be divided into two classes as below:—

Class I.—To include all vessels of the usual native types of build.

Class II.—To include all steamers, flats and barges, and such other square-built boats as should, in the opinion of the Collector of Tolls, be included.

3. The net tonnage of every vessel of class I, whether laden or empty shall, for the purposes of these rules, be determined by the following measurements:—

(A) The product of one-quarter the length of the vessel from stem to stern, measured along the water-line, multiplied by the interior greatest breadth of the vessel, multiplied by the interior greatest depth from the water-line to the bottom of the vessel, is to be taken as equal to the number of maunds upon which toll shall be levied.

(B) The measurement of the length is to be made in feet, rejecting inches; the measurement of the breadth and depth is to be made in feet and quarters of a foot, rejecting portions of less than a quarter of a foot.

(C) The maundage on which tollage shall be charged shall be a simple multiple of $12\frac{1}{2}$ maunds, rejecting any remainder by which the maundage, calculated as above, may exceed such simple multiple.

4. For vessels in class II the tonnage shall be determined as follows:—

The tonnage of steamers shall be the registered tonnage as given in the certificate of survey of the steamer.

Toll shall be levied on the actual weight of cargo carried on steamers, flats, barges and other vessels included in this class, as declared in the manifests.

When the registered tonnage of a steamer, or the manifest for cargo of a flat is not available, the tonnage will be taken as arrived at under rule 3.

For square-built boats the total maundage, as determined under rules for class I, shall be increased by half, and for steamers one-third of the total maundage shall be deducted for engine space.

5. Every vessel except as exempted under rule 10 shall be furnished at the toll-station of entry with a ticket on which the name of the serang

manjhi or other person in charge of the vessel, the date of entry, the maundage of the vessel, the nature and weight of the cargo it contains, the amount of toll charged and the number of days for which the ticket will remain current shall be entered.

6. This ticket may be demanded and checked by any navigation officer while the vessel is within the toll-limits of the Bhil channel and must be kept on board and at hand for that purpose. The ticket must be given up at the exit toll-station. If the ticket is not produced on demand by a canal officer, such officer shall assess the amount of toll payable and the vessel will be liable to seizure and detention under the provisions of section 9 of the Act until such sum is realized.

7. Vessels leaving the channel between two toll-stations shall obtain a permit for so doing in Form No. 1 from the Toll Collector of the toll-station of entry. In such cases the Toll Collector will issue a ticket in the usual form and also collect the same before the vessel is permitted to proceed.

8. A vessel, which has been detained under these rules or under section 9 of the Act, may not be removed from the channel without the order of the Collector of tolls until the toll due has been paid. During such detention the manjhi, owner or agent must make arrangements for the safety of the vessel and cargo.

9. All tolls are payable on demand and shall be paid at the toll-station before a vessel is permitted to proceed. Provided that the Collector of tolls appointed under section 8 of the Act may, at his discretion, permit vessels belonging to individuals or firms of recognised standing to proceed without prepayment, on an undertaking that the bills for tollage due shall be liquidated monthly on presentation.

10. (I) In the case of steamers and flats falling under the latter portion of rule 9 a copy of the traffic manifest must be handed in at the exit toll-station, a receipt for which in Form No. 2 will be issued by the Toll Collector to the person in charge of the vessel, in such cases no ticket in the usual form will be issued. If the traffic manifest is not produced at the exit toll-station the procedure as laid down in rules 6 and 8 will be adopted.

(II) The traffic manifest or the receipt for the same may be demanded by any navigation officer while the vessel is within the limits of the Bhil channels between the Manickdah entrance and Chur Maguria.

11. The term "Navigation officer" as used in rule 6 shall include the Collector of tolls appointed under section 8 of the Act, and the officer, or the subordinate duly authorised by such officer of the Public Works Department in charge of the subdivision or section within which the channel is situated.

12. Duplicates of lost tickets will be granted by the Toll Collector who originally issued the ticket on payment of a fee of one-fourth of the amount of toll payable, subject to a maximum of one rupee and a minimum of four annas. The duplicate will be issued only when the Toll Collector is satisfied concerning the identity of the boat.

13. No person shall wilfully or negligently allow a vessel to sink in the channel.

14. (1) In every case of a sunken vessel, whether due to negligence or otherwise, the Supervisor and his subordinates shall offer every assistance in removing the same.

(2) If, three days after the occurrence of a wreck, it is seen that prompt measures are not being taken by the owner to remove the sunken vessel from the line of navigation, the Supervisor and his subordinates shall make their own arrangements for the removal of the same at the expense of the owner, provided that when the wreck obstructs the fairway they shall take action at once to remove the same.

15. When a sunken vessel has been recovered, the Supervisor shall cause notices to be posted at the toll offices, or other prominent places, calling on those concerned to pay to the Collector of tolls all toll or demurrage which may be due, as well as the expenses incurred in the recovery of the vessel and cargo. Should the sum due be not paid within fifteen days of the date of notice, the boat and its furniture, or so much of it as may be necessary for the recovery of the dues, will be sold under the procedure directed in section 9 of the Act.

16. The purchaser of a vessel sold under the provisions of section 9 of the Act shall have the right to take it out of the channel on the day of purchase, or within such time as may be allowed by the Collector of tolls, without payment of tolls.

17. When any laden vessel, which has sunk, has been recovered, or when any laden vessel has been seized under the provisions of the Act or of these rules, the Supervisor shall give immediate notice of the recovery or seizure to the owner of the cargo or his agent, requiring the removal of the cargo without delay, and informing him that he will be required to pay all expenses necessary for the proper custody and storage of the cargo until removed.

18. If the Supervisor be unable to ascertain the name and place of business or the abode of the owner of the cargo of such vessel, the notice prescribed in rule 16 shall be effected by a notice exhibited in his office, and by advertisement in at least one English and one vernacular Calcutta and local newspaper.

19. *Lights and Signals.*—All vessels, whether travelling or moored in the channel, must, between sunset and sunrise, carry a white light in a lantern on the fore-part of the vessel where it can be distinctly seen from all sides. All steam-vessels in motion shall carry the lights prescribed by the Board of Trade regulations. Barges or boats attached to a steam-vessel, whether in motion or moored, shall carry the light prescribed in the first paragraph of this rule.

20. Every vessel proceeding in the channel must limit her speed to six miles an hour from the 15th October to the 10th July, and to eight miles an hour from the 11th July to the 14th October.

21. For any infringement of rule 6, 7, 8, 9, 10, 13, 14, 15, 17, 19 or 20 the person in charge of the vessel or other persons in fault shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 50 or Rs. 5 a pay for any continuing infringement.

13. *Demurrage*.—Vessels will be allowed three days for the passage through the route, with an additional day for each 50 maunds of tonnage. Demurrage at the rate of one-fourth of original amount of toll per diem will be levied on vessels remaining in the channel in excess of the above period.
14. *Monthly Tickets*.—Monthly tickets at eight times the ordinary toll will be issued to boats of 100 maunds and under. Such boats should be branded with a number at the toll offices at a charge of eight annas each before a monthly ticket is issued to it.

II. Tolls are to be levied at Tentulia in the third mile from the Madhumati river and at Jolirpar in the 18th mile from the Madhumati river.

Note.—In the case of items 2, 4 and 6 of the above schedule the maundage to be charged will be that shown by the manifests of cargo. In the absence of any such manifest and in the case of item 7, the maundage will be twice that determined by measurements in accordance with the rules in force for this line of navigation.

All vessels are liable for toll except those exempted by the provisions of the Bengal Government Circular Order No. 1 J., dated the 11th July 1906.
